OUR INDIAN POLICY.

Conferences with Gen Crook at Washing

Secretary Lincoln had a long conference with General Crook yesterday morning, in relation to the disposition to be made of the captured Apaches. In the afternion, the secretary and general had a confer ence with Secretary Teller. The latter sub sequently informed an Associated press rep resentative that "he had declined to receive the captives on the Sin Carlos reserva tion and be responsible for their good behavior, but that a proposition was made to turn over to the war department the police control of the reservation, and hold that department responsible for the good behavior of the Indians, leaving the agent responsible only for financial matters pertaining to the agency. After discussing this proposition to some extent, it was decided to leave the matter in obsyance for the present." There will be another conference to decide the question.

After a conference with Secretary Teller and Commissioner Price Chief Moses "virtually" agreed to surrender his en tire reservation in Washington territory and settle with his people on the Colville reservation adjoining. Chief "Tomas-kat," who represents the Indians on the Colville reservation, was present and agreed to receive Moses and his people. Tomaskat" requested Secretary Teller to erect upon the Colville reservation a saw mill, a grist mill and a school house, and to furnish a physician for the Indians. Chief Moses also gave notice that he would expect compensation for the relinquishment of his reservation. The contemplated agreement will throw open to sattlement about 2,000,000 acres of land.

Pertis of the Season. Some days ago a young woman in Prov idence, a suburb of Scranton, I'a., while feeling slightly unwell visited several families. SEVEN MILLIONS

Of Pores Open, and You Live and Breathe in Atmospheres Which Poison Your Blood and Then Follow skin Diseases

NOTHING IS MORE DREADED than salt rheup or eczema, which has fully a dozen species going under various names, nearly all o which defy the ordinary remedies, destroy the hair, the skin and the flesh, and in many cases death comes as a blessing. Scalp and skin alike are subject to this, as well as to dandruff, tetter and other scaly diseases producing baldness, eruptions, ulcers and other roubles.

Intelligent people should beware of taking poisons as remedies for this class of diseases of the skin and scalp, and the various reme ties which are sent out by unskilled men should be avoided as one would a plague. There is but one "Skin Cure" which can be relied on, and that is Dr. Benson's, and its

name is an earnest of its worth. It is not a patent medicine, but the result of his own experience and practice, and is a sure cure for the special diseases for which it is offered. It makes the skin soft and white and smooth, removing tan and freckles, and is the best toiler preparation in the world. It is elegantly put up, two bottles in one package, consisting o both internal and external treatment. Simple n its combination, pure and free from all poi sons, it may be relied upon by all those who wish to have perfect health and freedom from all skin diseases of whatever nature, whether they are Eczema, Tetters, Humors, Inflamma tion, Milk Crust, Rough Scaly Eruptions, Diseases of the Hair and Scalp, Scrotula Ulcers. Pimples or Tender Itchings on any part of the body. Price, One Dollar per pack age. All druggists have it for sale.

A Kevolution in the treatment of nervous diseases is now taking place. Dr. C. W. Benson, of Baltimore many years ago discovered a sure remedy in his Celery and Chamomile Pills-they have had a wonderful sale and success. They can be relied on to permanently cure sick and nerv ous headache, neuralgia, dyspepsia, sleepless ness and all nervous diseases. All druggists keep them. Price, 50 cents per box.
