Mysterious Death of a Nun.

At San Antonio, fifteen days ago Sister Clemens, of the Catholic Order ot Divine Providence, mysteriously disappeared from New Braunfels, where the society has its educative practice for my present protession, 40 years ago. I was for many years a sufferer from quinsy; "Thomas' Eclectric Oil cured me." I was also troubled with hoarseness, and Thomas' Eclectric Oil always relieved me. My wife and child had diphtheria, and "Thomas' Eclectric Oil cured them," and it taken in time it will cure seven out of ten. I am confident it is a cure for the most obstinate cold or cough, and if any one will take a small teaspoon and half fill it with the Oil, and then piace the end of the spoon in one nostril and draw the Oil out of the spoon into the head by sniffing as hard as they can, until the Oil falls over into the throat, and practice that twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarrh. For deafness and earache it has done wonders to my certain ont and cure their catarrh. For deafness and earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suffering with a pain like rheumatism in my right limb, and nothing relieves me like Thomas' Eclectric Oll."
