TO PROPERTY OWNERS AND PAINTERS.

As a business transaction would you be willing to pay one dollar for an article you could purchase for ninety cents? We are the agents for Lancaster and vicinity for

Wadsworth, Martinez & Longman's Pure Prepared Paints.

And we claim that they are the best and cheapert paints in America. And we don't make this assertion and leave it unsupported. Paint one-half of any surface or one-half of any building with this point and the other half with sorictly pure White Lead and Linseed Oil, or any o her mixed paints in this country, and if the part painted with this paint does not cost ten per cent. less than for paint used, we will make no charge for our paint. And further, any building that has been painted with this paint that is not satisfactory to the owner, and not remaining so for a proper term of years, we will repaint at our own expense with White Lead and Linseed Oil or any other paint he may select. As many of the prepared paints are adulterated with benzine and water we make this liberal offer. We will pay one thousand dollars for any benzine or water found in any original package of WADSWORTH, MARTI-NEZ & LONGMAN'S PURE PREPARED PAINTS.

I have tried everything I had heard of in the East and West for Sait Rheum. My case was considered a very bad one. My face, head, and some parts of my body were almost raw. I think not, for I have not a particle of Sait Rheum about me, and my case is considered wonderful. Thanks to Cuticura Remedies.

He' endeavored to have considered the appropriation bill providing for the payment of the expenses of the extra session, but his only supporters were Republicans, and as vised that yellow fever vessels are quaranthey are in a minority his proposition was defeated. After a recess of twenty minutes two conference committee reports on legislative apportionment were presented, and were followed by a discussion which was not only unparliamentary, but in tensely personal. McNanama charged, with his usual earnestness, that the Republicans did not desire this repert to become public, because of the unpleasant facts t contained, and were squirming over it. It set forth, he said, the proceedings of the committee of conference, which were distasteful to the other side. The people who had given the Democrats twenty five majority in the House, would again put their seal of condemnation on the Republicans for their action on apportionment. Niles predicted that the people would reverse their decision of last year. He claimed that a Democratic stump speech had been incorporated in the Democratic report. Sponsler, Republican, moved to strike out of the report all except that relating to the proceedings of the committee, but the speaker ruled that the report could not be amended Sponsler then moved to refer the report back to the committee. Glenn, of Armstrong, offered a resolution setting forth that the report had been prepared for campaign purposes and asking that the sergeant at arms col-lect all the copies of the report and present them to its author, McNamara, to be used by him for campaign purposes. Faunce declared the motion out of order,

after which the House, by a party vote, refused to commit the bill. Thompson Never Surrenders The venerable Thompson, of Beaver, entertained the House with a speech which had a good deal of the "unconditional surrender" in it. Hospoke of Gov. A Brave Girl's Terrible Death. Miss Mary Trainer was a domestic en ployed by Mr. Peter Bell, corner of Thir tieth street and the Allegheny Valley railroad, Pittsburgh. A little child of the family had wandered out on the railroad track. Miss Trainer heard the express coming and rushed out to save the child. She reached the little one and turned to retrace her steps, but it was too late. She flung the baby from her as the engine struck her, grinding her be-neath the wheels. Her feet were crushed and her body terribly bruised. She lived two hours. The child was picked up un-injured. Miss Trainer was only 19 years

During a heavy thunder storm at Underhill, Vt., the school house was struck by lightning and badly shattered. Several children were hurt by splinters and debris, The lightning ren-dered one girl deaf. A boy had the sole torn from one shoe and the upper from the other.
