Wadsworth, Martinez & Longman's Pure Prepared Paints.

Slight impurities in the air to be absorbed and affect the health of persons delicately constituted I can recollect where a del-icate child, some three years ago, wis taken from a boat landing, on a pier not over one hundred tect long, across a marsh caused by the ebb and flow of the tides, overgrown by dock weeds. The next day the child had chills and fever, although it was never before so affected. After taking the proper remedy, And we claim that they are the best and cheapest paints in America. And we don't make this assertion and leave it unsupported. Paint one-half of any surface or one-half of any building with this paint and the other half with strictly pure White Lead and Linseed Oil, or any other mixed paints in this country, and if the part painted with this paint does not cost ten per cent. less than for paint used, we will make no charge for our paint. And further, any building that has been painted with this paint that is not satisfactory to the owner, and not remaining so for a proper term of years, we will repaint at our own expense with White Lead and Linseed Oil or any other paint he may select. As many of the prepared paints are adulterated with benzine and water we make this liberal offer. We will pay one thousand dollars for any benzine or water found in any original package of WADSWORTH, MARTI-It was entirely restored to health and con-tinued so for over twelve months, when the same trip was again taken, the same marsh NEZ & LONGMAN'S PUBE PREPARED PAINTS.

GEN. CROOK'S CAMPAIGN.

What State Senator Gibbs of Texas Saw and Heard Concerning It.

State Senator Barnett Gibbs, of Dallas, Fex., has returned from an extended trip to Mexico. In an interview in the Daily Times he says that he was surprised at what he saw and heard concerning the late

Indian campaign in the Southwest. He went into the valleys and country which were lately overrun by the Apaches, and visited the scenes of Gan. Crook's late exploits. He says that the residents of those valleys laugh at the newspaper accounts of the captures made by General Crook. They say that instead of Crook capturing the fighting Indians they cap-

tured him. He did take in a few old In dians and squaws, and started out of the mountains. The bucks, about eighty in number, followed and overtook him, and sent in a messeuger who asked for a powwow. This was granted, and the warriors came in, and in the boldest man ner told Gen. Crook that he would be allowed to leave on condition that he would promise to get the government to permit them to return to the reservation without punishment. This he promised because he could not help himself. The residents of the valleys say that the White mountain Apaches, who were guides with Gen. Crook, during the powwow divided ammunition with the hostiles The latter told Gen. Crook that some of their men were without horses and that as soon as they could go down into the Mexican settlements and get their horses, they would follow him into the re-servation. They did this, killing several Тне Mexicans on their way. The valley folks say that the White Mountain Apaches were openly in communication with the hostiles and would never fight them. As

describable pains in the regions about the kidnays, the paroxysms of which were so severe is to render it impossible for me to sleep. While in this deplorable and discouraged condition I was persuaded to try Hunt's Remedy, entirely relieved, and I could sleep better and longer than I had in two years before, and although I am now on my third bottle only my H. GERHART'S improvement is very remarkable, and I regret that I did not know of the wonderful curative nowers of Hunt's Re nedy before, as it would have saved me years of suffering. I heartily recommend it to all afflicted with any kidney lisease or disease of the urinary organs." "HIT MY CASE EXACTLY." Please allow me to speak in the highest terms of "Hunt's Remedy," for it hit my case

I took two bottles, and have felt like a new man ever since. Please receive the sincere thanks of myself for the benefits which I sought vainly for and found only in Hunt's Remedy.
