

FLINN & BRENNEMAN.

TO PROPERTY OWNERS AND PAINTERS.

As a business transaction would you be willing to pay one dollar for an article you could purchase for ninety cents? We are the agents for Lancaster and vicinity for **Wadsworth, Martinez & Longman's Pure Prepared Paints.**

And we claim that they are the best and cheapest paints in America. And we don't make this assertion and leave it unsupported. Paint, one-half of any surface or one-half of any building with this paint and the other half with sticky pure White Lead and Linseed Oil, or any other inferior paint in this country, and the part painted with this paint does not cost ten per cent. less than for paint used, but it will not charge for our paint. And further, any building that has been painted with this paint that is not satisfactory to the owner, and not remaining so for a proper term of years, we will repaint at our own expense with White Lead and Linseed Oil or any other paint he may select. As many of the prepared paints are adulterated with benzine and water we make this liberal offer. We will pay one thousand dollars for any benzine or water found in any original package of WADSWORTH, MARTINEZ & LONGMAN'S PURE PREPARED PAINTS.

FACTS CONCERNING MALARIA.

Slight malarial in the air appear to be abating, but the season is not yet so safely constituted. I can recollect where a delicate child, some three years ago, was taken from a fever, with chills and fever, though not having had any for a year, and has never had one since, fully demonstrating how trifling the cause, and how insidious the air is to penetrate the system.

Simmons Liver Regulator,

It was entirely restored to health and continued so for over seven months. When the same trip was taken the same march crossed over, and the same way as before the child was taken with chills and fever, though not having had any for a year, and has never had one since, fully demonstrating how trifling the cause, and how insidious the air is to penetrate the system.

A DEMENTED CELLAR.

THEY CLOSET, A BADLY VENTILATED ROOM, A LITTLE DECAYED MATTER OR BAD WATER WILL PRODUCE MALARIA.

This Poisonous Germ can be DESTROYED (as we know) with intervals exposing to SUSPECTED PLACES.

Darby's Prophylactic Fluid.

Scientific men have in vain looked for a more effective Destroyer of Contagion or Infection than the Prophylactic Fluid of Prof. Darby, professor of chemistry in Williams College, discovered the combination and called it a cure of chills and fever, the most effective, searching and penetrating malarial antidote was secured for CHOLERA, SMALL POX, YELLOW FEVER.

This very beautiful yellow purple colored fluid has not only been used by thousands of bottles of it are sold, for it is a household remedy that does not confine itself to being merely a preventive, but the bath is delightful, for burns unequalled.

IN DIPHTHERIA, a blessing without price TO PREVENT THE DANGERS OF THE DISEASE TO ERADICATE MALARIA, TO CURE SICKNESS, TO PURIFY THE AIR.

Darby's Prophylactic Fluid

is more thorough and effective than any other remedy.

"The undersigned has no hesitation in asserting that the judicious use of Simmons Liver Regulator as a preventive and tonic to the system, will secure immunity from the weakening and dangerous effects of malarial and will effect a cure of chills and fever, all malarial disorders.

THE GREAT SPECIFIC FOR KIDNEY DISEASE, LIVER TROUBLES, MALARIA, CONSTIPATION, PILES, LADIES' KIDNEY TROUBLES, AND RHEUMATISM.

TERRIBLE KIDNEY DISEASE.

"Mrs. Hodges says I cannot too highly praise Kidney-Wort. My husband, Mr. Hodges, was afflicted with this terrible kidney disease. My wife had to turn me over in the bed, before she could get me any relief."

SEVERE KIDNEY DISEASE.

"I was entirely cured," recently said Mr. K. of the City of New York, who had been afflicted with severe kidney disease, after using Kidney-Wort.

CHILD NOT WORK BEFORE.

"I've had no pains since I was cured by Kidney-Wort," said Mr. J. C. Hurl, of the City of New York, who had been afflicted with severe kidney disease, after using Kidney-Wort.

KIDNEY AND LIVER TROUBLES.

"Several doctors," writes Mr. Steep, Allegheny City, Pa., "but Kidney-Wort cured my kidney and liver troubles of two years standing."

KIDNEY COMPLAINT AND DIABETES.

"For six years," says Engineer W. H. Thompson, of C. M. & S. Co., "I had kidney disease, and I was cured by Kidney-Wort."

HELD NOT WORK BEFORE.

"I've had no pains since I was cured by Kidney-Wort," said Mr. J. C. Hurl, of the City of New York, who had been afflicted with severe kidney disease, after using Kidney-Wort.

FACTS CONCERNING MALARIA.

Slight malarial in the air appear to be abating, but the season is not yet so safely constituted. I can recollect where a delicate child, some three years ago, was taken from a fever, with chills and fever, though not having had any for a year, and has never had one since, fully demonstrating how trifling the cause, and how insidious the air is to penetrate the system.

Simmons Liver Regulator,

It was entirely restored to health and continued so for over seven months. When the same trip was taken the same march crossed over, and the same way as before the child was taken with chills and fever, though not having had any for a year, and has never had one since, fully demonstrating how trifling the cause, and how insidious the air is to penetrate the system.

A DEMENTED CELLAR.

THEY CLOSET, A BADLY VENTILATED ROOM, A LITTLE DECAYED MATTER OR BAD WATER WILL PRODUCE MALARIA.

This Poisonous Germ can be DESTROYED (as we know) with intervals exposing to SUSPECTED PLACES.

Darby's Prophylactic Fluid.

Scientific men have in vain looked for a more effective Destroyer of Contagion or Infection than the Prophylactic Fluid of Prof. Darby, professor of chemistry in Williams College, discovered the combination and called it a cure of chills and fever, the most effective, searching and penetrating malarial antidote was secured for CHOLERA, SMALL POX, YELLOW FEVER.

This very beautiful yellow purple colored fluid has not only been used by thousands of bottles of it are sold, for it is a household remedy that does not confine itself to being merely a preventive, but the bath is delightful, for burns unequalled.

IN DIPHTHERIA, a blessing without price TO PREVENT THE DANGERS OF THE DISEASE TO ERADICATE MALARIA, TO CURE SICKNESS, TO PURIFY THE AIR.

Darby's Prophylactic Fluid

is more thorough and effective than any other remedy.

"The undersigned has no hesitation in asserting that the judicious use of Simmons Liver Regulator as a preventive and tonic to the system, will secure immunity from the weakening and dangerous effects of malarial and will effect a cure of chills and fever, all malarial disorders.
