## COLUMBIA NEWS.

From Our Kegular Correspondent. The Columbia wreckers attended the wreck on the P. R. R. nea: Leaman Place yesterday afternoon. On the return trip a number of extra car trucks which had car broke loose. The mishap was discovered by a track walker of the company, who was nearly killed by them as he stepped upon the track after the wrecker had passed, not noticing the trucks at first. The train was stopped and was then dashed into by them, piling the trucks one upon another. After this wreck had been cleared away the train proceeded to its destination.

Religious Items. No services will be held at the Methodist church to morrow. Communion services will be celebrated at St. Paul's P. E. church in the morning. The pastor of the latter church, Rev. R. C. Searing, will leave on Monday with his family for a month's vacation at Saratoga Springs, N.

A rarewell Supper. The complimentary supper which was given the professional brethren of Dr. T. W. Kay to him last evening, at Dr. J. K. Lineaweaver's residence, was a grand suc cess. The doctor was presented by his entertainers with a handsome gold ring and gold penholder, as testimonials of their regard for their departing friend. Toasts and speeches followed the banquet, and the merry making was continued until after midnight. Not a Ghost.

The suspicious noises heard in Mr. Frederick Bucher's new Walnut street houses last night proved, on investigation to proceed from a tramp who was endeav oring to find a good iodging place for the night. The superstitious thought of ghosts when they heard the unusual sounds in the house.

The Movement for a New Line. Mr. Steltz has received from New York the circular of the " merchants and telegraphists association," which is an out-growth of the strike—a new company to be gotten up by business men and telegraphers, and to have offices in every important town in the United States. An organization is to be effected as soon as 10,000 members are secured, and subsequent applications for membership must be approved by the board of directors, who are to be elected by the stock-holders. Mr. Steltz says he will lay the matter before the Baltimore strikers to-day. He thinks well of the project, and will go into it himself and advise others to do likewise. The Virginia Campaign.

At Richmond, Va., some interest is felt to know whether the headquarters of the new Democratic state committee will be located there during the present campaign. The selection of Mr. Barbour as chairman of the state committee will encourage the Democrats her more than anything that has been done. The work of the convention meets with the hearty appeal of the members of the party all over the State. If the Democrats are successful in securing control of the Ligis-lature, it is their purpose to give the teachers as pledged in the platform adopted by the Lynchburg convention. The school fund will be distributed pro rata among the schools of the two races-that is, the colored schools will receive the amount of school money in proportion to the number of pupils of that race in the state. Of course the amount of taxes paid by them will not and cannot enter into the question of this scheme of distribution. This proposition meets with the heartiest approval of many of the most intelligent
