## SECOND EDITION. THE STATE CONVENTION.

SIGNS OF A LARGE ATTENDANCE TUESDAY EVENING, JULY 31. 1893. FUREIGN MATTERS.

The London " Jintes" on the Killing of Uarey.

LONDON, July 31 .- O'Donnell, who shot James Carey, the informer, was accompanied from England by his wife, who ap peared to be on intimate terms with the

Carey family during the voyage. The *Times* pronounces the death of Carey a public misfortune. It says "he had been an instrument of justice. The murder is calculated to encourage deaters and lawless spirits to commit acts of violence. The joy caused in Ireland by the informer's death is proof that many elements of danger still exist there." The Berths Carey Secured.

Third class berths on the steamer Kin-

fauris Castle were secured on June 30th at Dublin for Port Elizabeth for a Mr. Powers, and his wife and seven children, which is the exact number of Carey's family. On July 2 O'Donnell secured passages for himself and wife on the same steamer. It was not known until yesterday by the steamer agents that Powers

was James Carey. Carey died without speaking after he was shot. O'Donnell is an Irish American. He denies that he knew who Carey was previous to his arrival at Cape Town. It is reported that an infernal machine was found in O'Donnell's possession. The Cholers Among the Troops. Special dispatches state that there were eight deaths from cholera at Alexandria yesterday. A surgeon has died in the British camp at El-Werdan. The com mander of the British force at Cairo telegraphs to the war offices that the general health of the troops is good. Rev. William L. Ledwith, who has officiated as pastor of the Bellevue Presbyterian church for the past six years, presented his resignation of the pastorage of that church to the congregation last week to take effect on Sunday last. He has accepted a call to the pastorage of the South Presbyterian church, in Philadelphia. In auticipation of the farewell sermon, on Sunday morning the church was comfort. ably filled. The text of his sermon was taken from 1st Thessalonians, vi., 23: "And the very God of peace sanctify you wholly ; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ." The sermon was an interesting one, being discoursed with eloquence and ability, and was highly appreciated by the audience. Rev. Ledwith leaves this church accompanied with the best wishes of his con gregation, for which he served faithfully. He will start on a trip to Europe on Sat urday, where he contemplates spending some time for the benefit of his health. An Elequent Young Preacher.

Rev. Charles Johnston, formerly of this place, delivered a sermon to the largest and most appreciative assemblage that has congregated at the M. E. church for some time on Sunday evening. He delivered his sermon in his usually eloquent and interesting manner. Although only a young minister, Mr. Johnston has been drawing the largest crowds that ever gathered at this church to hear his ser mons. A handsome new organ has been placed in the church.

#### The Company's Parade.

Last evening the unassigned infantry company of this city, lately organized, paraded for the first time with their new uniforms and equipments. They marched to the strains of the City band, and evinced no little proficiency both in marching and drill. The streets along the route on which they marched were lined with hundreds of people attracted by the novelty of the affair, and it was noticeable that the criticisms of the spectators were generally quite favorable.

Beecher's Bad Head.

For two months in the year Henry Ward Beecher can't preach. In August and September he takes his vacition and endures the onset of the hay fever. And it is so he says, something terrible and tremendous. A man with hay fever isn't accountable for his actions. He is merely a wild beast-trantic with snuffing, sneezing and headache. His eyes are red and so is his nose. Every nerve in his skull thrills with distress and his head is a tountain of tears. He lives only to fly from easide to mountain-top in search of relief. And yet, whether we call this form of Ca-tarrh hay fever, rose-fever, hay cold or rosecold, Ely's Cream Balm will cure it. This remedy is simple, pleasant and easy of application. Placed in the nostrils it penetrates and soothes the affected parts at once, restores the impaired senses and creates healthy secretions in cases of the longest standing. You

cannot run away hay fever, but you can drive t from you by using Ely's Cream Balm.

He says : "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 1 was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expend-ed over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BAISAM FOR THE LUNGS. I laughe at my friends, thinking my case incurable, but I

got a br ttle to satisfy them, when to my surprise a d gratification, I commenced to feel better My hope, once dead, began to revive, and to tay I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DB. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the Fine Clothing, other medicines I have taken since my sickness.
