Captain Rhodes at Nisgara and Confident of bwimming the Rapids ites -82),

Captain J. T. Rhodes. of Warren, Pa., returned to Niagara Falls, Wednesday, from Salamanca, where it was rumored that he had given up his idea of swimming the Niagara rapids. He looked over the falls, and said that he was deter-mined to perform the feat in his life saving party of Virginia placed in the state con-stitution clauses that the establishment of armor. His sole protection, if he makes public free schools should be made manthe hazardous experiment, will be several pieces of cork, one and a half inches long equitable division of the school funds and seven-eighths wide. The body part according to population, and concludes by expressing the unalterable opposition to

and seven-eighths wide. The body part reaches from the arm pits down to the knees, and resembles a barrel with both ends knocked out. The armor weighs about thirty pounds, and is very strong, though everyone familiar with the force of the currents in the Niagara river below and

ery nsti the railway bridge, believes that the force of the water will split the rubber straps which hold it together. Rhodes would then sink as Webb did.

> The Canadian authorities unofficially notified Captain Rhodes, through one of the evening papers, that if he attempted to enter the river from the Canadian shore he would be arrested. The patrolmen along the bank of the river and near the four steamboat landings have been doubled for that purpose. The famous swimmer, anticipating interference, says that he can not fix upon an hour or day for making the attempt. He brought swimming apparatus with him, but left his wife, to whom he is said to be tenderly attached, The Canadian innings closed for the at Salamanca. She believes that if her small score of 43 runs. The bowling of

husband makes the attempt he will succeed. Captain Rhodes says : "I " I shall swim the rapids within two weeks, and successfully. My idea is to stretch a cricket grounds there. The smallness of strong rope from shore to shore, just above the whirlpool, in such a manner that it will swing about a foot from the water. Anchored to this rope will be my lifeboat containing two men provided with long poles, to the end of which will be fastened strong iron hooks, which they can strike rey, went in their score was 98, but into my armor should I not catch the Lowrey and Wester ran out quickly, boat. The boat will be fastened with notwithstanding that the Canadian bowlers
