MEDICAL.

TAKE

Simmons Liver Regulator

For Dyspepsia, Costiveness, Sick Headache, Chronic Diarrhœa, Jaundice, Impurity of the Blood, Fever and Ague, Malaria and all Diseases caused by Derangement of the Liver, Bowels and Kidneys.

SYMPTOMS OF A DISEASED LIVER

Bad breath; Pain in the Side sometimes the pain is felt under the Shoulder-blade, mistaken for Rheumatism; general loss of appetite; Bowels generally costive, sometimes alternating with lax; the head is troubled with pain, is dull and heavy, with considerable loss of memory, accompanied with a painful sensation of leaving undone something which ought to have been done; a slight dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weariness and debility; nervous, easily startled; cold feet or burning, sometimes a prickly sensation of the skin exists; spirits are low and despondent, and although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it—in fact, distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above symptoms appear.

Persons traveling, or living in unhealthy localities, by taking a dose occasionally to keep the Liver in healthy action, will avoid all Malaria, Bilious attacks, Dizziness, Nausea, Drowsiness, Depression of Spirits, etc. It will invigorate like a glass of wine, but is no intoxicating beverage.

If you have eaten anything hard of digestion, or feel heavy after meals, or sleepless at night, take a dose and you will be relieved.

Time and Doctors' Bills will be saved by always keeping the Regulator in the House!

For, whatever the ailment may be a thoroughly safe purgative, alterative and tonic can never be out of place. The remedy is harmless and does not interfere with business or pleasure.

IT IS PURELY VEGETABLE,

And has all the power and efficacy of Calomel or Quinine, without any of the injurious after effects.

A GOVERNOR'S TESTIMONY.

Simmons Liver Regulator has been in use in my family for some time and I am satisfied it is a valuable addition to the medical science.

J. GILL SHORTER.
Governor of Alabama.

Hon. Alexander H. Stephens, of Ga., says: Have derived some benefit from the use of Simmons Liver Regulator, and wish to give it a further trial.

"The only Thing that never fails to Relieve."—I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent Simmons Liver Regulator has. I sent from Minnesota to Georgia for it, and would send if that for such a medicine, and would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve.

P. M. JANNEY,
Minneapolis, Minn.

Dr. T. W. Mason says: From actual experience in the use of Simmons Liver Regulator in my practice I have been and am satisfied to use and prescribe it as a purgative medicine.

RHEUMATIC SYRUP

A Limb Saved

And a Family Made Happy.

Mr. Philip Moore, of West Webster, Monroe County, N. Y., says: "My daughter, now eighteen years old, has, for the past eighteen months, been afflicted with rheumatism in a very severe form. One year ago it settled in the knee, since which time she has been unable to touch her foot to the floor or move her limb without suffering the most excruciating pain. Her limb was fast growing out of shape, although we were doing for her all we could, having used all the remedies we could hear of and that were recommended for rheumatism, none of which benefited her in the least. Her case was pronounced incurable by the physician and by our neighbors, and all believed that she would be a cripple all her days, and that her limb would never be restored to its original shape. But I am happy to say that to-day my daughter is entirely free from all the unsafe paths, and that she can walk with perfect ease, having thrown aside her crutches, and her limb seems as strong and perfect as ever; all from the use of your wonderful medicine "Rheumatic Syrup," which we consider one of the best medicines ever introduced for purifying the blood, and I only regret that all others who are afflicted with rheumatism can not know of its superior merits. You are at liberty to use my name if it will do you any good, and I shall be only too glad to tell any and everyone what it has done for my daughter."

MEETING OF THE SCHOOL BOARD.

Reports of Committees—Superintendents' Reports—Crowded Sight Schools—Belligerent Teachers—Popular Lectures

The board of directors of Lancaster school district met in common council chamber last evening.

The following named members were present:

Baker, Breneman, Brosius, Darmstetter, Eberman, Evans, Evans, Gast, Hartman, Herr, Johnston, Marshall, McComsey McConomy, Oblender, Raub, Reimensnyder, Rhoads, Ringwalt, Samson, Schwebel, Slaymaker, Smeych, A. J. Snyder, E. G. Snyder, Spurrier, Warfel, Wilson, Christian Zecher, George W. Zecher, Levergood.

After the minutes had been read Mr. McComsey from the superintending committee presented the following special report from the city superintendent:

A Prop sed Change.

Mr. McComsey, of the superintending committee, presented the following recommendation:

William McComsey, esq., Chairman of Superintending Committee:

DEAR SIR: In view of the generally acknowledged superiority of the single room plan, and the special advantages that would result from the change, I would respectfully request that such changes be made in the middle building of the three on South Mulberry street as to enable us to organize two entirely separate schools in said building, giving each teacher now employed in said building her separate room and school. The expenses that would be incurred in making the change are so trivial as not to deserve mention, in view of the great advantages to be granted.

Yours respectfully,
R. K. BUEHRLE.

Approved and recommended by the superintending committee, October 4, 1883.

WM. MCCOMSEY,
JOHN B. WARFEL,
C. REIMENSNYDER.

Mr. McComsey spoke at some length in advocacy of the adoption of the report. It met the views of all the members of the superintending committee, and its adoption would be in the line of policy lately adopted by the board of remodeling the schools in the "single room" system. It would tend also to the harmony of the school which is now distributed by a misunderstanding between the teachers.

Mr. Slaymaker opposed the adoption of the report. If the teachers cannot harmonize their differences let them resign, or be dismissed.

Mr. Hartman was opposed to altering the old school houses; it would be a mere waste of money, as they will in a short time have to be torn down and replaced by new buildings. He was in favor of the single room system, but there was no good reason why it should be applied to this particular school more than to the other combined primaries. The reason advanced by Mr. McComsey that the change would put an end to the buildings of the teachers in charge was the worst that would have been advanced.

Mr. Baker took the same view. What he had heard to-night was the first intimation he had of a want of harmony among the teachers. If the visiting committees restore the necessary harmony the teachers should be dismissed. He moved that the report be laid upon the table. The motion was agreed to—yeas 19, nays 10.

Mr. Evans from the finance committee, presented the following bills, which were ordered to be paid: Chas. H. Barr, books and stationary from June 11 to Sept. 26, $203 83; Henry Young & Son, keys, $4.50; Pontz & Bro., for brick, $54 63; Inquirer printing company, for school blanks, $4 50; Henry Wolf, 2 dozen chairs for schools, $30; Emanuel Stone, labor, $16 50; Kauffman, Kellar & Co., coal, $1,511 60; Fred. Brimmer, horse and phaeton hire, $8; C. Gitlich, brick, $44 56; John P. Schaum, portable heaters, $270; J. S. Givler, mdze, $206.95; Jacob Morningatar, whitewashing, $10; *New Era*, to advertising and printing, $25.25; Myers & McClain, paving, $38.70; Emil. Stone, labor and horse hire, $11.63; H. R Breneman, insurance, $120; Emil. Stone, labor, etc., $18 37; Lewis Noll, brooms, $3.50; Phares W. Fry, shades, blinds, repairing maps, &c., $87.10.

Tax Collector's Bond.

Mr. Evans presented the bond of Tax Collector Daniel Smeych in the sum of $9,000, with John Lorenz and Henry Smeych as sureties, for his faithful collection of the delinquent school taxes. The bond was approved.

Mr. Slaymaker, from the property committee, reported verbally that the front of the New street school property had been fenced, and that Mr. Reiner, who claimed a part of the ground purchased by the board from another party, had set the fence on the northwest side of the building back to the line claimed by him. As the matter would be settled in court no harm could result from Mr. Reiner's action.

Mr. Slaymaker also reported that the committee had dismissed Wm. White and John King, janitors, and had appointed in their places, respectively, Vincent Cooper and Casper Weitzel. Frank Hegener had been appointed janitor of the South Duke street schools in place of Charles Constein resigned. The action of the committee was approved.

The Night Schools.

Mr. Wilson, from the night school committee reported that there had been a perfect "avalanche" of pupils at the boys' night school. On Monday night there were 123 pupils; on Tuesday night 158; on Wednesday about 170, and a great number of boys on the outside who were unable to gain admittance, as there are only 132 seats in the school room. Additional teachers had been elected, but more were needed. In the girls' night school there were 65 pupils the first night, 70 the second and 80 the third. In the colored night school there were 15 pupils the first night and 18 the second, and he understood there were over 20 enrolled. He suggested that another school room for boys be opened.

On motion of Mr. Hartman the night school committee was authorized to open an additional night school and employ additional teachers so long as they may deem it necessary.

The City Superintendent's Report.

The monthly report of the city superintendent was presented and read as follows:

LANCASTER, Pa., Oct. 4, 1883.

McConomy 1, Wm. McComsey 1, A. J Snyder 1, W. A. Morton 3, C. F. Eberman 1.

Your city superintendent has for the past two years given special instructions to teachers and pupils in anatomy and physiology using an articulated skeleton and models kindly loaned him for the purpose. Believing that the value of such instruction has been amply demonstrated, he feels justified in suggesting to your honorable body the propriety of purchasing the necessary apparatus to enable him to continue such instruction.

Respectfully,
Your obedient servant,
R. K. BUEHRLE.

Mr. Slaymaker reported that certain changes had been made in the girls' high school building, as ordered by the board at a previous meeting.

The Belligerent Teachers.

Mr. Warfel offered a resolution instructing the visiting committee of the southwest division to investigate the differences between the teaches of the middle school on South Mulberry street and report the result to the board.

Mr. Hartman moved to amend by referring the matter to the superintending committee with power to act.

The amendment was opposed by Messrs. McComsey, Warfel and Reimensnyder, of the superintending committee, on the ground that the board didn't seem to have "confidence" in them, but this was denied by members in all parts of the room, and Mr. Hartman's amendment was adopted almost unanimously.

Lectures for the High School.

Mr. Wilson called attention to the fact that the curriculum contains provisions for lectures before the high schools, but that none had been delivered. The city superintendent had informed him that the faculty of Franklin and Marshall college had consented to deliver lectures before the schools on educational subjects. He moved that they be invited to do so. The motion was carried unanimously. Adjourned.

A SAILOR THIRTY YEARS.

About three months ago I was taken with severe pains in the small of my back, in the region of the kidneys, from which I became a terrible sufferer. I consulted with a number of physicians, and finally placed myself under their treatment, they telling me I had the sciatic rheumatism and kidney complaint.

On examination, my urine was found to be in a very bad condition, of a very dark color, and impregnated with a heavy red brick dust deposit, and very offensive. I had the most careful and best medical attendance, and tried all the popular remedies without experiencing any relief. Fortunately about this time the virtue of Hunt's Remedy being called to my attention, I bought and used a bottle, with such satisfactory results that I continued on for six weeks, when, having used four bottles, I found I was as well as ever and entirely cured. All pains left me, my water returned to its natural color. I am now in excellent health, and able to attend to my business (grocery).

Whenever an opportunity occurs to recommend your valuable medicine I always do so, as I am confident it will do all you claim for it, and that every time. Yours, with gratitude,

CAPT. JOHN KIMBALL.

NEW LONDON, Conn., May 9, 1883.

ALEXANDER'S CASE.

About one year ago I was taken with a severe attack of disease of the kidneys, from which I suffered severely. I applied to our local physician, and not receiving any help I called on Mr. John A. Morgan, our druggist, and stated my case. He immediately handed me a bottle of Hunt's Remedy, offering it as the great specific for that complaint. I commenced using it at once, and from the very start I began to improve, and by the time I had used the bottle was entirely well. I would advise any person having difficulty with the kidneys to give Hunt's Remedy a trial, I know of one case beside my own being cured, and would cheerfully recommend it to any one.
