A Full Vote Being Polled-The Proublitton CINCINNATI, Oct. 9 .- In Southern Ohio the weather is mild and pleasant aud favorable to a full turn out of the voters. So far as heard from here the poll is the heaviest in the Republican wards As to how the vote is going no one

can do more than guess, as the ballot is secret and no counting is done

The Democratic tickets were printed with the vote against this amend ment. The Republicans printed their tickets with "Yes or No," so that the person desiring to vote for it must crase the word "Ne." BENSON'S POROUS PLASTERS. LOG ROLLING.

While Wrestling With a Fallen Tree a Lumberman Receives Consequential Damages. While on a hunting excursion in the great coal and wood region near Carbondale, Pa., the writer met William Coll, a lumberman. Accustomed to life and labor in the forest from early manhood he was a true Knight of he Axe. Many a tree had fallen before his ringing strokes and fleets of rafts had borne away to market the sawed products. Coll is a haracter and it Oscar Wilde is right in saying that all movements in unhindered labor are graceful, our friend William, stripped for his work, and attacking a tree as Richard I. as-saulted the heavy doors of Front de Bouf's

Castle, must have presented an admirable picture. One day however-but let Fim tell the story himself, as he told it to me : "I was out in the woods, you know, trying to start a log down a hill. Thinking I could get a better purchase on it from the lower side, I tackled it there with my log-rolling hook and threw my weight on the lever. She started, she did, but as luck would have it, before I could get out of the way, she rolled right over me. If it hadn't been for a lot of small limbs and brush lying in the road, which lifted her up, she'd a crushed me flat. As it was I got up without a broken bone, but with

some mighty bad bruises.
"Then you were all right," said his auditor. "Not by a blamed sight, stranger. I took cold, rheumatism set in and, if I hadn't heard OI BENSON'S CAPCINE POROUS PLAS TERS and used 'em, it's my opinion I should never have made another chip fly. But the capcine took hold quick, and I'm 'bout as good as new. But there's one thing you kin calkilate on :-1 shall never wrastle with another log unless I have the advantage of the ground. Fur, as I told you before, if it hadn't been for them brushes l'd been smashed se, you could 'a sold me for a door mat." The Capcine is the thing for rheumatism. It

doesn't keep you waiting. The word CAP-CINE is cor in the centre of the genuine. Price 25 cents. Scabury & Johnson, Chemists, New York.
