THE CHURCH EPISCOPAL.

The Prayer-Book Discussion to Come Up To-day.

The degree of interest in the Protestant Episcopal convention can usually be gauged by the crowded appearance of the galleries in Holy Trinity church at Philadelphia. This morning the board of missions, which was in session yesterday, adjourned until Friday, after disposing of the question of the proposed changes in the prayer book. The subject of the work among the colored of the South will be received, to allow Bishop Dudley, the assistant bishop of Kentucky, to speak. This morning the house of deputies will meet in the usual way and at noon, if nothing happens to interfere with the regular order, will take up the report of the committee on the enrichment of the prayer book, a subject that is expected to bring forth much discussion.

Between the hours of two and three o'clock to-day a social meeting will be held in the parlors of the Aldine hotel, to admit of the interchange of fraternal greetings between the bishops and of deputies and their friends. To-morrow afternoon is the time appointed for taking up the report of the committee on lectionary concerning changes in the celebration of feasts days. Some important reports will be acted on to-day. The first is report No. 9 of the committee on the prayer book, to the tentative use of alterations to the book of common prayer; the second the report of the committee on rules of order; the third three reports of the committee on consecration of bishops; and fourth, report No. 1 from the committee on the prayer book, relating to a change in the title of the prayer book and of the ordinal.

Last night, in Holy Trinity church, a meeting in behalf of temperance was held, at which the late bishop of Rochester and several others spoke.

Almost Incurable Cured. "Most of the eminent doctors in the East, as well as several of the medical faculty in New York City," writes Rev. P. B. Shurely, of Chicago, "failed to help my daughter's epilepsy, which began to show signs of turning into insanity. By the good providence of God we tried *Samaritan Nerve*, and it cured her." Your druggist keeps it.

"Dr. Benson's Cherry and Chamomile Pills for the cure of Neuralgia are a success."—Dr. G. P. Holman, Christiansburg, Va. 5 ets, at druggists.

"Five Dr. King's Great Peppermint Cure, or Relief Dr. Benson's Skin Cure has driven away all eruptions and I'm delighted with it."—Mrs. C. Young Hamilton, Ill. Druggist keeps it, 50c per pack.

In Small Pox, Scarlatina fever and Diphtheria Darius's Prophylactic Fluid will stop the spread of the infection.

For Hay Fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; I have been a sufferer for ten years, going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. Coleman, Clerk, 15 Broad St., Elizabeth, N. J.

My brother Myron and myself were both cured to all appearance, of Gaiarth and Hay Fever last July and August. Up to this date, Dec. 28 either had had any return of the troubles. Ely's Cream Balm was the medicine used. GABRIEL FRERIS, 25 West 12th St., N. Y.

Physicians prescribe Colman's Lympho Tonic for the weak, worn, and dyspeptic. Take no other.

First Rate Evidence. "Often unable to attend business, being subject to a severe attack of rheumatism, after a long stage of sickness I tried *Haycock's Blood Purifier*, and after a few days a bottle." Mr. B. Turner, of Rochester, N. Y., takes the pains to write. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street.

How to Secure Health. Escapes strange that any one will suffer from the many derangements brought on by an impure condition of the blood, when *SCOTT'S WIND-ROTTEN BLOOD PURIFIER*, or *BLOOD AND LIVER SYRUP* will restore perfect health to the physical organization. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the best BLOOD PURIFIER ever discovered, effectually curing Scrofula, Syphilis, skin diseases, Weakness of the Kidneys, Eczema, Malarias, all nervous disorders and debility, bilious complaints and all diseases indicating an impure condition of the blood. Liver, Kidneys, Stomach, Skin, etc. It corrects indigestion. A single bottle will prove to you its merits as a health restorer, for it ACTS LIKE A CHARM, especially when the complaint is of an extensive nature, having a tendency to lessen the natural vigor of the brain and nervous system.

BROWN'S IRON BITTERS.

Shall We Let the Child Die? A hard hearted political economist, looking at a pale and puny child, to be gazing at it lies upon a pillow, says that the child might as well die? It is so weak and poor that its life will never be worth much anyhow. There are already a good many people in the world who are not of much account anyhow. And what's the use of adding to their number another weakling, who has but slender chance of ever amounting to anything?

Now ask the child's mother what she thinks about letting the child die. About this time the hard political economist had better get out of the way. "Let my child die?" No? No? As long as there is a remedy to be found we will not let the child die. We will try a bottle of BROWN'S IRON BITTERS on that child, see the poor little fellow pick up strength. He revives. He will live. Heats of other children have been brought almost from death to healthy life by Brown's Iron Bitters. Your druggist sells it.
