THE TRENTONS SECOND VISIT BERE. The Home Team Defeated by Costly Errors

-Interesting Points of the Game Here and Elsewhere. The Trenton inter-state club and the Ironsides played their second game on the grounds of the latter yesterday afternoon. The weather was very fine it being nice and warm, and the attendance was large. Upon the last visit of the Trentons they were defeated by the close score of 9 to 8, and ever since they have been according to 8. Upon the last visit of the Trentons they were defeated by the close score of 9 to 8, and ansesthetic, passed through it and ever since they have been anxious to very successfully. There was considerable play another game, in order that they might teach the Ironsides a lesson in ball playing. The lesson of yesterday showed that the home team had not forgotten how to play ball; and had it not been for their errors, which were made at critical points in the game, they would again have been victorious. The visitors put in Fox and Quinton as the battery and the home team succeeded in making as many hits as they did off the former and Williams in the last game. Quinton played badly behind the bat, having a number of passed balls, which assisted the home team to run up the score. The other members of the team played a last of the passed balls, which assisted the passed balls, which assisted the home team to run up the score. The other members of the team played a last of the passed balls, which are shown the last game. He has now lost the passed by the last game to him. Mr. Joseph that it is home to him. Mr. Josep The other members of the team played a both legs above the knee, and will be very fine fielding game. The home nine almost helpless. Late last night the prosout Rittenhouse in the box, and although he was hit hard for several innings, his work was well done, and Hanna support him admirably. The Ironsides had too many errors in the field, Spence having no less than four. The others were pretty well divided, but three players having a clean score. The first inning brought no runs for either club, but in the second the visitors scored four, mostly by heavy hit ting, Williamson getting a three and O'Brien a two bagger. In the third inning Hofford sent a hot ball which tangled the short stop up and came in on a passed ball. Sixsmith made a three bese hit, putting the ball in the extreme corner of the left field, and scored on the muff of Reifly's fly to Bradley. Oldfield got his work in for a three base hit in the fourth tuning and swored on Knowle's fine hit to centre. Rittenhouse repeated the work of Knowles, and the latter came in on a bad throw of Quinton to first, which gave Hofford that base, the latter and Rittenhouse coming in on passed balls.

The Philadelphia League team will be here for certain to-morrow afternoon and the war of the rebellion, the scenes of while should draw a large audience. Yesterday afternoon Sweitzer, who had been released in the forenoon, was reinstated and is playing this afternoon with

the Ironsides. The Altoona club have secured Miller and McCloskey catchers, late of the Harrisburg club, and they will play with them the remainder of the season.

The Sommer club, of Philadelphia, playing the fronsides this afternoon. This is a tine club and on their former visit the fronsides were given all they could do for twelve innings.

Quinton, who caught for the Trenton yesterday until he was compelled to go into the field, was fined by Manager Son mous for misbehavior during the game. He is a nice specimen of a tough and is very hard to keep straight. He says he only "monkeys" when he plays here He does not have to go far out of his line to imitate any animal. The Millers' Association

The Pennsylvania millers' state association was convened in its sixth annual session at Harrisburg yesterday afternoon. B. F. Isenberg, of Huntingdon, wielded the gavel, while Landis Levan of Lancaster, filled the double position of secretary and treasurer. There were about 80 millors in attendance. The officers of the association for the last year were elected to serve during the ensuing year, as foltows: President, B. F. Isenberg, Huntingdon; First Vice President, Cyrus Hoffa, Lewisburg; secretary and treasurer, Landis Levan, Lancaster. A general discussion of the respective merits of burrs and rolls occupied the intermission atlowed for enrollment of members and payment of dues. Seven new names were added to the list. Later an attentive audience gathered to hear an address which could not fail to interest the heaver, even though he could not tell a burr from a roll, nor distinguish between an overshot and an undershot wheel, by John M. Death of Harry H. Umble

We printed yesterday an announcement of the death of Harry H. Umble which took place in Evansville, Indiana. The Evansville Journal of Monday contains the following particulars attending the circumstances preceding his death : "The left leg of H. H. Umble was um putated yesterday forenoon at the St. George hotel, by Dr. Owen, assisted by Drs. Geo. B. Walker and Edward Murphy. Mr. Umble had been braced by stimulants for the terrific or gangrene some distance above the knee. The amputation was near the thigh joint. Appearances indicate that if the portion of the thigh remaining is not attacked with gangrene all will be well. It is to be fer-vently hoped so, as Mr. Umble, is to good a man and valuable citizen to be lost without general regret and sorrow. Although his relatives live elsewhere he has lived here so long and knows our people so well, pects of his recovery were good. The vital powers keep up well and promise to carry the unfortunate man through. The left leg was suddenly paralyzed several days ago, and soon commenced to mortify,

necessitating the amputation to save the patient's life. The right leg was amputa ted several years ago in consequence of disease that had afflicted it many years previous." Mr. Umble died Tuesday morn-ing, as has been already stated. His re-mains will be forwarded to Lancaster for

Able threw at a boy named Myers and then run into the building, the latter picked up a stone and threw it into the door. It struck a board and glancing hit The visitors added three runs to their score by heavy work at the bat and the aid of several errors in throwing on the part of the home team in the sixth inning. In the seventh inning O'Brien opened with a good hit for the visitors and Bastian door. It struck a board and glancing hit Able back of the ear, cutting a very ugly gash to the bone. The injured boy was taken to the office of Dr. Reed and after ward removed to his home. It is believed that he is severely hurt.

JUDGE HUADLY ELECTED GOVERNOR OF THE STATE. His Success Assaured by a Majority of Fro-

5,000 to 8,000-His Election Conceded by the Republicans-The Legislature Claimed by Both Parties. The following special dispatches have been received by the INTELLIGENCER from the chairman of the Democratic state

committee : PHILADELPHIA, Oct, 10,-10 a. m .-Nothing certain; even chances; state close, with the chances favoring Hoadly. 8,000 Mejority for Hoadly. PHILADELPHIA, Oct. 10 .- 12:12 p. m .-

McClure, of the Times, telegraphs Hoadly's majority to be from 5,000 to 8,000. Hondly's Election Conceded.

Another special dispatch from the Dem GEO. F. RATHVON ogratic headquarters at Philadelphia, re coived at 2:32, says : Returns still incomplete; Republicans

generally concede Hoadly's election from five to seven thousand. The Legislature is believed to be Democratic. The News Confirmed.

Chairman Hensel telegraphs as follows PHILADELPHIA, Oct. 10, 1:32, p. m .-The advices from Col. McClure, who is in Cincinnati watching the situation, and my special from Chairman Barger, at Columbus, agree that Hoadly is elected by five or six. thousand, and the Legislature is close with chances in favor of the Democrats.

Headiy's Mejority Between 5,000 and 8,000. CINCINNATI, O., Oct. 10-11 A. M.—The impression prevails that Hoadly is elected governor by from 5,000 to 8,000 majority, though full returns may give a different result. The Legislature is in doubt, but it is claimed by both sides. The second amendment vote was large; it was probably defeated by the Cincinnati vote. The counting of returns is in confusion in this county owing to the very late work. The morning nowspapers have barely a suggestion of the detailed vote. Every body is worn out and the progress to-day

is slow. The best estimate on Hamilton county from the additional returns received this morning, give Hoadly a majority of from 1,500 to 2,000, with legislative and county ticket either divided or the Democrats defeated. This is based on the returns from 73 out of 103 precincts, and may be modi-fied either way by subsequent returns. As near as can be estimated the majority against the second amendment will ex cced 40,000.

Our assortment of these goods is now as to determine some cases. The Respub-good as any in the city for price and quality licans will probably elect one judge and 3 of 6 representatives. The judges and elerks have been counting all last. goods as low as 25c., and ranging upwards to \$1.25. We have them in every quality and night and this forenoon in several wards. The figures first reported are contradicte ! in some cases. The newspaper offices and other centres of information are througed We have just received a full line of Black with auxious crowds patiently waiting for returns which cannot yet be given. Wide

ly different bulletins are postee. Democrate Claim Hondly's Majority to be Columbus, Ohio, Oct 10-12 o'clock -No additional returns of consequence were received here this morning except private dispatches and scat-tering telegrams. On what has been received, however, the Democrats claim Headly's election by 9,000 and the Legisla They claim that Hoadly is running ahead in Cincinnati, and that he will have 4,000 majority in the county. The Republican committee believe that

Hoadly's majority will be 3,000, or 4,000 and that Rose will be elected. Gov. Foster thinks that Hoadly's chances are the best, but does not abandon hope of either governor or Lagislature at their headquarters. The Republicans are still hoping for a change.
