MEDICAL.

WHEELER'S REMEDIES.

SENSIBLE MEN

and Women know ere this that of the many diseases and derangements of the body each has a separate cause or origin, and that each needs a different method of treatment in order to effect a cure, and a moment's reflection must convince that any of the quack nostrums foisted upon the public claiming to cure all or a number of diametrically different diseases must prove failures, even if we do not call them humbugs.

POOR PEOPLE

and people of moderate means, and even people well-to-do or wealthy, find that the *enormous charges* of practising physicians are a serious burden to them and also find that after paying themselves poor that no benefit has accrued to them, that in fact they have thrown their money away. To overcome these evils we offer *Wheeler's No. 98 Sure Remedies* to the sick and suffering *one Remedy* for each disease, without for a moment claiming that one remedy will cure any other disease than the one claimed for it, and as these remedies have stood the test of years without a single failure, we agree to *refund the money* paid in every instance where a cure is not positively effected. The remedies are entirely vegetable, can do no harm, and will positively cure every disease for which they are prescribed.

RHEUMATISM,

Gout, Lameness of Joints, Sciatica and Neuralgia are relieved at once and positively cured by the use of Wheeler's No. 98 Rheumatic Remedy. We say boldly that in the worst of cases of no matter how *long standing*, how *serious*, or how *painful*, we can not only give relief but *positively cure* for all time. Failing to do this we will positively refund the money paid for the treatment, and if your sufferings are not positively stopped for all time you have not thrown your money away as you would on any other than these guaranteed remedies. The price of Wheeler's No. 98 Rheumatic Remedy is only 50 cents, obtainable from any druggists, or sent free by mail on receipt of price. Stamps taken.

SUFFERING WOMEN.

Many a lady, endowed by nature with a pretty face, beautiful figure, faultless complexion, as well as the sweetest of tempers and faultless mental qualities grows prematurely old, gray and wrinkled, her form, loses its perfect contour, the complexion becomes sallow, the brightness leaves the eye, a feeling of languor takes the place of the once buoyant spirits, an irritable nervous fractiousness makes life a burden, things that once were trifles worry her until life becomes unbearable. All this being caused by the physical derangements so common to women, which the innate modesty of feminine nature prevents their making known, and of which the *ignorance* of the medical profession prevents a cure. *Lady Reader, pause* and consider, 'tis a duty you owe yourself, your family and your God, that you should cure yourself of these troubles and once more feel the glow of perfect health and spirits that nature intended for you. *Wheeler's No. 98 Prescriptions* are pleasant and palatable to take, contain nothing of an injurious nature, and may be taken by all ages, at all times and in all conditions, *without possibility of ill effects*, and will positively cure any of the peculiar diseases to which females are subject. Failing to produce a perfect cure the proprietors will *refund the money* paid for the treatment. *If you have a sallow complexion*, constant or intermittant headache, backache, restlessness, loss of appetite, suppressions of monthly flow, or irregularities thereof accompanied by headaches, nervousness, hysteria and similar symptoms, *Wheelers No. 98 Prescription "B"* will positively restore you to health. If you have a sensation of heat and throbbing in the back, frequent fainting spells, Leucorrhea or white discharge, painful or scalding sensation in urinating, pimples or white blotches on face, hot and dry skin, *Wheeler's No. 98 Prescription "C"* will give immediate and lasting relief. The price of Wheeler's No. 98 Prescriptions "B" and "C" are 50 cents each, obtainable from druggists or sent by mail secure from observation po t paid on receipt of price. Postage stamps taken.

CATARRH.

It is needless to describe the symptoms of this nauseous disease that is sapping the life and strength of only too many of the fairest and best of both sexes, old and young, suffering alike from the poisonous dripping in the throat, the poisonous nasal discharges, the fetid breath and general weakness, debility and languor, aside from the acute sufferings of this disease, which if not checked can only end in *loss of palate, weakened sight, loss of memory, deafness, and premature death* if not checked before it is too late. Labor, study and research in America, Europe and Eastern Lands have resulted in *Wheeler's No. 98 Instant Relief and Sure Cure for Catarrh*, a remedy which contains no harmful ingredients, and that is guaranteed to cure every case of acute or chronic Catarrh or money refunded. *Wheeler's No. 98 Instant Relief and Sure Cure for Catarrh* will cure every case of catarrh, hay fever or asthma, price $1.00 per package, from druggists, or sent by mail postpaid on receipt of price.

Wheeler's No. 98 Sure Cure for Kidney and Liver Troubles cures all weakness and soreness of kidneys, inflammation of kidneys or liver, price $1.00.

Wheeler's Vegetable Pills is the only remedy that cures constipation, giving natural action of the bowels without purgeing, purging, griping or pain. Price 25 cents, of druggists or by mail.

Wheeler's Nervine Tonic for mental depression, loss of manhood, languor, weakness or over taxation of the brain is invaluable, price 25 cents.

WE GUARANTEE

Cures in every case or will refund the money paid. We place our price on these remedies at less than one twentieth of the price asked by others for remedies upon which you take all the chances, and *we specially invite* the patronage of the many persons who have tried other remedies without effect or depleted their purses by paying doctor bills that benefitted them not.

HOW TO OBTAIN

These remedies. Go to your druggist and ask for them. If they have not got them, write at once to the proprietors, enclosing the price in money or stamps, and they will be sent you at once by mail postpaid. Correspondence solicited. Address plainly

NEVER FAILS

SAMARITAN NERVINE.

"YOU CLAIM TOO MUCH for SAMARITAN NERVINE," says a skeptic. "How can one medicine be a specific for EPILEPSY, DYSPEPSIA, ALCOHOLISM, OPIUM EATING, RHEUMATISM, SPERMATORRHŒA, or SEMINAL WEAKNESS and fifty other complaints?" We claim it a *specific*, simply because the virus of all diseases arises from the blood. Its Nervine, Resolvent, Alterative, and Laxative properties meet all the conditions herein referred to. It's known *world wide* as

THE GREAT Nerve Conqueror.

It quiets and composes the patient—not by the introduction of opiates and drastic cathartics, but by the restoration of activity to the stomach and nervous system, whereby the brain is relieved of morbid fancies, which are created by the causes above referred to.

To clergymen, Lawyers, Literary Men, Merchants, Bankers, Ladies, and all those whose sedentary employment causes nervous prostration, irregularities of the blood, stomach, bowels or kidneys, or who require a nerve tonic, appetizer or stimulant, SAMARITAN NERVINE is invaluable. Thousands proclaim it the most wonderful invigorant that ever sustained the sinking system. $1.50. Sold by all Druggists. The DR. S. A. RICHMOND MED. CO., Proprietors, St. Joseph, Mo.

POPULATION FIGURES.

NEW ENGLAND'S UNSUPPORTED CLAIM.

A Statistical Examination of the Sources of Population in the West and Northwest.

Philadelphia Times.

The celebration of the two hundredth anniversary of the settlement of Germantown suggests an examination of the sources of the native population now distributed over the country. The original population had four principal beginnings. One sprang from the settlement in Virginia, another from the Plymouth settlement, a third from New York and the fourth and latest from the settlements on the Delaware, principally in Pennsylvania. Each of these settlements or colonies had distinct and well-known characteristics of its own, all of which have blended in the development of the country.

New England has not been over modest during late years in laying claim to a large proportion of the credit for everything as it now exists. At every meeting of every New England society in any state the impression is given that it was New England which furnished the men and women and the work which has created the great states of the west and northwest. A brief examination of the figures of the census of 1880 tends to contradict this assumption. Of the native white population which had found homes outside the locality of their birth the four sources of population contributed as follows: New York, 1,189,351; Pennsylvania 788,515; the six states of New England, 584,356; the Virginias, 497,001. The last also furnished 229,281 colored inhabitants to states outside its borders. Almost three-tenths of the entire population was born in these four parent sections, each contributing in the following proportion: New York, 4,701,016; Pennsylvania, 4 118,927; New England, 3,614,346; Virginia, 1,695 217. To the latter must again be added nearly 900,000 colored population as a contribution made by none of the other sections. This shows New England a halting third in the procession.

When the native population of new states is considered the same condition of things is revealed. Ohio is popularly supposed to be dominated by the ideas of New England. The census shows this supposition to be a mistake. The parent localities contributed as follows to her population: Pennsylvania, 137,560; New York, 63,560; Virginia, 51,383; New England, 32,638. In Indiana the following proportion existed: Pennsylvania, 51,136; New York, 26,373; Virginia, 24,916; New England, 9,632; Illinois received from New York, 119,917; Pennsylvania 89,137; New England 45,913; Virginia 25,026. To Iowa New York contributed 82,598; Pennsylvania, 77,284; New England, 28,131; Virginia, 17,278. In Wisconsin, which is in the due westward course from New England which migration generally follows closely, the following result is shown: New York, 86,192; New England, 37,598; Pennsylvania, 19,074; and Virginia almost nothing. To Michigan have gone 229,246 people from New York; 37,775 from New England, and 35,745 from Pennsylvania. To Kansas, which is popularly supposed to be a newer New England, Pennsylvania has contributed 59,111; New York, 42,507; New England, 19,302, and Virginia, 17,104.

These figures show that in no Northern state does New England lead as a contributor to its population, and in most of them it is third or fourth. An examination of the returns at other enumerations shows that about the same proportion has always been maintained. The great proportion of the pioneers of the new states of the West and Northwest were drawn from New York, Pennsylvania and Virginia, a very small proportion of the early settlers coming from New England. The different elements of population have assimilated without difficulty, and each has helped the other, but the truth of figures and history both demonstrate that the ancestors of all the native population did not come on the Mayflower, or enact Blue Laws, or persecute for opinion's sake. New England societies would do well to examine the census reports before indulging in their flights of oratory at the next celebration.

THE WISCONSIN CYCLONE

Arcadians Huddled in the Cellars, While Destruction Swept Over the Town.

The La Crosse *Republican and Leader* has further details of the cyclone which struck the little town of Arcadia, in Trempelean county, on Monday night. None of the injured will die. The storm struck the town at midnight. It came from the southwest, and upon its approach the air was so charged with electricity that lights could not be made to burn. People rushed to the cellars to avoid the danger which seemed imminent. The atmosphere was of a reddish green color, with a strong sulphuric odor, and the roar of the tornado was deafening. Barns and out buildings were torn from their foundations, dashed to fragments and scattered in all directions. Broken boards, trees, bricks and stones filled the air and were hurled so violently in some cases as to drive them through the sides of buildings.

Among the losers are Patrick Manning and a farmer named Olsen, who lost everything, including their houses, barns and outbuildings. John Bingham lost his granary, barn and contents, 100 tons of hay, four horses, and some blooded stock. John Robertson's house, barn and outbuildings were destroyed. James Gaveny lost an orchard valued at $5,000. Senator Comstock's new sorghum mill was destroyed and his barn wrecked. There were many other losses, varying from $100 to $1,000. Mrs. Berry and Miss Piper, who were most injured by their falling residence, are considered out of danger. The cyclone seems to have spent its force up North creek valley, damaging property, but causing no loss of life.

Smuggling Chinese Across the Border.

Despite the laws enacted to prevent the importation of Chinese into the United States numbers of them daily attempt to evade the vigilance of the customs officials and especially at parts on the northwest Pacific coast. Thursday the secretary of the treasury was informed that eleven had been captured at Port Townsend, Washington territory, while being smuggled across the line, and the collector of customs at that port desired instructions as to what disposition should be made of the prisoners. Secretary Folger held a conference with the president on the subject, as a result of which the collector was ordered to send the Chinamen back to British Columbia, from whence they came.

Women Who Want to Vote.

The annual meeting of the American woman suffrage association adjourned at New York Thursday, after a two days' session at the Brooklyn Academy of Music. Seventy one delegates were present during the session, from ten states. Mars H. Clay, of Kentucky, was elected president. It was resolved to petition state Legislatures for municipal and presidential woman suffrage by statute and to ask Congress for a constitutional amendment. Encouraging reports were received from twenty-one states and territories. Ex-Governor John W. Hoyt telegraphed from Cheyenne: "Wyoming stands as solid as her mountains for the equal suffrage of woman—a permanent political demonstration that great good and no evil has resulted. God speed your efforts for the enfranchisement of woman."

Killing a Policeman Justified.

John A. Ferguson, who fatally shot Policeman Parks on September 6 last while the latter was trying to arrest him at Danville, Va., was on trial yesterday in the Hustings court on the charge of murder. Last evening the jury returned a verdict of not guilty. The jury acted on the grounds that there was no legal warrant for the arrest of Ferguson and under instructions of the court, that a man has a right to defend himself, even to killing an officer who is endeavoring to arrest him without a warrant.

A Woman's Body Cremated.

The remains of Mrs. I. French, of the city of New York, were cremated at Washington, Pa., Thursday. Her corpse, accompanied by J. French, a son, arrived about noon, and upon reaching the trematory were placed in the retort and the door hermetically closed. The ashes will be sent to the son as soon as the retort cools sufficiently to allow their removal.

SHERIFF'S REPORT.

Under date of May 16, 1883, Mr. Isaiah Cook, formerly sheriff of Skowhegan, Me., writes as follows: "I have been afflicted for over twenty (20) years with a weakness of the kidneys and liver, and have had severe pains in the back and sides, which were brought upon me in the first place by exposure during my stay in California during the early settlement of the land of gold. At times my water troubled me very much and after trying many different means without receiving any benefit, I was induced to try Hunt's Remedy, although I was much prejudiced against it and all other medicines. I purchased a bottle at Cushings drug store, here in Skowhegan, and I found that the first bottle relieved all pains in the back and sides; and I have, in my family, used five bottles in all, and have found it a medicine of real merit and of great value, and have gladly recommended it to many of my friends and neighbors, who universally praise it in high terms. You are at liberty to use my name for the benefit of suffering humanity."

TIMELY ADVICE.

I have been troubled with kidney disease and gravel for a long time, with severe pains in my limbs and back, with inflammation of bladder. My sufferings were terrible. I tried several physicians, all to no purpose—I found that I was growing very feeble. I was discouraged, and lost faith in physicians and medicine, when a friend from Malden, who had been cured by Hunt's Remedy of gravel and liver complaint, recommended it to me, and from the first bottle I commenced to improve, and three bottles have entirely cured me, and I heartily thank my friend for his timely advice to use Hunt's Remedy, for all the pains have gone from my back, and I am in excellent condition, and I feel that a word from me may be the means of saving some friend that may be suffering as I did, before taking Hunt's Remedy, the best kidney and liver cure.

HORSE RAILROAD MEN.

Having occasion to use a medicine for general debility in my family, I was recommended by a friend to use Hunt's Remedy, as that was being used with great success all over the country. We have used one bottle with marked benefit, and it just as represented, and a medicine of great value, and I cheerfully add my testimony in praise of Hunt's Remedy.

OVERCOATS.

The cool snap we now experience is but a foretaste of the colder days that are swiftly rolling on, and that will soon be here—a fact that suggests our saying something of OVERCOATS—winter requisites. We mean to say it quickly, too. OVERCOATS are here and ready for the trade—lots of them—larger assortment, better qualities, and at closer figures than ever before. OVERCOATS for MEN, for BOYS and for CHILDREN. Materials are of real handsome, attractive and serviceable patterns, and each garment made as only skilled work people know how to make them. The test as to who gives best values for your money is to make comparisons of qualities and prices. We invite it, and respectfully solicit a call.
