BRUTAL MURDER.

A YOUNG MAN DISEMBOWELED.

The trime committed by Two Brothers in Columbia-The Murderers Arrested

and Lodged in Jail. The borough of Columbia was the vices. scene of a most brutal murder last night about 11 o'clock. The victim was Henry Struck, a young married man about 25 years old, a son of Constable Frederick Struck, of Columbia, and the murderers are two brothers, George and Winfield Smith, aged respectively about 18 and 20

It appears that there has been an old grudge existing between the two families for sometime past. Last evening the Smith boys were drank and were heard to say they were going to Kitchentown to kill a Struck. Kitchentown is that part of Columbia in which the Struck family re side. Meeting a younger brother of Henry Struck, they assaulted and beat him, but he made his escape from them. They then went to the residence of Henry Struck, who was in bed, and made a great noise outside. Heary thinking that his father, the constable was having some trouble with a party of roughs, got out of bed, and having only his night shirt and pantaloons on, ran down stairs and across the street to see what was the matter. He was immediately attacked by the Smith brothers, who were armed with knives, one of them striking him in the lower part of the abdomen and ripping out his entrails, the other cutting a fear-ful gash in his side near the waist. He fell helpless to the ground and the mur derera fled. Mr. Struck was carried into the house and surgeons were sent for, but his hurt was beyond their skill. the brothers cut him with their knives. and related the circumstances substantially as given above. He lingered in great agony until about 5 o'clock this morning when he died

Warrants for the arrest of the Smiths were issued by 'Squire Frank and placed in the hands of Officers Wm, Wittick and John Gilbert, who found the criminals in bed at their home and arrested them be tween 1 and 2 o'clock this morning, and lodged them in the county jail to await a hearing before 'Squise Frank on Friday next. They made no resistence about being arrested, but complained of being taken out of bed as such an unseasonable hour. This morning after being informed of Struck's death they became very reticent and would say very little about the affair. George confessed that he did the cutting, but ways that he did it in self defense, as Strack ran across the street and assaulted him with a club. He decies that his brother Windeld cut Struck at all Geoge Smith is a good deal battered and bruised about the head, but whether he received the wounds in the may be says in

not known. The Smiths bear a bad reputation in Columbia, being drunken and quarrelsome. They were the ringleaders in the riot which took place on Decoration Day two or three years ago, and were active participants in a quarrel at the stoy. moulders' piunic a few weeks ago and i' is said they generally go armed.

The knives with which the murder was committed were not found. The accused say there was but one knife, a big bladed pocket knife, cair od by George, and that he threw it down the water closet of the

Vigilant engine house after the reseastre with Struck. The murdered man, though married and having one child, did not live with

his wife, awing to some family trouble.

Drs. Alexander Cray and C. F. Markel,
who were called to attend Mr. Struck, state that the cut on the left side of the victim is four leches long, and that the tauth, eleventh and twelfth ribs were evered by the knife. The cut on the right side is one and a quarter inch long and two and a quarter inches deep and penetrated the groin. Either of the wounds were sufficient to cause death. The coroner's jury will not render their

verdict until Deputy Coroner Frank shall have had a consultation with District At-The funeral of the mardered man will

take place on Thursday afternoon at 2 o'clock from the German Lutheran church

The accused have been visited to day in ail by reporters, but they decline to be interviewed or to give any particulars concorning the origin of the trouble, further than to say the cutting was done in self defense. They say they have retained Wm. B. Given, esq., as counsel to defend

The Smith boys belong to a very respectable family, their sister Miss Lillian Smith, being one of the mosteflicient and highly respected teachers in Columbia. The family are overwhelmed with gricf by the disgrace brought upon their good

There are two charges now pending in court against the dead man; one for deser-tion brought against him by his wife and the other for assault and battery on his mother in law.

Another Story of the Murder.

It appears that they were on their way to Manor street, where their victim resided, when they met Charley Struck, a younger brother of Henry's. assaulted him, but he finally broke loose and ran towards home, pursued by the Smith boys. In front of the house where the pursued resides with his father, Policemau Struck, he was again caught and beaten. Harry Struck, who resides in the house adjoining his father's, heard the noise and left the house to investigate the cause, supposing his father was making an arrest. As soon as the Smith boys saw him they rushed upon him. Struck was stabbed in both sides of the back. The murderers then fled, and their victim was carried into his home by persons who had been attracted to the scene by the

noise. This occurred about 10:45 o'clock, and by 5 o'clock this morning the wound ed man died. In his post mortem state ment Struck stated that both of the assail ants had stabbed him. George Smith stated to the INTELLIGENCER reporter | this morning that he alone had gestion, and perpetuate bodfly vigor. Take the no other. Of druggists. of iwdeed & we being a pocket knife. He said he did it in self defence, as Struck was armed with a club. The story is not believed; as one of the boys said to a Penusylvania railroad fireman named Bern Gilman, they were going after Struck to kill him. It is the general belief that the murder was a premeditated one. Both of the Smith boys had been drinking, but are not known to have been intoxicated. George accounted for their presence on Manor street by say ing that he and his brother were taking a The prisoners were arrested at their home last night about 1 o'clock by Officers Witting and Gilbert. This morn ing they were taken to the county prison at Lancaster. The murderers have fre quently been engaged in rowdyism in town, and have been in the mashes of the law more than once before.

A Mexican Firm's Patiure,
GALVESTON, Texas, Oct. 16—A dispatch from Laredo, announces the suspension at Monteroy of Zembrona & Co., one of the oldest and wealthiest houses in Northern Mexico. Their liabilities are placed at \$80,000. The suspension caused a great sensation. Its immediate cause was the presentation for payment of two obligations amounting to \$100,000, the creditors refusing to grant delay. It is believed the suspension will be only temporary.
