WEDNESDAY EVENING, NOV. 14, 1883.

AN ARMY OF THE WEST.

One bright september day I rode
Through prairie sweeps horizon-broad,
And saw a host a million strong
Drawn up in columns dense and long,
All silken tasseled and beplumed.
No bugle blew, no cannon boomed,
No orders rang along the lines
But whispered as in woods of pines.
They stood erect in bright array
And filled the splendid eye of day.

Nine English miles from front to flank;
Nine English miles from wing to wing;
And as I flew from rank to rank
They came about with stately swing.
What hosts are those that wave the sword?
And quick returned the answering word:
"One Standing Army of the Lord!
The emerald regiments of corn
At reveille saute the morn!"

—*From B. F. Taylor's "The Two Armies."*

QUEANS OF MILK.

Important Part the Gentle Cow Plays in the Economy of the Nation.

There are nearly $2,000,250,000 invested in the dairying business in this country. That amount is almost double the money invested in banking and commercial industries. It is estimated that it requires 15,000,000 cows to supply the demand for milk and its products in the United States. To feed these cows 60,000,000 acres of land are under cultivation. The agricultural and dairy machinery and implements in use are worth over $200,000,000. The men employed in the business number 700,000, and the horses nearly 1,000,000. The cows and horses consume annually 30,000,000 tons of hay, nearly 90,000,000 bushels of corn meal, about the same amount of oatmeal, 275,000,000 bushels of oats, 2,000,000 bushels of bran, and 30,000,000 bushels of corn, to say nothing of the brewery grains and questionable feed of various kinds that is used to a great extent. It costs $400,000,000 to feed these cows and horses. The average price paid to the laborers necessary in the dairy business is probably $20 a month, amounting to $168,000,000 a year. The average cow yields about 450 gallons of milk a year, giving a total product of 6,750,000,000 gallons. Twelve cents a gallon is a fair price to estimate the value of this milk at a total return to the dairy farmer $810,000,000. Fifty per cent of the milk is made into cheese and butter. It takes 27 pounds of milk to make one pound of butter, and about 10 pounds of milk to make one pound of cheese. There is the same amount of nutrition in 3½ pounds of milk that there is in one pound of beef. A fat steer furnishes 50 per cent of the boneless beef, but it would require about 24,000,000 steers, weighing 1,500 pounds each to produce the same amount of nutrition as the annual milk product does.

The latest news from Africa is that the Zulu king has the croup; this news is doubted by many, but notwithstanding, the friends of the king have sent him a case of Dr. Bull's Cough Syrup and consequently know it will be certain.

"LOOK OUT FOR THE ENGINE."

I am a locomotive engineer, and have been for twenty years, and am now running on the Maine Central Railroad. Life on an engine, as all engineers know, is very trying to health and strength. The continual jar of the engine, and strain on our long trips all tend to weaken the kidney and urinary organs. In addition to this, ten years ago, I met with a severe accident, and I was taken from under my engine with several internal injuries, which gave me great pain. I was laid up for six months, and suffered more than I can describe, and more than I wish to again. I resumed work, but my kidneys began to disturb me, and my nervous system seemed to be out of order. I could not sleep, as my water demanded such constant attention that I was kept awake a great part of the night; to urinate caused severe pains. I employed the best medical skill in Portland and elsewhere but continued to grow worse.

I was persuaded to try Hunt's Remedy as I found many of my friends in Portland had used it with great success, yet I had no faith that it would reach my case. However, I sent for a half-dozen bottles at one of the drug stores, in Portland, and from the use of the first bottle found a great relief. My water was much better and the pain in the back and limbs greatly relieved. I continued its use until I had used ten bottles in all, and it has been to me a wonderful blessing, and I have deemed it a duty and privilege to recommend it to those troubled in a similar manner; and you may publish this for the benefit of our railroad men and the public in general, as it has completely cured me.

GEO. W. BRADLEY,
Engineer Maine Central R. R.
PORTLAND, ME., May 12, 1883.

CAUSE FOR ALARM.

ALICE E. CURTIS of Brunswick, Me., writes us on May 15, 1883: "That she has suffered very much at frequent intervals with kidney disease, and the attacks were increasing in severity so steadily as to cause alarm. Her aunt, Mrs. N. M. Small, persuaded her to use Hunt's Remedy, and after using several bottles Miss Curtis has been freed from the severe aches and pains to which she had long been accustomed; and further says that Hunt's Remedy never fails to relieve the severe pains in the side and intense backache, and Miss C. pronounces it a real blessing to woman for all kidney diseases, and she cordially recommends it for the many ills and pains peculiar to women." m9-1wdM,W&S&w

MEDICAL.

BROWN'S IRON BITTERS.

Strike at the Bottle.

A nervous and disease stricken old gentleman was sitting in his room on an easy chair, his physician being at his side.

Said the old gentleman, "Now, doctor, you have been treating me for a long time, and haven't done me much good. I'm tired of all this. I want you to strike at the root of all my disorders."

Said the doctor, "Do you mean exactly what you say?"

"To be sure I do," said the venerable invalid.

"Well, here goes!" said the doctor: and with one whack of his cane he broke to pieces the brandy bottle which stood on the mantel.

The old gentleman was angry and revolted, but he had a good answer ready for the doctor. "Doctor, if it hadn't been for your first bar, I never would have got into the habit of drinking."

In Brown's Iron Bitters there is strength for the debilitated, refreshment for the nervous and new life for the broken down.

BENSON'S SKIN CURE.

[*From the Home Journal.*]

A Remarkable Discovery.

A REAL SKIN CURE.

THERE IS ONLY ONE
AND THAT WITH SIMPLE NAME.

Beware of imposters, pirates, or any old arthetes which now suddenly claim to be best. They have been tried and found wanting, while this has been proved a remarkable success.

NO POMPOUS NAME.

This curative needs no pompous or incomprehensive title of Greek or Latin to explain it, but its simple English name appeals directly to the people. And the people are signally manifesting their appreciation of this frankness by selecting and using Dr. Benson's Skin Cure in preference to all other professed remedies.

Dr. C. W. Benson has long been well known as a successful physician and surgeon and his life study has been the diseases of the nervous system and of the skin; since he has been persuaded to put his New Remedy and Favorite Prescription as a "Skin Cure" on the market, various things have sprung up into existence, or have woke up from the sleepy state in which they were before, and now claim to be *The Great Skin Cures*.

☞ Beware of imitations, or the various articles which have been advertised for years or struggled along, having no real hold or merit on the public, that now endeavor to keep head above water by advertising themselves as "The Great Skin Cure." None is genuine and reliable except Dr. C. W. Benson's Skin Cure. Each package and bottle bears his likeness, internal and external remedy, two bottles in one package. Price $1.00, get at your druggists.

Relief for all Overworked Brains.

CAUSE AND CURE.

Dr. C. W. Benson's Celery and Chamomile Pills are valuable for school children who suffer from nervous headaches caused by an overworked brain in their studies, and for all classes of hard brain workers who are overtasked nervous centres need repair and sedation. Nervous tremor, weakness and paralysis are being daily cured by these pills. They correct constiveness, but are not purgative. Price 50 cents, or six bot les for $2.50, postage free, to any address. For sale by all druggists, Depot, Baltimore, Md., where the doctor can be addressed. Letters of inquiry freely answered.

RHEUMATIC SYRUP.

A Limb Saved
And a Family Made Happy.

Mr. Philip Moore, of West Webster, Monroe County, N. Y., says: "My daughter, now eighteen years old, has, for the past eighteen months, been afflicted with rheumatism in a very severe form. One year ago it settled in the knee, since which time she has been unable to touch her foot to the floor or move her limb without suffering the most excruciating pain. Her limb was last growing out of shape, although we were doing for her all we could, having used all the remedies we could hear of and that were recommended for rheumatism, none of which benefited her in the least. Her case was pronounced incurable by the physician and by our neighbors, and all believed that she would be a cripple all her days, and that her limb would never be restored to its original shape. But I am happy to say that to-day my daughter is entirely free from all rheumatic pains, and that she can walk with perfect ease, having thrown aside her crutches, and her limb seems as strong and perfect as ever; all from the use of your wonderful medicine "Rheumatic Syrup," which we consider one of the best medicines ever introduced for purifying the blood, and I only regret that all others who are afflicted with rheumatism can not know of its superior merits. You are at liberty to use my name if it will do you any good, and I shall be only too glad to tell any and everyone what it has done for my daughter."

HAVING DISSOLVED PARTNERSHIP and permanently closed the Chestnut Street Iron Works, I desire to inform my old patrons and the public generally, that I am still in the business, being located in the Penn Iron Company's Works, North Plum street, where I am making Iron and Brass Castings of every description, and will be pleased to serve all who may favor me with their patronage. From 40 years experience in the business and using the best material and employing the best mechanics, I am satisfied I can guarantee entire satisfaction. Castings made from a mixture of iron and steel which are more reliable for strength and durability than the best cast iron known. Y teeth roll pinions, rolls and rolling mill work a specialty. Castings made of very soft iron, and brass castings of every description. I have all the patters of the well and favorably known Mower Corn and Cob Crusher, refitted and improved. Also on hand, mills completely fitted up as in parts, to replace old ones which have been in use for years, guaranteeing them to give satisfaction.
