who died on Tuesday evening last at Auburn, Schuylkill county, as has hereto fore been stated, arrived in Lancaster via the Reading railroad. The casket containng the body was taken at once to the Union Bethel where the funeral services were held at 10 o'clock, a large congregation being present.

The services were conducted by Rev. G. W. Seilhamer, pastor of the church, who preached an earnest sermon from the text. My father, my father, we shall see him no more !" in the course of which he paid a high tribute to the purity, piety, zeal and ability of Elder Weishampel as a Christian minister, his affectionate character as a husband and father, and his amiability, industry and integrity as a citizen. Rev. John Tucker, now over 80 years of age, followed in a brief culogium, and the service concluded with a short address by Rev. John Fritchey, who knew the deceased intimately for a period of nearly forty years, and had found him to be an intimately ardent and able expounder of the gospel. The casket containing the remains was then opened, and each one present took a last look at the face of the venerable preacher, after which the funeral cortege proceeded to Woodward Hill cemetery.

CONTAGIOUS. In 1870 Scrofulous Ulcers broke out on my body until my breast was one mass of corrup-tion. Some of these alcers were not less than one and one-half inches in diameter, the edges rough, ragged and seemingly dead, the cavity open to the bone and filled with offensive open to the bone and filled with offensive matter. Everything known to the medica faculty was tried in vain. Gradually the bonistself became diseased and then the suffering began in earnest. Bone Ulcers began to take the place of those hitherto on the surface, became a mere wreck. For months at a time could not get my hands to my head because of extreme soreness.

COULD NOT TURN IN BED. Knew not what it was to be an hour even free from pain. Had reason to look upon life itself as a curse. In the summer of 1880, after ten years of this wretched existence, I began to use the Curicura Exweding, and after two years' persistent use of them the last ulcer has healed. The dread disease has succumbed, All over the breast where was once a mass of corruption is now a healthy skin.
