THE LINNAEUS.

The Local Societies held an interesting meeting. The meeting of the Linnaean Society was held in their museum on Saturday, Nov. 23. P. W. Pickersham presiding, and six members present. The donations to the museum consisted of a box of glass sand from James Grant, No. 294 Second street, Philadelphia; an antiquated specimen of a wooden screw from Germany, per S. C. H., specimens of the main line and attachment wires and fragment of carbon joint mounted on a card; also, mounted specimen of an exotic plant, donated by S. W. Sener, Master W. G. Baker attended the meeting and explained to the members a very large and beautiful specimen of calcareous incrustation, which he obtained from Colorado. On motion a vote of thanks was given him for his display. Dr. Dubbs exhibited a specimen of a "Phallic Statuette." Dr. S. S. Rathvon donated a small statue of a species of fish which had been brought up in a box of oranges from Jamaica. He was unable, however, to determine the precise variety. He also donated a specimen each of the foliage and flower of the "Black Heliconia," or "Christmas Rose," which is now in bloom.

The additions to the library consisted of a cabinet and stereoscopic view of a rock along the Conestoga creek, between the Groffstown road and the Pennsylvania railroad bridge, were donated by W. L. Gill, city. Official Gazette, U. S. patent office, Nov. 23; Lancaster Farmer for Nov., 1883; two catalogues of books relating to the American Indians; report of commissioner of education for 1881; three book catalogues; Sunday circulars; catalogue of 13 scraps, and guide to Lexington, Ky., from the author; treasurer report that W. P. King had lifted his certificate of stock.

Memorials were read of two deceased correspondents of the society Dr. J. L. Lecoutre, of Philadelphia, and Hon. J. J. Lehart, of Lancaster. Dr. Rathvon read an article clipped from our daily papers, in regard to a species of a white ant undermining the woodwork of the capitol building at Boston, and commented upon the same. He also read some notes in reference to some deposits made to last meeting, and also to the meeting. Dr. Dubbs then read an article on the "Phallic Statuette," exhibited by him. Some few visitors were in attendance. Action an constitution and by laws still deferred. Society adjourned to meet on Saturday afternoon, December 29, 1883, at 2 p. m., which will be the annual meeting.

Baseball.

Messrs. Duford and Shirk, who are interested in the new baseball club in this city, were in Philadelphia on Saturday and Sunday, playing as follows: Duford and Shirk, late the battery of the Augustus Flower; Chas. Waite, at one time with the Chicago and New Haven clubs; Harris, first baseman, who was with the Altoona last season; Parker, of last year's Eastons, and Sixsmith, of the old Ironsides.

Five of this year's Harrisburg club will play with the Wilmington Quicksteps next season. They are McCloskey, Jim Say, Burns, John Miller and Casoy.

The way the Harrisburg managers are taking there is in that city next year. The directors claim it will not pay and have turned their magnificent grounds into a skating rink. If there is a case it will likely be a Lancaster-go-as-you-please.—Reading Times.

Brook has been engaged by the Altoona nine to pitch next season, and Smith will play at short. Harry Fisher will manage the team and play second base.

A long talked of game of baseball was played on Saturday at Salunga between the Salunga and Robertson clubs, which resulted in a score of 11 for the latter and 10 for the former club.

Death From smallpox.

Charles S. Biggs, who was attacked with smallpox on Wednesday last, and reported to the board of health on Thursday, died on Saturday night at 9 o'clock, and was buried at midnight. Mr. Biggs was a son of Henry Biggs and brother of Joseph Biggs, foreman of the New Era composing room, and Harry Biggs, the well known plumber. He was carried to the hospital by the board of health, and worked at it for several years, after which he abandoned the business and was engaged for some years in delivering ice. He was the patient whom the superintendent of the city hospital refused to receive when application for admission was made, on the ground that they had "no room" for smallpox patients. He was in the 34th year of his age.

REMOVED FROM DEATH.

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for the attention of our readers. He says: "In the fall of 1876, I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was taken to the hospital. While there the doctors said I had a hole in my lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines, but they did me no good. I felt that I was to die, but I was told by a friend to try Dr. Wm. Hall's BALSAM FOR THE LUNGS. I bought a bottle and used it as directed. To my surprise I felt a gratification. I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have for the past three years. I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my childhood. My chest is now almost entirely disappeared and I shall soon be able to go to work." Sold by H. B. Cochran, 137 North Queen street.
