Senior Chapel Orations.

Invitations have been issued to attend the delivery of the senior chapel orations of Franklin and Marshal college on Dec. 14. Heretofore they have been delivered in alphabetical order after morning prayers, but this custom has been laid aside and the present one adopted. All the members will deliver orations on the date named, the length of the speakers being limited. Music has been secured for the occasion and a gala time is expected. The public are cordially invited to attend. Session from 9 to 11:30 a. m.

The "Pinafore" Company Disband.

At a meeting of the "Pinafore" company held at the residence of Mr. John B. Warfel, North Duke street, last evening, after an informal discussion of the proposition to continue the organization, it was resolved to disband. The proceeds of the performance of last Friday night were divided among the 41 members of the club, $5 being the share falling to each person.

Released on Habeas Corpus.

Slander Suit.

Harry F. S. Beck has brought a civil suit for slander against Anna Rummell. Both reside in Millersville.

THE set of fruit plates in Edward A Eshleman's window, North Queen street, was got from an order found in a can of Davis' Baking Powder. 11*

Amusements.

"*Confusion*."—This is some idea of what there is in this latest success of John Stetson's Fifth Avenue company. In the course of the play a pug-dog and a baby get hopelessly mixed up, two telegrams pass into wrong hands, a spinster aunt falls in love with an elderly bachelor, a husband and wife quarrel about a pet dog, a doctor gets taken for a detective, and a detective gets taken for a doctor. The piece is certainly very funny, without anything objectionable in it, while the people in the company are known to be first-class. "Confusion" is in Fulton opera house to-morrow evening.

"*Ranch 10*."—Mr. Harry Meredith appears in Fulton opera house this evening in his fine play of "Ranch 10." There is plenty of humor and interest in the piece, and the people of the company are good. Mr. Meredith has long been known as a first-class actor, and in this comedy-drama he has plenty of opportunity to display his talents. As for the fun in it, people have laughed till they cried. "Ranch 10" should be seen.

John T. Raymond.—Among the good plays and players this week in Lancaster is John T. Raymond, the great comedian, who will appear Monday evening in the funny play, "In Paradise," never yet seen here. The Louisville *Commercial* says: "It was an unqualified success, full of broad and glowing humor, and a perfect fit for the genial comedian. It is uproariously funny, and was produced with all the excellence and rollicking spirit so characteristic of the work of Mr. Raymond. The audience was kept in constant laughter by its comical situations and humorous dialogues, and there is not a dull speech noticeable in the entire play. It is full of humor, has many strong situations and its construction is good.

How to Secure Health.

It seems strange that any one will suffer from the many derangements brought on by an impure condition of the blood, when SCOVILL'S SARSAPARILLA AND STILLINGIA, or BLOOD AND LIVER SYRUP will restore perfect health to the physical organization. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the best BLOOD PURIFIER ever discovered, effectually curing Scrotula, Syphilitic disorders, Weakness of the Kidneys, Erysipelas, Malaria; all nervous disorders and debility, bilious complaints and all diseases indicating an impure condition of the Blood, Liver, Kidneys, Stomach, Skin, etc. It corrects indigestion. A single bottle will prove to you its merits as a health renewer, for it ACTS LIKE A CHARM, especially when the complaint is of an exhaustive nature, having a tendency to lessen the natural vigor of the brain and nervous system.

ALEN'S PAIN PANACEA cures a pain in man and beast. For use externally and internally.

RESCUED FROM DEATH.

The following statement of William J. Gough Jr., of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by H. B. Cochran, 137 North Queen street

Brown's Household Panacea.

Is the most effective Pain Destroyer in the world. Will most surely quicken the blood whether taken internally or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength than any other similar preparation.

It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and ALL ACHES, and is **The Great Reliever of Pain.** "BROWN'S HOUSEHOLD PANACEA" should be in every family. A teaspoonful of the Panacea in a tumbler of hot water [sweetened, if preferred], taken at bedtime, will BREAK UP A COLD. 25 cents a bottle.

PARKER'S TONIC.

Mother's Spinning Wheel.

Concerning One Article That Was Not For Sale, and Another Which is Cheap at Any Price.

"No, sir, I wouldn't sell you that for any money; that spinning wheel was my mother's. It was one day, when she was singing like a lark and making this old wheel hum, that my father, then a young medical student, afterwards a farmer, fell in love with her—some fifty years ago."

So spoke the proprietor of a rough bit of farm land in Ulster county, N. Y., to a relic hunter, and "mother's" spinning wheel remained among her children and grandchildren.

"My mother," writes Rev. J. W. Phelps, pastor of St. Paul's M. E. Church, Chicago, "has used PARKER'S TONIC, and wishes me to say that she has found it more effective than anything she ever used for invigorating and strengthening the system debilitated by malaria. She desires me also especially to mention the certainty with which it aids digestion and overcomes exhaustion."

Ever since the first household was established, "mother's" opinion has been more potent in this world than that of judge, jurist or physician. Her hand has always cooled the fever and her voice has been filled with hope. With each day's decline PARKER'S TONIC is becoming more deservedly popular with the women who guard alike husband and children. It eradicates malarial poison from the blood, from which there is now such widespread suffering.

Please observe: DR. PARKER'S TONIC is *not an intoxicant*. It is a combination of several ingredients, of which none singly can produce anything like its effect. For Kidney, stomach and Liver troubles it is the standard and unfailing remedy. In two sizes: 50 cents and $1. The latter the cheaper. Hiscox & Co., Chemists New York. dec1-lmdeod

Preparations for Drawing Pay—Some of the Senators Covering it Into the Treasury.

In the House, a deficiency of $1,100 was discovered in the pay of members in the matter of mileage, but without action thereon, the House adjourned until two o'clock.

J., the chief of police telegraphed several inquiries, and this morning received a dispatch from the burgess of Quakertown, Pa., saying that Amanda Fluch's relatives live in that neighborhood, and that John Koop formerly worked there. A dispatch was also received from Chief of Police Faurat, of New Brunswick, N. J., saying that a bill of indictment had been found against Koop, and that officers would come here at once with requisition papers.

Disease at Yale College

NEW HAVEN, Conn., Dec. 5.—The prevalence of typhoid and malarial fevers among the students at Yale college is puzzling the faculty. The professors aver that the sewage and drainage of the college buildings are perfect and that they cannot account for the unusual illness that has prevailed thus far this term. The reports of death have, however, been exaggerated. Two students have died of typhoid fever, and one of these contracted the disease abroad during vacation. There are now and have been a number of students more or less ill from malarial fever, but there is no great alarm, and it is thought that when cold and seasonable weather sets in, the health of the college will be as good as that of any other institution of a thousand inmates.

Lawing Among Farmers.

Germantown Telegraph.

We can conceive of nothing more unpleasant than a litigious neighbor; and where such a person abounds you are never certain that something may not turn up affording him an opportunity to indulge in his offensive propensity. He is always on the lookout to display his determination to let the world see his knowledge of his rights and what is justice. No man shall rob *him* of what belongs to him; and he forthwith begins a suit. He loses his case of course, but he puts his neighbor to one or two hundred dollars of costs as well as himself, and so in the end his neighbor loses as much as he does. We know of nothing that causes breaches of good neighborhood at boundary lines and trees along such lines. It seems to have been a common belief that the fruit of that portion of a tree at or near him, extending its roots into a neighbor's grounds, and the branches of which also spread over his land, belong to the neighbor; but in a recent case in a neighboring state it has been decided to the contrary, and that the neighbor can actually come on to your premises and gather the fruit, no matter what inconvenience you may suffer. Nevertheless, as there is nothing so uncertain as the law, we do not think that such is the law everywhere, or in many places; and, even if it is, it is by no means equity. Still, in the face of this decision, it was admitted that the branches of the trees overspreading your ground could be cut away and removed by the neighbor!

The best course to pursue, especially by farmers, is to avoid all misunderstandings. Kindly disposed people, who would rather suffer from injustice on the part of a neighbor than there should be an unfriendly feeling between them, will find in the end how much pleasanter it is. If a quarrelsome neighbor chooses to brag that he allows no man to get ahead of *him*, and how he fixed his neighbor Smith; or, rather, how he would have fixed him if he had not promptly "backed out," let him brag to his heart's content, as it is highly probable that while Smith is surrounded by kind friends, he has none, and that he has nothing else than acts like these to brag about.
