And a Family Made Happy.

Mr. Philip Moore, of West Webster,

Monroe County, N. Y., says: My daughter, now eighteen years old, has, for the past eighteen months ben afflicted with rheumatism in a ben afflicted with rheumatism in a very severe form. One year ago it settled in the knee, since which time she has been unable to touch her toot to the floor or neve her limb without suffering the most excudiating pain. Her limb was fast growing out of shape, although we were doing for her all we could, having used all the remedies we could hear of and that were recommended for rheumatism, none of which benditted her in the least. Her case was pronounced incurable by the physician and by our neighbors, and all believed that she would be a cripple all her days, and that her limb would call her days, and that her limb would never be restored to its original shape. But I am happy to say that to-day my daughter is entirely free from all rheumatte pains, and that she can walk with perfect case, having thrown aside her crutches, and her limb seems as strong and per fect as ever; all from the use of your wonderful medicine. "Kheumatic Syrup," which we consider one of the best medicines ever introduced for purifying the blood, and I only regret that all others who are afflicted with rheumatism can not know of its superior merits. You are at liberty to use my name if it will do you any good, and I shall be only too gladto tellany and everyone what it has done for my daughter." all her days, and that her limb would

Seed Leaf, Somatra and Havana for the

though the inquiry is still less than we could wish to have it and than is necessary to give a good sounding to the year's transactions, which it is already apparent are to fall considerably below carly anticipations. The year 1883 cannot be numbered as a good one for the tobacco trade, which is to be regretted, as something better than has latterly been had was both needed and looked for,"

The U. S. Tobacco Journal says, that

business has greatly improved during the past week. Several large manufacturers invested in wrappers, while jobbers bought with less timidity than they have exhibited for some time past. Several large leaf firms have begun a speculative movement, buying up '82 lots from country packers. Under the circumstances, this is very proper, and will result in profit to the investors. Comparing the starting prices in the country for the '83 crop, the figures that are quoted for the '83 crop appear greatly below the former. With a prosperous manufacturing business such as can be safely relied on next year, the de-mand for fine leaf will be greatly in-creased. Looking at the stock of old in the markets and the somewhat doubtful Wounds healed rapidly.

and manufactured tobacco. There is a moderate demand for cut and dry. There is a falling off in the demand for all grades of cigars, and only a few orders are being booked for delivery next month. The lemand for seed leaf is extremely dull and onfined to such grades as the necessity f the trade requires. There is, however, no abatement in prices for desirable stock. There is a good demand for good Hayana.

The receipts for the week have been 100 curs Connecticut, 291 curs Pounsyt-vania, 48 cases Wiconsin, 71 cases Ohio, 40 bales Sumatra, 151 balos Havana, and 83 hhd. Virginia and Western leaf to-

very few purchases for the last few weeks and from the talk of prominent men in the trade it is probable that there will be little done until the crop is stripped. Several New York parties have been here backing around and have gone home without making any purchases. They say that the crop fine goods in it. We also he are that one party who bought considerable has been around and canceled some of the contracts, but at present we decline to give their names. While the estimate of 5 000 cases of time tobacco may seem to be low, there certainly was a large quantity of very or dinary tobacco grown last sur on, and the easing of much that was well grown has been bad. The mouldy top is more serious than first anticipated and there are some stem rot and a trifle of white vein.

If the ontlook for this crap were good, there is no doubt that this market would have plenty of buyers by this time, as it is a well known fact that there is an exceedingly small stock of time goods on the market. Nearly all the high grades of '82 are in the hands of the manufacturers. There is comparatively little of the crop of '80 in this county, and in '81 the stocks are fast going down and prices going up. B. & C. are nearly all gone, and fillers are eagerly sought after, and it is the opinion of good judges that the wrappers of the 81 crop will be in great demand before

Sales of 238 cases of '80 leaf are reported within the last week, and about 200 cases each of '81 and '82 were sold in this county.

A Great Sale of Havana. One of the largest sales of Havana obacco made in the New York market in some time was effected a few days ago by tobacco sold was 1882 Vueltas, and and resold it to Lichtenstein Bros. & Co. for \$70,000 duty paid. At a time when

Paige, the wife of Simon Paige, the millionare lumberman of the Northwest, who was found dead with a bullet wound in his head on March 11, 1882, in his room in a Davenport (Iowa) hotel, is given in a dispatch to the New York Times. C. C. Paige, a brother of the dead man, became convinced that the new wife of his brother (they had been married but two months and two days) was an adventuress, and York, to ascertain her history. Mr. Paige told the detective that his brother married the woman, whose name was Mrs. Mary Fagar, in Brooklyn, but she had formerly lived in Cincinnati, and, he had understood was once an actress. The detective says the case has been a difficult and tedious one, and has resulted in the obtaining of the following information : Years ago a woman named Libby was left a widow in Davenport, Ia., with two girls, Laura and Mary. The girls peddled pop in the streets, and the woman with whom this story has to deal was known as "Pop Mary." The father had patented a cure all called "Ravenoil," and the widow advertised for some one to sell it. William E. Fagar, of Indianapolis, responded and afterward married Mary. They soon sep-arated, and the girls and their mother came to Cincinnati to live. The girls
