New York, Philadelphia and Other markets -The Sumatra Squabble-Seed Leat and Havana Seed-The Lancaster Lenf Market.

Transactions in old tobacco during the past week have been confined almost ex-clusively to our local dealers no New York, Philadelphia, or Baltimore dealers being at this time in Laucaster. The total sales for the week were about 350 cases. One lot of 60 or 70 cases of '81 running wrappers were sold at 18 cents per pound, and 100 cases of low grade goods packed in the northern part of the county were sold at one cent per pound advance on the price at which it was offered a week ago. There appears to be a growing demand for short wrappers, ten and the Hamburg steamer. The inseconds and fillers of the SI and SS voices and the consular certificates, as is

The cold, dry, wintery weather which has prevailed for more than a month, has been unfavorable for the handling of tobacco, and a good many, perhaps a majority, of our farmers have not yet stripped and prepared their crops for market. have but few sales to report.

Last week Mr. Musser bought in the

neighborhood of Liberty Square, Drumore township, from Gilbert Smith for 20, 7, 3; Albert Myers, 21, 7, 3; Benj. Myers, 20, 7, 2; Uric Drumm, 12, through; Harrison Long, for 19, 7, 2; Abram Shoemaker, 184, 12, 7, 3. Elias Hershey, of Paradise, sold to B. S. Kendig 2 acres at 20, 8, 5, 3; and 12

acres at 18, 8, 5, 3. Some deliveries are being made and some of the farmers have been docked and more earnest in their declarations that

they will have justice, they would come pearer getting it. The tobacco should be handled according to the contract of sale, after which the farmer should see the coutract, fully honored by the buyer, if not amicably, then by law.

The Honeybrook Graphic states that on

the first day appointed by Mr. De Haven for receiving tobacco at his warehouse in Honeybrook, about 50,000 pounds were received, nearly all of which was in a satisfactory condition. The largest lot was by Amos Musser, nine acres, for which he re-ceived \$2,585.54. The following are some of the largest lots, viz : Joseph Stauffer, of Honeybrook, two acres, which netted him \$741.82; S. M. McConnell, of Honeybrook, one and one half acres, \$551 29 : In order to reduce a heavy stock of FINE Levi De Haven, of Caernarven, one acre, WOOLENSand to make room for the Spring Importation, 1 will make up to order all acre, \$306.91 Martin Grube, Caernarvon, one heavy-weightsUlTINGSand OVERCOATING acre, \$394.26; A. Martin, Salisbury, one acre, \$380.26, and William E. Eugle, one acre, \$380.50. Eighteen hands are now

busily employed packing. Havana Seed. Some of our farmers object to planting Havana seed too acco on the ground that the weight per acre will be so much lighter than seed leaf, that the enhanced price per pound would not compensate which will be made up before the Spring trade sets in at an equal reduction, to give employment to my hands during dull season, THE AROVE REDUCTION IS FOR CASH ONLY.

THE AROVE REDUCTION IS FOR favorable conditions that 2,000 pounds of seed leaf per acre is grown; the average governed by instructions from headquarin this county is not above 1,400 pounds. The custom is to set out not more than 4,000 or 5,000 plants of seed leaf per acre. Those who have had experience with Havana seed say that 8,000 or 9,000 and even 10,000 plants may be set per acre. I wing to the smaller leaf of the Havana, and its more erect growth, the plants may be set much more closely in the rows and the rows need be no further apart than will admit of the passage of the culti vator between them. In this way a crop of Havapa may be grown almost, if not quite, as heavy as seed leaf, while the labor of cultivating it will be less and the price realized a good deal more. From 1,400 to 1,600 pounds to the acre is no un common growth, while over 1.800 pounds per acre have been grown on land not as good as the average Laneaster county tobacco land. And as our county has grown the best seed leaf tobacco ever grown in the United States, it is confidently believed

other section of the union.

THE NEW YORK MARKET. Seed Leaf, Sumetra and Hatana-For the Week Ending Saturday, Jan. 26

8. Tobacco Journal. A somewhat dragging business was dot e A prominent physician of l'tteburgh said this week. It is wholly incomprehensible to a lady patient who was complaining of her A somewhat dragging business was done why there is not as absolute rush of buyers to our market. The new crop is giving more evidence every day that, taken in its The last took it in earnest and used the Bitentirety, probably but one third is of sufdeient quality for fine grade of eigars. In Connecticut, about one half is fine ; to Pennsylvania, it is figured at one fourth; New York state and Wisconsin also possess but about one half of the grades; Ohio, though it sometime yields a good many persons are interested in. We believe proportion of silky wrappers, is said to be the schedule for visits is \$3.00, which would bare of them this year, (This statement | tax a man confined to his bed for a year, and may prove premature, though ) All of in need of a daily visit, over \$1,000 a the '82 tobaccos held in our market are figured to contain probably no more than ,000 or 6,000 cases of time leaf. It is, therefore, natural that prices will and must advance. They are quite low to day when compared with the cost of Sumatra. The question which for several weeks past has influenced the seed leaf market may be regarded as definitely settled. The new Sumatra will not be offered at Amsterdam before April next. The fadure of the "Pfaelzer" crop will force the manufacturers of Germany to invest in Sumatra to an increased extent. The indications altogether are that the new Sumatra crop will not be lower in price than the pre vious one. Therefore, the stock on hand in this market, which is still figured at 5,000 bales, and of which brokers claim barely one half is suitable for our trade,

is certainly not apt to sell at lower figures. Under these circumstances it is, as we said before, incomprehensible why our market The business of the week ran up to about 1,000 cases, comprising, outside of 82 Pennsylvania, '82 Havana seed Wis

consin and New York state and Ohio, at last week's prices, about 250 cases of '80 Pennsylvania, at 8; cents Sumatra—Sold in small lots at \$1.15 to

Havana—Was quite active, with sales of about 800 bales, one half of which con-sisted of new Remedios and Vueltas, at from 95 cents to \$1.25.

Following are the sales of seed leaf New York, for the week ending Jan. 28, 450 cases 1882 Pennsylvania, 5 (518; 200

cases 1882 state p. t.; 50 cases 1882 Ohio

was expected to pass through the custom house here at the 35 cent rate of duty. The importers of it are Messrs. G. Falk & Bro. Under Secretary Folger's last de cision the original plan of the importers had to be abandoned. They then proposed to subject the tobacco to the test required by the secretary's last decision, and if it

was appraised at the 75 cent rate of duty, to pay it under protest and appeal. By this programme the Sumatra question would have come squarely before Secretary Folger, and the Hon. Wm. M. Evarts would have appeared in the Messrs. Falk's interest. That arrangement, however, is postponed by an accident. The two hundred bales in question were brought to this voices and the consular certificates, as is customary, were sent by a different steamer. Unfortunately the mail containing these important documents was put upon the Germanic, and what must happen to that steamer but that her shaft should break when several hundred miles out from Queenstown. The steamer has now made her way back to Liverpool under sail, and the mail will be trans-ferred to her sister ship, the Brittanic. It will take more than a week for the invoice

of Sumatra cannot be appraised. At the U. S. public stores, Assistant Appraiser Hammill was asked if the new decision of Secretary Folger was being

applied to Havana tobacco. "Appraiser Ketcham has directed me," he said, "to apply the law rigorously to tobacco buyers, as a class, are getting soundly cursed. No doubt the buyers are all leaf tobacco. There is a lot of Ha often unjust in their dealings with the vana on the floor, and in a day or two I farmers, but if the latter were a little will make a critical inspection of it, with a view of determining whether any wrap-pers can be found of which 100 leaves or more are required to weigh a pound. We have understood wrappers to mean what the trade designates as wrappers. It would be impracticable to separate the carrots and examine each leaf in a bale of tobacco. It would not only make the to bacco unmarketable, by tearing it all to pieces, but we have not the force of laborers at command to do such a tremen dous amount of work. Some importers, notably Mr. Falk, have insisted that the secretary's decision required us to examne each carrot of tobacco. I have no doubt that in such examination some leaves might be obtained 100 or more of which, would be required to weigh a pound, but the question would be open whether they were wrappers or not. Sup-pose, for instance, the fillers in the Sumatra tobacco now awaiting appraisement were so examined. Perhaps 2 per cent. of wrappers might be found, and then, in stead of the bales averaging 17 per cent. of fillers and 83 per cent, of wrappers there would be 85 per cent. of wrappers, and under the secretary's first decision the whole lot would be dutiable at 75 cents. only mention this to show that Mr. Faik's own theory might have a back handed action. The importers themselves cannot be more auxious than we are to have clear rules to guide us but until the question is definitely decided we must be ters. You may rest assured that the in-

It is a strange fact that the strongest-mind-ed women shrink from being caught in their own night caps, but they never hesitate to de-clare their exaited opinions of Dr. Buil's Cough Syrup that has cured innumerable coughs and colds.

Thousands Bastened to Their Graves? Relying on testimonisis written in vivid glowing language of some miraculous cures made by some largely puffed up doctor or patent medicine has hastened thousands to their graves; believing in their almost Insane faith that the same intracle will be performed on them, and that these testimoplals make the cures, while the so-called medicine is all the time hastening them to their graves. We have avoided publishing testimonials, as they do not make the cures, although we have

that our soil is better adapted to the of them, of the most wonderful cures, yolungrowth of Hayana than the soil of acy tarily sent us. It is our medicine, Hop Bitters that makes the cures. It has never falled and never can. We will give reference to any one for any disease similar to their own if de sired, or will refer to any neighbor, as there is not a neighborhood in the known world but can show its cures by Hop Bitters.

A LOSING JONE.

ters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as

The fee of doctors is an item that very bottle of Hop Elfters taken in time would save A LADY'S WISH.

"Oh, how I do wish my skin was as clear and soft as yours," said a hady to her triond. "You can easily make it so," answered the friend. "How?" inquired the first lady." By using Hop Bitters that makes pure, rich blood and blooming health. It did it for me, as you observe."

"I assure you it is true that he is entirely cured, and with nothing but Hop Bitters, and only ten days ago his doctors gave him up and said he must die, from kidney and Liver trouble!" (jan 17-im Th&&w Buckten's Arnica Salve.

The greatest medical wonder of the world. Warranted to speedily care burns, Bruises, Cuts, Ulcers, Salt Rheum, Fever sores, Cangers, Piles, Chibhains, Corns, Tetter, Chapped Hands and all skin cruptions, guaranteed to cure in every instance, or money refunded. Hands and all same every instance, or money refunded cure in every instance, or money refunded 25 cents per box. For sale by Chas, A. Locher le25-lycol&w

S. S. Graves, of Akron, N. Y., had Astuma of the worst kind. Took one dose of Thomas' Eclectric Off and was relieved in five minutes. He adds: "Would walk ten miles for this medicine and pay be a bottle for it. It cured my wife of theumatism like magic." For sale by H. B. Cochran, druggist, 137 and 139

I Wish Everybody to Know. Rev. George H. Thayer, an old citizen of this vicinity known to every one as a most influential citizen and christian minister of the M. E. church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Salloh's Consumption Cure." It is having a fremendous sale over our counters
