Committee reported recording a number of items for uppaid taxes.

Mr. Slade reported that all the schools had been visited by the regular committee. Much sickness prevailed, principally among pupils of primary schools, in some of which as many as twenty pupils were absent. The roofs of the Institute and Cherry street school buildings were reported to be out of repair. The committee recommended that the water be turned on in the hydrant of the Fifth street school, and also that the experiment ing apparatus of the high school needed overhauling. The board was recommended to instruct the repair and supply commit-tee to purchase for the high school a Wor-

Conter dictionary.

The building committee reported the purchase of a lot for a new school building at the northwest corner of \$d and Poplar streets. Lot is about 59x124 feet in extent. Price agreed to be paid is \$20 per foot. Purchase money must be paid March 1, 1884, when tile will be given. The committee was continued and in structed to prepare plans and specifica tions for a two room school building and submit the same to the board.

The board resolved that bonds to the amount of \$1,500 be issued, in denominations of \$100 and \$500. The finance com-mittee were instructed to attend to the publication of the sale of same, the money derived from the sale to be used for school purposes.
Superintendent Ames submitted the

following report, bearing upon the schools to Feb. 7.

On the Iraca Again ! Constable Samuel Swenk, of the First ward, who declined a renomination, as announced yesterday, is again on the track for reelection, greatly to the disgust of Peter Wagner, in whose favor Swenk de-clined. It appears that Swenk in making a canvass of the ward was given the cold shoulder by a great many voters, who had previously supported him—the reasons given by them for withdrawing their support being that Swenk's miscon duct while in office compelled the mayor to suspend him from the police force several times, and that he finally had to resign to avoid dismissal from the force. Believing that he could not be reelected

This, however, did not suit City Treasurer Myers, Wm. K. Beard, Revenue Clerk Eberman and other Republican bosses of the ward, who strengthened Swenk's back-bone and induced him to reconsider his declination, and put him again on the ticket. Wagner and his friends feel aggrieved and threaten vengeance. There little doubt that Swenk's fears are well founded and that Al. Pyle will have no trouble in getting away with him.

slight Fire.

At noon to day a fire alarm was struck from box 51, on High streat. It was caused by a slight fire at the house of Joseph Kurtz, No. 605 on the same street. The fire was discovered in the ceiling over the dining room, and it was extinguished with buckets of water by the neighbors

and members of company No. 1. The flue had to be broken open and a hole knocked in the ceiling. The ends of two joists and the laths of the plastering were burned off. It is supposed that the flue was defeetive and sparks made their way through between the bricks and into the seiling. The house is insured for \$1,050 and the damage will not be great.

RESCUEND RECOM DEATH

The following statement of William J. Cough
in, of somerville, Mass., is see reinsrkshie that
we beg to ask for it the attention of our read
ers. He says: "In the fall of 1876 I was taken
with a violent bleeding of the lungs, followed
by a severy cough. I soon began to lose my
appetite and flosh. I was so woak at one time
that I could not leave my bed. In the summor of 1871 I was admitted to the City Hospital.
While there the doctors said I had a hole in
my lett lung as big as a half-collar. I expended over a hundred dollars in doctors and medteines. I was so far gone at one time a report
went around that I was dead. I gave up hope
but a triend told me of DR. WM. MALL'S
BALSAM FOR THE LUNGS, I laughe at
my friends, thinking my case incurable, but I
got a bettle to satisfy there, when to my surpriseaved gratification, I commenced to feel
better: My hope, once dead, began to revive,
and to-Jay I feel in better spirits than I have
the past three years.
"I write this hoping you will publish it, so
that every one afflicted with Diseased Lungs
will be induced to take DR. WM. HALL'S
BALSAM FOR THE LUNGS, and be convinced
that CONSUMPTION CAN BE CURED. I
have taken two bottles and can positively say
that it has done me more good than all the
other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to got work.'

Oranges and Florida. Better Than Breezes and Blossoms-Under a New Flag.

Even the balmy air and orange groves of Florida fall to keep its people full of happi-ness and comfort. Art must help nature everywhere—in the tropics as among the pines of the North. "And, chief among the blessings which are adapted to all zones." writes Dr. J. G. Wallace, of Fort Dade, Fla., "Is PARKER'S TONIC. It seems to have the world for a field, and most of the current diseases yield to its action. I have used it in the case of a delicate and dyspeptic young lady, with the most gratifying results. It reemed to accomplish with ease what the usual prescrip-tions and treatment for that miscrable malady fatied wholly to bring about. I am also giad to state that the Tonic has greatly relieved me personally of a troublesome atonic condition of the stomach of long standing It is the ideal purifier and invigorant."

Mesars. Hiscox & Co. call especial attention

to the fact that after April 16, 18\$3, the name and style of this preparation will hereafter be simply Parker's Tonic. The word "Ginger simply Parker's Tonic. The word "Ginger" is dropped, for the reason that unprincipled dealers are constantly deceiving their patrons by substituting inferior preparations under the name of tinger; and as ginger is an unimportant flavoring ingredient in our Tonic, we are sure that our friends will agree with us: 1 to the propriety of the change. There will be no change, however, in the preparation itself; and all bottles remaining in the hands of dealers, wrapped under the name of "Parkers's Ginges Toric," contain the genuine medicine if the signature of linear & Co. is at the bottom of outside wrapper.
