KIDNEY-WORT.
THE SURE CURE FOR
Kidney Diseases, Liver Complaints,
Constipation, Piles and Blood
Diseases.
PHYSICIANS ENDORSE IT HEARTILY.
"Kidney-Wort is the most successful remedy I ever used." Dr. F. C. Ballou, Monkton, Vt.
"Kidney-Wort is always reliable."
Dr. R. N. Clark, St. Mer, Vt.
"Kidney-Wort has cured my wife after two years suffering."
Dr. C. M. Sumner, San Hill, Ga.
IN THOUSANDS OF CASES
It has cured where all else had failed. It is mild, but effective. It is in its ACTION, but harmless in all cases.
It cleanses the blood and strengthens and gives new life to all the important organs of the body. The natural action of the kidneys is restored. The Liver is cleaned of all disease, and all obstructions removed. In this way the worst diseases are eradicated from the system.
Among recent sales we quote a few to show the merit of this medicine:
James Bromus, of Andrews Bridge, sold 3 acres to Loeb, at 10, 5, 3.
A. L. Brown, of Little Britain, 1 acre to Skiles & Frey, at 13, 5, 4, 2.
J. C. Harkness, of Hill Roy Mills, to Skiles & Frey, at 13, 5, 4, 2.
Among the lots delivered last week were the following:
Smith & Son, 2 acres, to Jacob Skiles, at 22, 12, 6, 3; Mr. Pyle, 3 acres, at 22, 12, 6, 3.
Both these lots were early purchases, the former is from Little Britain, the latter from Fulton.
A. P. McVaine, Paradise township, sold 350 lbs. Havana tobacco to Brimmer & Skiles, at 20 cents round, and 4 acres of seed land to Dr. Keding—2 acres at 17, 8, 6, 4 and 2 cents, and 2 acres at 16, 8, 4 and 2 cents. J. P. McVaine sold 4 acres of seed land to Dr. Keding, at 12, 6, 4 and 2 cents.
J. Burkey, of Churehdown, 5 acres to Shred & Stehman, at 25, 11, 8; James Carlin, of Sadsbury, 1 acre to Loeb at 15, 5, 2; Martin C. Johnson, East Earl, 6 acres to Skiles & Stehman, at 25, 11, 8, 3; Edward Woodward, Fulton, 4 acres to Skiles & Frey, at 22, 12, 6, 3; Edward Enck, Lexington, to Long & Ho., a lot at 14, 4, 2; Richard Richert, to same at 13, 5, 2.
The New York Market.
Havana and lively was our market this week. Bacon wandered through the classic regions, and around Water street in quantities, we'd almost say, to suit the most fastidious reader. Most of them were city manufacturers. They went at the market with a will, and to use a term of our commercial friends, began to "grab" us. Everybody looked for jobs lots. Nobody cared for this or that illustrious packing. The paternity or nativity of the goods also was not inquired into very closely. As long as the goods offered had wrappers, and as long as the wrappers were free from "blies" or "freebies," or such ailments as prevented them from taking part in the interesting performance of covering a bunch, they were sold with refreshing alacrity—provided the prices, as an intelligent, upright and conscientious manufacturer told us, were within the bounds of decency. These "bounds of decency" comprised from 8 to 13 cents for '80 and '81 Pennsylvania; sometimes they were probably overstepped by 13 to 14 cents. Further on, they were compressed 17, 18, 19, 20 to 22 cents for '82 Pennsylvania. In these goods ('80, '81 and '82 Pennsylvania) from all accounts, a great business was done. Brokers say 4000 cases left, and a large amount of shippable bulk in the presence of the reports of most brokers—this belief, which to be robbed of by any circumstances would read under our faith in manhood and humanity—prevents us from whispering the sweeping assertion that this number probably be short by one.

A SKEPTIC SAID
born blood sores. Eliminates Bile, Carbonic acid and acids. Permanently and promptly cures skin diseases. Yes, it is a charming and healthful remedy. Relieves itching and Eczema. Cleanses the blood and restores the circulation. Neutralizes germs of disease and saves skin from eruptions, blotches and eruptions.
THE GREAT NERVE CONQUEROR
Rheumatism by routing it. Restores life-giving properties to the blood. Is guaranteed to cure all nervous disorders. Reliable when all other remedies fail. Restores mind and invigorates the body. Cures dyspepsia or money refunded.
NEVER FAILS.
Diseases of the blood often a conqueror. Endorsed in writing by over fifty thousand leading citizens, clergymen and physicians in U. S. and Europe.
For sale by all leading druggists, \$1.50.

TOBACCO.
THE TRADE IN SEED LEAF IMPROVING.
The Price of Old Tobacco Advancing—More Activity in the Crop of '83—The Lancaster Market.
As we said last week there seems to be considerable activity among the dealers in tobacco seed leaf tobacco, but it is a fact that the weekly sales foot up rather large. More than a fair business has been done and prices have advanced; especially has this been so in '81, compared with the market as it was a year ago for that good. There has been a big rise, and as the supply gradually dwindles down the price goes up. An old dealer said a few days ago "the boom in '81 is coming, as we predicted a year ago would." The fact is there is a large quantity of very fine wrappers in that crop, which is what is now wanted.
Edward Witmer of Christiansa, sold to J. K. Skirk over 100 cases of '80 tobacco on private terms.
The total sales of old tobacco in this city during the past week are estimated at 500 cases, of which 300 were of the crop of '81 and 200 of the crop of '82.
In '82, prices are still. Packings that were only considered fair are now sold for good. To meet the crop of '83, there has been a good deal of driving down, and there has been several new arrivals of buyers in our town. They claim that they are buying very little, but if you go around to the warehouses on receiving days you will find a good deal coming in; of course not as largely as was the case some years ago.
We are glad to notice that there is considerable less trouble over the receiving than existed earlier in the season. Farmers are bringing in their crops in much better style.
Over in Chester the growing of Havana the coming season will be larger than seed leaf, and the demand for seed from that quarter is large.
York will also grow it largely, and orders from Lyncoming and Clinton counties for seed are coming in every day.
Nearly all the packers in this city, who had provided themselves largely with the best quality of seed, have had their supplies nearly exhausted; which shows that our own farmers are going to give this much vaunted variety a fair trial—and we believe they are acting wisely in doing so.

TOBACCO.
THE TRADE IN SEED LEAF IMPROVING.
The Price of Old Tobacco Advancing—More Activity in the Crop of '83—The Lancaster Market.
As we said last week there seems to be considerable activity among the dealers in tobacco seed leaf tobacco, but it is a fact that the weekly sales foot up rather large. More than a fair business has been done and prices have advanced; especially has this been so in '81, compared with the market as it was a year ago for that good. There has been a big rise, and as the supply gradually dwindles down the price goes up. An old dealer said a few days ago "the boom in '81 is coming, as we predicted a year ago would." The fact is there is a large quantity of very fine wrappers in that crop, which is what is now wanted.
Edward Witmer of Christiansa, sold to J. K. Skirk over 100 cases of '80 tobacco on private terms.
The total sales of old tobacco in this city during the past week are estimated at 500 cases, of which 300 were of the crop of '81 and 200 of the crop of '82.
In '82, prices are still. Packings that were only considered fair are now sold for good. To meet the crop of '83, there has been a good deal of driving down, and there has been several new arrivals of buyers in our town. They claim that they are buying very little, but if you go around to the warehouses on receiving days you will find a good deal coming in; of course not as largely as was the case some years ago.
We are glad to notice that there is considerable less trouble over the receiving than existed earlier in the season. Farmers are bringing in their crops in much better style.
Over in Chester the growing of Havana the coming season will be larger than seed leaf, and the demand for seed from that quarter is large.
York will also grow it largely, and orders from Lyncoming and Clinton counties for seed are coming in every day.
Nearly all the packers in this city, who had provided themselves largely with the best quality of seed, have had their supplies nearly exhausted; which shows that our own farmers are going to give this much vaunted variety a fair trial—and we believe they are acting wisely in doing so.
Among recent sales we quote a few to show the merit of this medicine:
James Bromus, of Andrews Bridge, sold 3 acres to Loeb, at 10, 5, 3.
A. L. Brown, of Little Britain, 1 acre to Skiles & Frey, at 13, 5, 4, 2.
J. C. Harkness, of Hill Roy Mills, to Skiles & Frey, at 13, 5, 4, 2.
Among the lots delivered last week were the following:
Smith & Son, 2 acres, to Jacob Skiles, at 22, 12, 6, 3; Mr. Pyle, 3 acres, at 22, 12, 6, 3.
Both these lots were early purchases, the former is from Little Britain, the latter from Fulton.
A. P. McVaine, Paradise township, sold 350 lbs. Havana tobacco to Brimmer & Skiles, at 20 cents round, and 4 acres of seed land to Dr. Keding—2 acres at 17, 8, 6, 4 and 2 cents, and 2 acres at 16, 8, 4 and 2 cents. J. P. McVaine sold 4 acres of seed land to Dr. Keding, at 12, 6, 4 and 2 cents.
J. Burkey, of Churehdown, 5 acres to Shred & Stehman, at 25, 11, 8; James Carlin, of Sadsbury, 1 acre to Loeb at 15, 5, 2; Martin C. Johnson, East Earl, 6 acres to Skiles & Stehman, at 25, 11, 8, 3; Edward Woodward, Fulton, 4 acres to Skiles & Frey, at 22, 12, 6, 3; Edward Enck, Lexington, to Long & Ho., a lot at 14, 4, 2; Richard Richert, to same at 13, 5, 2.
The New York Market.
Havana and lively was our market this week. Bacon wandered through the classic regions, and around Water street in quantities, we'd almost say, to suit the most fastidious reader. Most of them were city manufacturers. They went at the market with a will, and to use a term of our commercial friends, began to "grab" us. Everybody looked for jobs lots. Nobody cared for this or that illustrious packing. The paternity or nativity of the goods also was not inquired into very closely. As long as the goods offered had wrappers, and as long as the wrappers were free from "blies" or "freebies," or such ailments as prevented them from taking part in the interesting performance of covering a bunch, they were sold with refreshing alacrity—provided the prices, as an intelligent, upright and conscientious manufacturer told us, were within the bounds of decency. These "bounds of decency" comprised from 8 to 13 cents for '80 and '81 Pennsylvania; sometimes they were probably overstepped by 13 to 14 cents. Further on, they were compressed 17, 18, 19, 20 to 22 cents for '82 Pennsylvania. In these goods ('80, '81 and '82 Pennsylvania) from all accounts, a great business was done. Brokers say 4000 cases left, and a large amount of shippable bulk in the presence of the reports of most brokers—this belief, which to be robbed of by any circumstances would read under our faith in manhood and humanity—prevents us from whispering the sweeping assertion that this number probably be short by one.
