THE AGED PLAYER. (Written upon frequently seeing an aged

Lancaster, Pa.]
Tired and lone in the city's square,
With his tattered vest, and his snow white

Sits an aged player, sad and drear, Through the weary days of the weary year; While round and round, as the organ song Rings forth its cheer to the passing throng, Goes the hand of the minstrel old and gray. Goes the trembling hand through the rivelon

lils brow is white with the foam of years, His cheek is rough with the footprints of tears His arm is palsted with toll and pain, And his life is chill with its snow and rain ; Yet round and round, as the organ song Rings forth its cheer to the passing throng, Goes the hand of the minstrel old and gray, tioes the trembiling hand through the livelons

Though oft he thinks of one perhaps dead, And lives o'er again the years that are fied ; The sweet scenes of youth, untainted by woo With their smiles and tears of Long Ago,-Yet round and round, as the organ song Hings forth its cheer to the passing throng, Goes the hand of the minstrel old and gray, Goes the trembling hand through the livelor

Perhaps he dreams of some far off shore, Where wearled feet shall grow weary no more And where, perchance, earth's wrongs are re

drest. Where heartthrobs of woe are ever at rest,let round and round, as the organ song Rings torth its cheer to the passing throng, Goes the hand of the minstrel old and gray, Goes the trembling hand through the livelons

Ye sons of Ambition, turn not aside, Ye daughters of Fashion, that move in you

Have pity,-your purses of silk unfold And give the minstrel a mite of your gold ; For some morn you will miss him, and under the ground,

In death will lie pulseless, the hand that " went round." -J. F. Moyer, in College Student

Concentrate Vitality. All excitants, to radically cure, must be in nocent. The art consists in continuing their use until matters in the system contrary to health are removed. Health finds happiness in the mere sense of existence.

BRANDERFH's PILLS stimulate the blood so as to enable nature to throw off all morbid humore, and cure disease, no matter by what name they are called.

The secret of recruiting the vital principle is discovered in BRANDRETH's FILLS, because they remove what holds it in check. It is be lieved they possess thes elements of vitality. Heat, healthy animal warmth, is certainly in creased by the use of this wonderful med! cine. Provided the great organs are not irre-RETE'S | ILL4 will not cure. The true art of healing is to sesist nature to throw off disease -to concentrate, as it were, the whiole vitality of the system to eject that has fastened or

a part.

in, or somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 18761 was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to loss my appetite and flesh. I was so weak at one time that I could not leave my bed. In the sum-mer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole my lett lung as big as a half-dollar. I expended over a hundred dellars in doctors and med-teines. I was so far gene at one time a report went around that I was dead. I gave up hope but a Friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughe at my friends, thinking my case incurable, but I got a bettle to satisfy them, when to my surprisen d gratification, I commenced to feel better My hope, once dead, began to revive, and to lay I feel in better spirits than I have the past three years.

"I writethts hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FORTHE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sick ness. My cough has almost entirely peared and I shall soon be able to go to work. old by H. E. Cochran, 137 North Queen stree

NOT BY ANY MEANS. - WHEN YOU ask for Benson's Capcine Porons Plasters ask for Benson's Capcine Porons Plaster SKIN CURE.

[From the Springfield Republican.]

A GENEROUS ACT.

That Will be Appreciated by All Who Care for Their Complexion and Skin.

It is not generally known that the nervous ystem has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have clear and fair complexion unmixed with blotches or pimples who is very nervous. Whatever tends to a beautiful condition o the nervous system always beautifies the complexion and removes roughness and dry ness of the skin. Some skin diseases are no attended by visible signs on the surface, but an intolerable itching that renders life miser

We copy the following deserving and inteesting compliment from the Tribune which says: "Dr. C. W. Benson's New Remedy SKIN CURE,' is received by the public with great confidence, and it is regarded as a very renerous act on the doctor's part to make known and prepare for general use his valuaole and favorite prescription for the treatment of nervous and skin diseases, after hav ing devoted almost his entire life to the study and treatment of nervous and skin disease in which he took great delight. He was for number of years physician in charge of the Maryland Infirmary on Dermatology, and anything from his hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both inter nally through the blood, and externally through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use atter baving been used by the doctor in bi private practice, for years, with greatest sucill classes of sufferers from skin diseases. This is for sale by all druggists. Two bottle internal and external treatment, in one package. Don't be persuaded to take any other It costs one dollar.
