PRISON INSPECTORS.

A Lot of Unfintened Business Di posed Of, The board of prison inspectors held a meeting to day to close out the unfinished business prior to the ensuing April meet-

The committee appointed to purchase looms, reported eight new ones bought at

a cost of \$30 carb.
The bond of John G. Weaver, treasurer, in the sum of \$7,000, and the bond of David Warfel, clerk, in the sum of \$500. were approved.

The committee on meat reported that the contract for supplying the same had been awarded to Henry Doerr, at 6j cents

per pound.

The contract for photographing the prisoners was awarded to Betz & Rich ards, who propose to furnish cabinet sized pictures at \$1 25 for six copies, providing that six subjects are given them at a time. If less than six subjects at a time are given, the price to be \$2 for six A donation of \$75 was made to buy

The Ditmars School,

Some time ago Dr. Wm. Compton, executor of the will of the late A. D. Ditmars, went to Chicago and effected the purchase of the fine property belonging to D. G. Swarts, erq , situated at the corner of Duke and Walnut streets, this city, for the purpose of fitting it up as a school as directed in the will. The price paid for the property was \$13,400 Dr. Compton says he is not yet prepared to give even an outline of the plan of the school but will do so next June when he files his account as executor. The intentions of Gen. Dit. mars will be faithfully carried out and Dr. Compton feels certain the public will be pleased with the plan. Lecture at the Mission Chapel.

Rev. Thomas Thompson's lecture in the Presbyteriau Mission chapel last evening on the "The Needs of Our Country" was very interesting and instructive; and while the house was not so full as it should have been there was a good audience present who enjoyed the lecturer's sketches of his experience while working among the Indians and Mexicans of the far West and Southwest, and the difficulties which surround the attempt to make them good and worthy citizens. The next entertainment will be a literary evening and will be duly Judgment Against Stock Sobie ibers.

On last Saturday suits were brought before Justice Whitehead, of West Chester, against John Bartlett, Nathan Bartlett a ! Benjamin Miller, of East Vincent township, and Joshua Burgovne, of South Coventry, by the Delaware River & Lancaster railroad company, through its counsel, to recover the capital stock subscription of the defendants. On Thursday last the cases were argued before Justice Whitehead. The justice gave judgment against the defendants in every case. Tobacco Delivertes.

To-day there was an immeuse amount of baled '83 tobacco delivered at the city warehouses -- as much, if not more, than was delivered last Saturday, which, up to that time, was the heaviest delivery day of the season. During the week Skiles & Frey have received over 500 cases of '83 leaf and several other local dealers have received nearly as much. The buyers are still active, and there is little doubt that the entire crop will be speedily lifted.

dournalistic On Monday next J. B. Hipple, of Mt. Joy, will go to work on the Examiner as assistant editor and reporter.

Mayor's Court.

There were only nine vagrants in the lockup last night, and they were discharged by the mayor this morning.

As will be seen by an advertisement else where, the Friendship Engine House will be offered at public sale at the Hiester house on Thursday, April 8.

Easter Novelties.

The show windows of many of the stores especially the conjectionary and drug stores contain a great many pretty Easter novelties of which elegantly colored eggs, both natural and artificial, form a prominent feature. The drug store of John F. Long's Sons, No. 12 North Queen street, contains the greatest variety of handsomely colored eggs of all sizes, including these of the hen, the duck, the goose and porcelain eggs of all sizes. These eggs are colored with Long's matble i egg dyes, an invention of their own, which is attaining wide popularity, because of its superior brilliance, its easy application and its perfect freedom from poisonous sub stances and offensive smells. The dyes are of all colors and are early blended and may be used for coloring not only egg, but glass, por celain and queensware, vases, lamp shades and a thousand other articles. Even white rabbits, guinea pies, canary birds and pet dogs may be colored with these dyes. Take a look at Long's window.

SPECIAL NOTICES.

Don't You Do It. Don't suffer any longer with the pains and aches of Rheumatism, which make life a bur den to you. Relief, speedy and permanent can be procured at the nearest drug store, in the term of Kidney-Wort. Eldridge Malcolm, of West Bath, Maine, says: "I was completely prostrated with kheumatism and Kidney troubles and was not expected to recover. The first dose of Kidney-Wort helped me.
