REMEDIAL.

Words fail to express my gratitude, says Mr. Wm. C. Cochrane, Nashville, Tenn., for the benefits derived from

Ayer's Sarsaparilla,

Having been afflicted all my life with SCROFULA, my system seemed saturated with it. It came out in BILIOUSNESS, CLUCKS and MALARIAL SORES, all over my body. My father used AYER'S SARSAPARILLA, and since discontinuing its use, eight months ago, he has had no return of the scrofulous symptoms.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists, 61, six bottles for \$5.

AYER'S SARSAPARILLA AND AYER'S CHERRY PECTORAL for sale by Cochran's Drug Store, No. 57 and 59 North Queen St., Lancaster, Pa.

LAME BACK.

This porous plaster is absolutely the best ever made, combining the virtues of the best plaster, with the power of the best liniment. It is used in the treatment of all cases of LAME BACK, RHEUMATISM, NEURALGIA, SORE THROAT, BRUISES, SCALDS, BURNS, and all other cases of inflammation.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists, 61, six bottles for \$5.

LAME BACK.

For constipation, loss of appetite and diseases of the bowels take Hawley's Stomach and Liver Pills. 25 cents.

NEVER FAILS.

THE TOBACCO TRADE.

CONTINUANCE OF THE '83 BOOM
The Local Market Lively—The Packers all staying—More Than One-Half the

Last week, like the week before last, was a busy one. All our local packers and all the New York and Philadelphia houses that have agencies here, had their buyers in the field every day, many of them having carte blanche to purchase all they could find. The country roads having become much better during the past few days of windy weather, the buyers can now safely venture away from the turnpikes without danger of sticking fast in the interminable quagmires which existed for several weeks past in nearly all the "dirt" roads. The constant arrivals at the packing houses of country teams heavily loaded with the weed, show that the buyers have been diligent, and it is estimated that more than one half of the crop of '83 has passed out of the hands of the farmers in this county, and if the present activity continues the whole crop will be lifted in a very few weeks. Prices are a little stiffer than they were earlier in the season, but are not up to the mark that farmers think belongs to the weed, and they have been obliged to sell at the offers made them so that they could meet their first of April engagements.

We present below some sales to show the general drift of the market:

Samuel Moore bought from Conrad Hess, of Eden, 2 acres at 13, 4, 2; from Samuel Haslet, of Parkersburg, 2 acres at 13, 5, 2.

Skiles & Frey, bought of Amos Funk, Lancaster, 6 acres at 10, 4, 2; J. S. Harn, of Eden, 4 acres at 13, 4, 2; John H. Drumore, 1 acre, Havana, at 25; of the same, 4 acres, at 10, 4, 2; J. P. M. Raub, Drumore, 1 acre, 12, 5, 4, 2; J. M. Patterson, Drumore, 3 acres at 10, 4, 2.

R. H. Brubaker bought from S. Linton, Lancaster, 1 acre, at 13, 5, 2; John H. Drumore, 1 acre, at 10, 5, 3; Otis Sterrett, 1 acre, 8, 4, 2; Stephen Johnson, 2 acres, at 10, 4, 2.

John Hildebrand bought of L. R. Kunkle, Eden, 2 acres at 12, 4, 2; E. Hart, Drumore, 2 acres at 13, 5, 2; Jacob Shirk bought of Jacob Eckman, Eden, 3 acres at 6, 3, 2; of Wm. Kunkle, Eden, 1 acre at 10, 4, 2; of M. B. Weaver, Eden, 3 acres at 12, 4, 2; of Wm. Phillips, Coleraine, 4 acres at 11, 4, 2; of Jas. McCoomer, Drumore, 2 acres at 13, 5, 2; of Strick & Co. have bought of P. P. Gillfillan, West Fallowfield township, Chester county, 10 acres, at 10, 4, 2; Dan Ham mill, same township, 1 acre, at 11, 4, 2; O. Crosswell, same township, 1 acre, at 12, 4, 2; E. C. Miellett, Leominster, Chester county, 1 1/2 acres, at 11, 6, 4, 2.

Mr. Wm. S. Clark, of Chestnut Hill, Harford county, Md., shipped to Skiles & Frey, 15,000 pounds of seed leaf tobacco at 30, 1, 3, 5, and 500 pounds of Havana at 30.

Buyers have been so absorbed in the '83 crop that comparatively little has been doing in Lancaster in old tobaccos, of which there remain a very considerable stock in the warehouses.

A Good Farmer. A good many farmers are growing at the prevailing prices, and think the packers are getting the lion's share of the profits of the tobacco business. The following communication from an intelligent grower gives the sentiments of many farmers in his neighborhood:

"MESSRS. EDITORS: The present way of disposing of the tobacco crop is so very unsatisfactory that the farmers of this section are devising other ways by which they can improve on the method of selling their tobacco. That some other means must be adopted is evident, for this way of waiting until the almighty buyer comes with his self imposed duty of being the judge of quality and price will no longer work or tobacco raising will be an industry of the past. Some farmers are agitating a tobacco market house to be located in Lancaster where tobacco can be stored and have stated days for sale by auction. The idea appears good and many supporters. If properly conducted, and there is no reason why it shouldn't be, it would save the raiser much worry and trouble; he could then hand his crop off as soon as asserted, and put it up at auction when he pleased, and the farmer would be getting the farmers of each township to collaborate together and ease their crop until the following year and sell direct to the wholesale firms and realize the profit which the warehouses are now enjoying. By co-operating in this way, by saving money to the impudently raiser, in either plan they would be free and independent of the nabobs who are now scouring the country and flouting in the faces of the farmers the wealth which justly belongs to the farmer, and being in a position that only a preconcerted arrangement or log-rolling could dictate. They pay as much for damaged tobacco as for good and the majority of them want it all for a mere song. It would appear that they are not satisfied with the present way of existence as well as the grower. That the farmers are disgusted with the fare that is being played upon them can easily be ascertained by a few minutes' conversation on the subject."

THE NEW YORK MARKET.
Seed Leaf, Sumatra and Havana, for the week ending Saturday, March 29.
U. S. Tobacco Journal.

With the improvement in the weather the crop has improved, and the threat of business, which seemed to have succeeded the week previous, was taken up again, resulting in quite a respectable array of sales, mostly in '80 and '81 Pennsylvania, though. For binders of any description a crop burning desire was manifested, sales such taking place at prices ranging between 7 and 15 cents. For '82 Pennsylvania there is at present an apathy, standing in glaring contrast to the interest centered in it some weeks ago. Holders of fine goods will not listen to any offers below 30 cents, and many are confidently of obtaining more than 25 cents later on. They compare their stocks with the outcome of the '83 Pennsylvania and that of the '88 Havana seed and the prices for the same in the country, and claim their stock at 25 cents to be the cheapest.

The most anxious and careworn person in the market to day is the jobber. He is amazed at the figures that packers of '83 Havana seed are preparing to ask, and nothing short of a miracle or a lower duty on Sumatra will apparently induce packers to part with their investments short of a very heavy profit. They now bewail the late effort of the trade to keep the duty on Sumatra at 75 cents and loudly cry for a reduction—still they have enough stock of new seed leaf on hand. Last year and the year before Sumatra proved a check valve upon any too expensive prices for new crops of tobacco. This year (at least so far) the 75 cent duty subdues Sumatra sufficiently to allow packers to play the "blatant bondholder act." In about a week the first sale of new Sumatra will take place at Amsterdam. The opening figures will be watched here with intense interest. In certain circles in the market it is held that the prices will be low

enough, owing to the largeness of the crop, to allow a successful importation even at the high duty.

The '83 crop was attacked with the most intense and deadly blight in my back and my teeth!

Extending to the end of my toes and to my hands!

Which made me delirious!

From agony.

It took three men to hold me on my bed at times!

The Doctors tried in vain to relieve me, but to no purpose.

Morphine and opiate.

Had no effect!

After two months I was given up to die.

When my wife heard a neighbor tell what Hop Bitters had done for her, she at once got and gave me some. The first dose eased my brain and seemed to go hunting through my system for the pain.

The second dose eased me so much that I slept two hours, something I had not done for two months. Before I had used five bottles, I was well and at work, as hard as any man could, for over three weeks; but I worked too hard for my strength, and taking a hard cold, I was taken with the most acute and painful rheumatism all through my system that was ever known. I called the doctors in, and after several weeks, they left me a cripple on crutches for life, as they said. I met a friend and told him my case, and he said Hop Bitters had cured him and would cure me. I pooled at him, but he was so earnest I was induced to use them again in less than two weeks I threw away my crutches and went to work lightly and kept on my feet and my children, and I became as well as any man living, and I have been so for six years since. It also cured my wife, who had been so for years; and has kept her and my children, and I have used it from two to three bottles per year. There is no need to be sick at all if these bitters are used.
