"One year ago I was induced to try ATR's PILLS as a remedy for Indigestion, Constipation and He-dache, from which I had long been a great sufferer. Commenceing with a dose of five pills. I found their action easy, and obtained prompt relief. In continuing their use, a single Pill taken after dinner, daily, has been all the medicine I have required. ATR's Pills have kept my system regular and my head clear, and benefited me more than all the medicines ever before tried. Every person similarly afflicted should know their value. 162 State street, Chicago, June 6, 1882.

A NEW BOOK FOR LADIES.

Female Hygiene and Female Diseases, BY J. K. SHIRK, M. D.,

Member of the Lancaster City and County Medical Society. This work describes in plain language the special Physiology and Hygiene of Woman and the Causes Nature, Symptoms, Frevention and Treatment of Her Diseases.

"Weil adapted to fulfill its object."—Prov. Wm. A. Hammond, New York City.

"It is a debated question how much information should be given to the public about diseases of females. We are and always have been in favor of teaching them freely, provided it is done in the proper spirit and manner. We can say of this little work that it fully meets these requirements. It is alike free from superficiality and secsationalism, and one should have no hesitation in recommending it to any woman who desired to acquaint herseli with the hygiene of her sexual life. The author is a respected regular physician and his volume is meritorious."—Medical and Surgical Reporter, Philadelphia.

"Having carefully read the little volume.

"He [the author] evidently has made a thorough study of his subject and he deals with it plainly. The instructions he gives are based on sound physiological principles, and the book will be found valuable by those for whom it was specially prepared."—The Boston Transcript.

"The work is one which women may study with profit."—The Portland Transcript. PRICE, - - - - \$1.00. For sale at Zahm's Book store, No. 20 South Queen street, Lancaster, Pa., or sent by mail, postpaid, on receipt of price, by addressing: THE LANCASTEE PUBLISHING Co., Lancaster, Pa.

THE OLD COUNCILS' FINAL SESSION. Reports and Miscellaneous Hostness to the

Company. A meeting of select and common coun-cils was held in their respective chambers last evening to finish up the business of

Present : Mesars. Baker, Baldwin, Brown, Diller, Evans, Wise, Wolf, Zecher and Borger, president.

The reading of the minutes was dispensed with.

Reports Read. The finance committee reported that they had fixed Tuesday April 22, from 9 a. m. to 4 p m., as the time for appeal of tax payers from the city tax assessed

against them.

The monthly report of the city treasurer and receiver of taxes was read. It shows the receipts for the past month to have been \$8,900.01; expenditures \$9.859.49; balance in the treasury \$12,486.38. The report of the water committee was ead. The committee ask that \$2,000 from the contingent fund be transferred

to the appropriation for water works gen eral, for the years 1884 and 1885, and \$2,000 for deficiencies for current year. No action was taken on the report.

An opinion from J. W. Johnson, city solicitor was read, wherein he states that the city is liable to pay the reward of \$500 for the arrest and conviction of Jere. Dungan for attempting to fire the stables

of the Fountain inu, and that H. M. Graeff is entitled to the reward. Mr. Baker moved that the reward be paid to Mr. Graeff. Mr. Diller objected, saying that there was another claimant, — Reinhart, who he believed was entitled to the reward. Messrs. Wolf and Baldwin were also of

opinion that Reinhart's claim was as good or better than Graeff's, and if the money was paid to the latter the city might be held for payment to the former also. Mr. Brown thought it would be well to have the claimants brought together and let them agree on a compromise.

Mr. Evans said that the district attorney who tried the case and convicted Dungan had said that Graeff was entitled to the reward, and the city solicitor, to whom he matter had been referred, also said so. In view of the difference of opinion among councilmen Mr. Baker withdrew his motion and moved that the matter be referred for investigation to a joint committee of three from each chamber, and suggested that the committee be appointed from members of council who hold over The motion was agreed to and the chair appointed Messrs. Diller, Wise and Zeoher. ommon council concurred and appointed desers. Beard, Demuth and Riddle.

Fire Department Matters. Mr. Brown called attention to the fact that the committee on fire engines and hose had made no report on the matter of purchasing the Empire hook and ladder property, which had been referred to them to purchase for \$2.500, if they could do so. He had heard members of the company say that they would not take less than \$3,500 for the property, but he thought it might be purchased for \$3,250, and it would be cheap at that figure. He moved that the committee be authorized

to buy it at \$3,250. Mr. Baker seconded the motion. had heard it could be bought by the city for \$3,250, and that in that event the Pennsylvania railroad company, which wanted the city to purchase it, would relinquish all claim that they may have

against the property.

Mr. Wolf and others thought the matter had better be handed over for action by the new councils, which will organize next week. Without taking further action a motion

COMMON COUNCIL. Common council was called to order by President Hurst, the following members being in attendance : Messrs. Adams, Albright, Bare, Bolenius, Cormeny, Demuth, Dinkleberg, Eberman,

to adjourn prevailed.

Evarts, Hartley, Henry, Huber, Kendig, Riddle, Schum, Skeen, Spaeth, Hurst, president. The minutes of the preceding meeting

were read and approved. Report of Santtary Committee Dr. Bolenius, from the sanitary commit tee, presented the report of that committee, in which is the following resolution: "WHEREAS, The smallpox has finally been eradicated from our city, and the city appropriation is reported as exhaust

ed; therefore, be it "Resolved, That hereafter the salary of the health commissioner be fixed at the sum of one hundred dollars (\$100) annually, subject to the approval of the city councils." The resolution was adopted.

Select council concurred. Bringing the Electric Ligat Company to Mr. Riddle submitted the following res olutions to councils : "WHEREAS, The Maxim electric light and

power company has guaranteed to furnish the city of Lancaster the full number of 120 electric lights, each of 2,000 caudle power, for the term of one year, and "WHEREAS, After a fair and impartial trial, of over four months, under the most favorable conditions to the company and of patient forbearance on the part of the taxpayers, said company has not only failed to furnish the required number of

lights for any one single night, but has also utterly failed to furnish the two thou sand (2,000) candle power guaranteed the city, therefore be it "Resolved, By the select and common councils that the said Maxim electric

tor.

Inghts nightly, but to mild demonstrate to the lamp committee that the lights are and have been giving the required 2,000 candle power guaranteed by said company, and be it "Resolved, That should said company fail or refuse to make good their contract within said thirty days, further pay ment on the part of the city be withheld and the finance committee be and are hereby authorized to annul the contract and enter suit to recover the amount of the bond given the city by said Maxim elegations or the faithful perfect of the city by said maxim elegations.

"It is is a common remark to the faithful perfect of the city by said maxim elegations are suited to the faithful perfect of the city by said maxim elegations."

"It is is a common remark to the faithful perfect of the city by said maxim elegations."

"It is is a common remark to the faithful perfect of the city by said maxim elegations."

"It is in the part of the city by said maxim elegations."

"It is in the part of the city by said maxim elegations."

"It is in the part of the city by said maxim elegations."

"It is in the part of the city by said maxim elegations."

for the faithful performance of their contract."

Mr. Riddle, in support of the resolutions, said that he had prepared it, although he was one of the lamp committee when four months ago they accepted the electric light. Since then he has come to the conclusion, after paying particular attention to the lights, that they are not a success. He felt that the city of Lancaster believed in the electric light system, but they see that this Maxim light is not what it see that this Maxim light is not what it was claimed to be. It seemed to Mr. Riddle that the lamp committee was wrong to allow this matter to grope along as it has been doing because there has been hardly a night but what there were 15 or 20 lamps out. He could not, and he did not suppose that there is a citizen in Lan-

caster who can, tell what the real lighting power of these lamps are, whether they give 2,900 candle power or not. If this company is bankrupt, as some say it is, the sooner we get rid of it the better and the sooner we let the company know that we do not propose to be hoodwinked the

better too.

Mr. Schum was very much in favor of the resolutions. The lamp committee, he said, had done all in its power to get good lights; had written to the company re-peatedly remonstrating against the de-ficient lights, but never received a word of explanation; got no answer of any kind. He was very much in favor of the electric light, but under the present circumstances regarding the condition of that which we

have now, he was not in favor of continu-ing under this company.

Mr. Evarts was glad to see that some of the members of councils were beginning to see that this light is not a success. For his part he had thought it would be so from the start; these resolutions were in

rder before the lights were accepted. Mr. Riddle averred that he was not quite so far sighted as Mr. Evarts, and he had voted for the Maxim light, because other cities were illuminated by electricity. and Lancaster, being a progressive city, should have it also. He believed that ne tenths of our citizens are in favor having good electric lights. He said that he wanted the company to bring here competent men who could by scientific tests demonstrate the exact power of the lights now in use, if it could be done. Mr. Skeen agreed with Mr. Riddle and his resolutions, but moved to amend the

resolution by making the phrase "within thirty days from date," read "twenty days" etc.
Mr. Riddle said the chairman of the lamp committee had suggested that he should make it 15 days. But he thought it well not to crowd the company. By so doing they may secure a chance to offer some excuse. He thought also that 30 days were not too long, as councils cannot take action on it before that time.

Mr. Skeen was of the opinion that, as the company had treated the lamp committee so coolly, is should be shown that the city has some backbone, too.

Regarding this phase of the matter Mr. Demuth said that he had written to the manager of the Maxim company, saying that a certain lamp burned poorly, and the answer he received was highly offensive and unfit for publication. Mr. Beard said he objected to the cur

tailing of the time, and on a vote the

amendment was lost.

The original resolutions were then unauimously adopted. Select council concur-Miscellany. The reports of the various committees were then read, after which President Hurst addressed a few words of thanks and farewell to the retiring council, and Mr. Riddle moved a vote of thanks to the president, clerk and and janitor for the faithful manner in which they have performed their duties. The motion was

loudly carried, and common council ad-

journed. Two Daties on Hor Dress. N. Y. Times.
A lady who had imported a dress from Paris sent an auxious letter to the custom house authorities a few days ago. She stated that she paid duties on the dress when she received it, but that it did not fit, and she wanted to send it back to Paris to be altered. She wanted to know whether she could get it back again without paying the duty a second time. Collector Robertson said that the law re quired that the duty should be collected a second time, as the garment was second time, as the garment was not in actual use, and could not therefore be readmitted as a "per-sonal effect." A short time ago a gentleman of this city imported a fine bicycle from Eugland and paid the duty thereon. He used the vehicle in this country for several months, and took it with him on a trip to Cuba. When he returned home with his bicycle he was astonished to find that the customs regulations required him to again pay an import duty upon it. He was told that the bicycle was a luxury of foreign make and must pay duty every time that it re-entered

this country.

What Did They Say ? N. Y. Herald. The Congressional Record is intended to give in full the debates of Congress, but the practice of holding speeches over revision deprives it in a measure of its utility. The trade dollar debate was important because we, and many others, believe that Congress is going to authorize a de-liberate swindle upon the people; and yet, when we turn to the Record to read the

debates of Monday, we find : Mr. Bland addressed the house. He withholds his remarks for revision. Mr. Miller, of Texas, addressed the house. He withholds his remarks for re-

Mr. Lacey addressed the house. He vithholds his remarks for revision. Mr. Van Alstyne addressed the house He withholds his remarks for revision. The only arguments given are contained in some remarks of Mr. Ermentrout, which were not spoken, but were printed by unanimous consent. These speeches will now be scattered over the next five or six

days and separated from their context. The extreme penalty of bigamy is two mothers-in-law, but the penalty for not attending to your cold however trifling it is, will be lingering consumption. Take Dr. Buil's Cough Syrup as soon as you detect trouble or pain.

MAUHINERY.

HAVING DISSULVED FARTS ESSENTIFE and petmasently closed the Chestnut street Iron Works, I desire to inform my old patrons and the public generally, that I am still in the business, being located in the Fenn Iron Company's Works, North Flum street, where I am making Iron and Brass Castings of every de-tription, and will be pleased to serve all who may favor me with their patronage. From 40 years experience in the business and using the best material and employing the best mechanics, I am sati-ded I can guarantee entire satisfaction. Castings mave from a mixture of iron and steel which are more reliable for strength and durability than the best made of very soft iron, and brass castings of every description. I have all the patters of the well and favorably known Mowret Corn and Cob Crusher, refitted and improved. Also on hand, mills completely fitted up or in parts, to replace old ones which have been in use for years, guaranteeing them to give lands.

SPECIAL TO TOBACCO FACEERS AND Workingmen generally.

All are respectfully invited to call and see the best Working Pants. Jackets and Shirts in the market Male after the most approved patterns and finish and warranted not to rip.

Also Underwear, Hosiery, Gloves and other staple goods. All cheap to suit the present times. Please call and examina before you buy.
