## MILLIONS IN IT.

THE EL DORADO IN FAR COLORADO,

Visions of Wealth-A Country of Stupendous Ideas-Aucient Eiver Beds Filled With Gold.

Denver Cor. N. Y. Sun. About every other man who is to be met west of the Missouri river is a schemer. The projects that are born here annually, mapped out in endless conversations or in stacks of legal cap and then dropped incontinently, would, if properly described, fill volumes Merchants, lawyers, physicians, manufacturers, preachers, invalids and all their dependants occupy their spare moments in studying up enterprises of give up the idea that they had a great weight and moment. There is something in the atmosphere which seems to encourage this peculiar phase of mental activity. A young man in the East, to whom inducements to settle in the far may be offered, is assured that, while the salary may not be large, he must not overlook the opportunities which a new country affords to smart, active fellows. Opportunity has paid millions of dollars in salaries in this country during the last twenty years. It is dealt in by all who may be established here, and is parceled out to new comers as if it were an asret of those aiready here, I: is intangible for the most part, and conhump day and night at such a speed as to sists chiefly of magnificent visions. The privilege of dealing in opportunity is generously accorded to all, from the railroad manager to the kitchen drudge.

Some of the seediest men in the west are the most brilliant schemers. There is an old fellow who fluctuates butween Virginia City, Leadville, and Deaver who has fathered more projects involving tre mendous engineering feats than all the great engineers in the world. Every time he turns up here he has a new idea, and is very confident that he has struck it this time. His latest was thus described by

himself: All through the Rockies and the Sterras hou acres. the ages that have gone. Centuries ago there were rivers, now anknown, he rich in mineral as any of those from whose beds lapse of time, furious storms, and convulstreams, covering them in some instances to the depth of hundreds of feet, and their into which the priceless treasure of a

"I have located three pr four of these home of lugersoll.

The house will be built of logs entirely, ancient rivers, and have mapped out a when the gravel is struck run drifts up There is absolutely no limit to the possi-

"I have got a scheme," sold a thin, tirely outside the house, as may best serve long whiskered individual in a Las Auimas cifects in the general log-cabin design of tavern the other day, "which only insels the buildings. Every large room has a money to make it a supendous and world spacious fire-place for wood. With the famous success. Now, here's this Arkan-sas river. It's no good after it leaves the mountain country, and with a little servatory above all the buildings (it is not change in its course it might be made one building, but a numerous and grouseful in the West. I have found a place | terque jumble, all connected) will be but where, by the construction of a wall of one story high. The roofs will be steep, rough masonry, seven or eight feet high, semi Gothic, painted gule red, which, with for a distance of two or three miles, that all the clustering gables and the chimnes river could be turned from its channel groups, will make a charming ensemble here in Colorado, and sent beoming to the | there among the green cedars and pines. south through Arizona or New Mexico, as you pleased, and into the Rio Grande. Some excavating would be necessary at a few places, but I would utilize the beds of other rivers to a considerable extent. With a steady supply of good water thus assured it would be an easy matter to sell better fate-creep around, broom or utensits privileges along the route, to construct in hand, upstates, downstates and out of doors, great reservoirs for irregating purposes, and to build waterworks for towns and mining camps. This thing is in the inter-

est of civilization. "The river now russ through a flat country, the inhabitants of which cannot not care to utilize its waters. Turned off, as I propose, it would hasten in your receptive ears. If these women of the settlement of all the country to the yours are worth having, they are worth south of us, and develop some of the saving. That back-ache-that pala in the chest! What are they but indications of some Think of the amount of stock that could Think of the amount of stock that could be sold in such a scheme, of the number of companies that could be organized, and of the dividends that they would pay. have had a talk with one congressman and with several enpitalists on this project, and the thing is working. The first thing you know it will be under full headway.

On a Denver and Ito Grande tran the other day a sharp eyed man, who had tried everything, from mining and stock raising to bottling beer in this city abaniv. "One of these days there will be a railroad through every canon in this whole Western country. It only needs a million or two to make a hundred millions on a little scheme that I have in view. There are lots of canous where you can't put more than one railroad track through to save your life. I have been thinking of organizing a company to buy up the right mighty high ; and enough can be made on one such deal to pay the expense of the whole undertaking. Before very long there will be a demand for the others and so it will go. I'm negotiating for capital

The land grant is a thing which excites | Remedy." the capidity of the schemers. Every rail teenth century. Send at once for Hustrated Pamphlet free. Address, it is to keep an eye on its lands. Somebody it is to keep an eye on its lands. Somebody is scheming for them all the time. Dozins of jobs have been organized to capture big slices of the public domain on which corporations of one kind and another have fastened their grip. Every legal point must be watched with the utmost care and if any loophole is left open, some fellow who may have been waiting for years for

just that opportunity is sure to crawl in at Not long ago two men, who looked

though it was a good while since they had lost their grip the last time, appeared in this town in the interest of a big copper scheme. They had figured it all out, and there was no doubt about its success. They had been at work for a long time in Arizona on what they hoped at the be Hundreds of tons of rock had been piled 139 North Queen street. up, and a ton or two had been sent to Denver to be assayed. There was a little silver, a little lead and a little copper; but not enough of either or of all together to to Denver to secure capital to put up machinery at their mine for the reduction of their copper ore. One of the men with whom they talked declared that it wouldn't pay; there was not enough opper in five tons to pay for working one, but they could not see it. They had a thousand tons in sight, and, figuring on a profit of \$2 to the ton, they were certain of \$2,000 right away. They knew also that the same kind of rock existed for miles around, and they believed it extended a mile or two into the earth, and if they could get the machinery they would be willing to bet they "would make the thing

## A WOMAN'S AFFAIR.

Mrs N. H. Small, the wite of the popular eputy sheriff and assessor of Topsham, Me. writes us on May 15, 18:3; "That she had been severely afflicted during several years with kidney and liver disease, accompanied with severe pains and backache. Having tried many so-called cures, and medicines, and doc tor's prescriptions, without receiving any benefit, and while sceking for a cure, she noticed the advertisement of Hunt's Remedy nd decided to try it. Having bought a bottle Mr. Johnson's drug store, commenced using I with such flattering results that she contin-red its use, and after using only five bottles e improvement in her health is so marked but she wishes all who are afflicted in like ner to know of this most valuable and citable medicine; and she most cheerfully recommends Hunt's Remedy to all, and espe-cially to females who are troubled with the complaints peculiar to the sex."

### A FAMILY BLESSING. Under date of May 10, 1883, we have received

the following information from Mr. Lorenzo Lombard, of 18 Charles street, Portland, Me. Mr. Lombard says: "For several years past I have been troubled with severe backache and palse in the side, and when I would lie down I sound not rest well, as it seemed imnosethic for me to get into an easy position; and my aches and pains increased constantly to such an extent that I became convinced that I had a disease of the kidneys fastened to to, and after having used doctors' prescripng any benefit, I was persuaded by a our neighbor, Mr. Jones, to try Hunt's Be medy, as bluself and wife had been greatly benefited by its uses, and many others of our nequalatances spoke of its merits in the of way in such places, and put flown a highest terms. I decided to try it, and purscition of track. Let it lie. One of these chased a bottle at Nichol's drug store and a days there'll be a strike on one of these soon as I had taken a few doses of it the pains routes, and they will have to have a rail- in my back were refleved, and after taking road built. It can't go up the mountains three bottles my sideache and lame back are or through it. Our right of way and bit cured, and I can truly testify that Hunt's Reof track will come mighty handy, also medy is an article of great merit, and will do other people in Portland who have found a cure in Hunt's Remedy after all others failed to do any good, and I recommend it to all who have kidney or liver disease, hoping that this may be the means of relieving some sufferer who does not know of the merits of Hunt's u21-1wdM, WAF&w

A baby was born in a cemetery at Marshall-town, Iowa, a short time ago, but every-where can be seen babies borne to the cemetery be-cause mothers cruelly neglect to procure Dr. Bull's Cough Syrup, a sure cure for croup, colds and coughs.

" In time of peace prepare for war,"
Is good advice to every man.
In chilly times look out afar,
And buy Spring Clothing if you can.

A good many have evidently been acting on this latter advice, if the sales at
