IN AFTER DAYS.

In after days, when grasses high
O'ertop the tomb where I shall lie,
Though well or ill the world adjust
My *slender claim* to honored dust,
I shall not question nor reply.

I shall not see the morning sky,
I shall not hear the night wind sigh,
I shall be mute, as all men must—
In after days!

And yet, now living, fain were I
That some one then should testify,
Saying—*He held his pen in trust*
To Art, not serving shame or lust.
Will none?.....Then let my memory die
In after days!
—*Austin Dobson, in the Century.*

TRANSPORTING CATTLE.

Inquiries to be Made by Congress.

Following are the resolutions recently introduced in Congress by Mr. Hopkins, to which editorial reference has been made in the INTELLIGENCER:

WHEREAS, It is charged that the present system of transporting live stock by railroad companies engaged in interstate commerce is barbarous and destructive, that 10 per cent. of the animals perish in consequence of this treatment, and the flesh of the remainder is rendered unfit for human food; and

WHEREAS, It is charged that the flesh of animals so treated, including that of the dead and dying, is sold to the people, and can not when dressed be distinguished from sound meats, and is the source of many and various diseases; and

WHEREAS, It appears by a report of the committee on agriculture of this House, January 21, 1875, that the loss by shrinkage alone in the weight of animals, caused by this system of transportation, amounted to the immense sum of $8,000,000 on the business of 1870, and must now be nearly or quite $16,000,000 per annum; and

WHEREAS, It has been charged that said railroad companies, by a system of favoritism, give to a small number of persons, known as the Association of Eveners, a bonus or gift of about $15 upon every car load of beef cattle shipped from West to East, said sum being no part of the actual legitimate cost of transportation, but is on the contrary collected by the transporters and paid over to the so-called eveners as a mere gratuity; and

WHEREAS, The losses and charges above constitute in the aggregate an enormous tax upon a necessary article of food, which must be borne by producer and consumer alike, diminishing the just profits of the meat growers in the West and placing meat food in many instances beyond the reach of the poor man in the East; and

WHEREAS, It is charged that the act of Congress requiring railroad companies to unload stock *in transitu* at least once in every period of twenty eight hours to be fed, watered, and rested, unless carried in cars in which the animals are adequately fed, watered and rested without unloading is habitually violated: Therefore,

Resolved, That the committee on commerce be instructed to inquire whether these evils do in fact exist, and to what extent they may be remedied by law, with power to send for persons and papers, and with directions to report at any time by bill or otherwise.

Letter from J. Malcolm Smith, Clerk of Winchester County, New York, for Nine Years.

WHITE PLAINS, N. Y., May 7, 1883.

I have for many years been troubled at times with muscular rheumatism and pleuretic pains, and have always found Allcock's Porous Plasters to be quick and efficient in affording relief.

In December last I had an attack of Pneumonia, which left one of my lungs in a weak and extremely sensitive condition, accompanied at times with severe pain. The application of one plaster relieved the pain in a short time, and I have worn one almost constantly since, as a protection to the weakened lung.

I have used Allcock's Porous Plasters for myself and family for over twenty-five years, always with speedy beneficial results, and I do not hesitate to recommend them for their mild counter-irritant qualities, and for their skill fulness in relieving congestion of the lungs and pains of a rheumatic and neuralgic character.

J. MALCOLM SMITH.

Be sure to obtain "Allcock's" Porous Plasters, as all others are worthless imitations.

"How would you like to cure your horse of that allergy foss and rough coat?" "Well, you can do it by giving him some of Day's Horse and Cattle Powder; you can buy a pound package for 25 cents."

The New Tricycle.

This machine is propelled by steam, and will carry two people twenty miles in an hour, it is said. It is a Canadian invention but does not compete with *Burdock Blood Bitters*, which will carry the invalid along the road to health to beat all. For sale by H. B. Cochran, druggist, 137 and 139 North Queen street.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS

The kidneys act as purifiers of the blood, and when their functions are interfered with through weakness, they need toning. They become healthfully active by the use of Hostetter's Stomach Bitters, when racking short of relief from other sources. This superb stimulating tonic also prevents and arrests fever and ague, constipation, liver complaint, dyspepsia, rheumatism and other ailments. Use it with regularity.

THE

Indians Have Gone.

But their medicines remain with us, and can be found in every drug store in the city, and people who are using their medicines can be supplied at the same prices as were established by the Indians,

Ka-Ton-Ka

Operates with energy upon the bowels, liver, kidneys, and pores of the skin, thus expelling, by means of these organs, the disease-germs, or cause of scrofulous, inherited, and contagious humors and disease which float in the blood, perspiration and urine. In forty minutes after taking the first dose it may be detected by chemical analysis in the blood, perspiration and urine, where it acts upon diseased or morbid impurities and destroys them after which they pass harmlessly from the system. Hence its great power over diseases which derive no benefit from all other forms of treatment. As a blood purifier and spring medicine it surpasses all other compounds. It acts gently yet freely upon the bowels, overcoming constipation, dyspepsia, sick headache, furred tongue, biliousness, torpidity of the liver, high colored or thickened urine, in a very few doses. It excites the apetite, increases the flesh, hardens the muscles, and solidifies the bones. It is a mother's remedy, regulating and strengthening the material functions, it purifies the female system of ulcerative weaknesses and debilitating humors. It expels the first symptoms of hereditary humors and diseases in children and youth. It is wonderful in nervous debility, emaciation and dropsy. It expels the cause of rheumatism and gout and invariably cures. There are no forms of disease upon which the medicine does not act favorably by reason of its purifying action on the great fluids of the system. Price $1 per bottle, six bottles for $5.

Indian Cough Syrup

Is certainly the best remedy of its kind ever introduced, and all people who are suffering with coughs, colds and lung troubles should not delay its use. Price 10 cents per bottle.

Modoc Indian Oil

Will never be forgotten by those who saw the wonderful cures performed in public by the Indian medicine men. The Indians believe it to be the Great Spirit's medicine. It relieves all pain instantly.

Ask your druggist for MODOC INDIAN OIL. Take no other. It is the best. Price 25 cents per bottle; five bottles for $1. All Keep It.

MACHINERY.

HAVING DISSOLVED PARTNERSHIP and permanently closed the Chestnut street Iron Works, I desire to inform my old patrons and the public generally, that I am still in the business, being located in the Penn Iron Company's Works, North Plum street, where I am making Iron and Brass Castings of every description, and will be pleased to serve all who may favor me with their patronage. From 40 years experience in the business and using the best material and employing the best mechanics, I am satisfied I can guarantee entire satisfaction. Castings made from a mixture of iron and steel which are more reliable for strength and durability than the best cast iron known. Y teeth roll pinions, rolls and rolling mill work a specialty. Castings made of very soft iron, and brass castings of every description. I have all the patters of the well and favorably known Mowrer Corn and Cob Crusher, refitted and improved. Also on hand, mills completely fitted up or in parts, to replace old ones which have been in use for years, guaranteeing them to give satisfaction.
