## COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE

**Prof. Ames Reelected Superintendent of the Borough Schools—The Regular Local Budget.**

Last night only one tramp lodged in the lockup

To night Orion lodge of Odd Fellows meet.

This morning at an early hour a heavy rain prevailed.

An unusually large haul of shad was made last night by the fishermen. Large numbers were shipped to Reading and other points on the Reading & Columbia railroad.

A wrecking party of the Frederick railroad, under the supervision of Mr. Newton Jackson, foreman of the Columbia wreckers, cleared away yesterday afternoon a slight wreck, which occurred last Saturday on a siding at Wrightsville.

There is to be erected at the west yard dispatcher's officer, P. R. R., a semophone signal, which is an arrangement used for signaling trains. This one will be employed in signalling trains of the main line.

More interest has been manifested in the examination of the primary schools this week than there was last week. These examinations are passing off in a very satisfactory manner.

The first game of base ball booked for this place is that of clubs of the new Lancaster county association. The other clubs of town appear to await the opening of the ball season here by the association clubs, before they take a hand in base ball affairs.

**Personal.**

Mr. H. H. Heiss yesterday entertained Mr. A. B Baer, of Rohrerstown

Mr. Luther Righter of Duncannon, Pa., is visiting his brother, Mr. Noble Righter.

Mr. Shock's health has so far improved as to permit him to occupy a chair in his sitting room.

**Two Funerals.**

Mrs. Gen. William Patton was buried this afternoon from her late residence in South Second street.

Two-morrow morning at 11 o'clock the funeral services of the late Levi Breneman of Lancaster, will be held at the late residence of Mr. Abraham Betner, on Cherry street.

**Amusements.**

A short variety performances, to be given by members of the company before the regular drill hour on Monday evenings, is the latest thing proposed for getting out to the drills the members of Co. C.

"The Queen's Lace Handkerchief" drew but a fair sized audience to the opera house last evening. The New York opera company is an organization of great merit and excellence, and deserved a more liberal patronage last night.

**A Nuisance Needing Abatement**

The bone boiling establishment on Shawnee creek deserves a visit from Chief Burgess Erwin. On the few warm days which we have had this spring the stench arising from the place was terrible. Several Pennsylvania railroad employes of the east yards were sickened by the smell.

**Prof. Ames Re-elected.**

Prof. B. G. Ames was re-elected superintendent of the borough schools at last night's meeting of the school board of this place. Mr Ames has already served three terms of three years each. Columbia never had a more faithful or competent superintendent than Mr. Ames.

**A Woman Held for an Assault.**

Mrs Catharine Sively has been held over in $100 bail to answer for her appearance at court on the charge of assault and battery, which was preferred against her by James Waters, colored. At the hearing of the above case she was compelled to pay the costs of a suit for being disorderly. These suits resulted from a late row on Tow Hill, an account of which was published a few evenings since.

**Buffalo Bill's Latest.**

Prof. Christ. Burger, John Mohring, Charles Lotz and Joseph Royer of this city are traveling with Buffalo Bill's, "Wild western" out door show. Prof Burger, who was formerly at Fulton opera house, is leader of the band and orchestra with the show and the others are also musicians. Bill's agent is in town to-day making arrangements for the appearance of the party here early in June. They will exhibit in the park grounds where the Indians will encamp.

**A CHALLENGE.**

**To the Lancaster Base Ball Club**

The Ironsides base ball club, of this city, hereby extends a challenge to the Lancaster base ball club to play five or more games in this city at dates to be hereafter agreed upon; two games on the grounds of the Lancaster, two on the grounds of the Ironsides and the place of the odd game to be determined by lot; the gate money for each game to be equally divided between the clubs; other conditions to be arranged between the managers of the clubs, provided that the names of all the players be selected from those in the service of the respective clubs.

**Amusements.**

*Rev. Hector's Lecture*—This evening Rev. Hector, of York, will lecture in the opera house. There will very likely be a large audience present, as the fame of Mr. Hector as a lecturer of force and ability is becoming widespread. His lecture is unique from its style of delivery and the original humor and pathos which abound in it. Rev. Hector is well worth going to hear.

**Lost Faith in Physicians.**

There are innumerable instances where cures have been effected by SCOVILL'S SARSAPARILLA, or BLOOD & LIVER SYRUP, for all diseases of the blood, when the patient had been given up by physicians. It is one of the best remedies ever offered to the public and as it is prepared with the greatest care, as a specific for certain diseases, it is no wonder that it should be more effectual than hastily written and carelessly prepared prescriptions. **How to Secure Health.**

It seems strange that any one will suffer from the many derangements brought on by an impure condition of the blood, when SCOVILL'S SARSAPARILLA AND STILLINGIA, or BLOOD AND LIVER SYRUP will restore perfect health to the physical organization. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the best BLOOD PURIFIER ever discovered, effectually curing Scrofula, Syphilitic disorders, Weakness of the Kidneys, Erysipelas, Malaria; all nervous disorders and debility, blotchy complaints and all diseases indicating an impure condition of the Blood, Liver, Kidneys, Stomach, Skin, etc. It corrects indigestion. A single bottle will prove to you its merits as a health renewer, for it ACTS LIKE A CHARM, especially when the complaint is of an exhaustive nature, having a tendency to lessen the natural vigor of the brain and nervous system.

**RESCUED FROM DEATH**

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we long to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report was circulated that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughe at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by H. B. Cochran, 137 North Queen street

## GRANT TALKS.

**HIS VIEWS ON VARIOUS MATTERS.**

**He Speaks Cheerfully of the Future Commercial Prospects of the Country, Favors a Presidential Term of Seven Years, and Declares for Logan—The Marine Bank and Grant Failures.**

NEW YORK, May 7.—The *Mail and Express* to day prints a two column interview with Gen. U. S. Grant, held yesterday before the announcement of the financial difficulties in Wall street. The general takes a very cheerful view of affairs. The producers, he thinks, are not getting very high prices for their products, but their supplies are abundant and manufacturers are busy in all directions. At the end of the present century, that is sixteen years hence, our population will probably approximate one hundred millions and people then living will find New York city the financial centre of the world. The general sees no reason why at the end of the century the Southern states should not be the leading manufacturing centre, particularly in cotton fabrics and iron in all its forms. Mexico is bound to develop as rapidly as our own Pacific coast did when we first acquired it.

When questioned on constitutional questions he said he thought we should amend it so as to make the presidential term seven years instead of four and that the incumbent should then be ineligible thereafter.

On the Mormon question the general thought Utah should be governed by a commission the same as the District of Columbia. He was opposed to making any one a citizen who could not write or speak English or whose moral character was questioned. He hesitated about speaking of the present presidential campaign, but finally said he thought the Republicans had a better chance now than they had four and eight years ago. He declined to criticise Arthur's administration, and the interviewer then asked point blank who was his preference, and to this the general replied:

"I decidedly favor Logan. He is a man of ability and of courage to maintain his convictions, and one who is not swayed by every passing breeze."

**The Marine Bank Failure.**

It is now said that the affairs of the Marine bank are not nearly as bad as reported, and that there was undue haste in closing the doors. The same is said to be true of the Grant & Ward failure.

The supreme court to-day granted several attachments against the property of Ferdinand Ward, one of the firm of Grant & Ward, brokers, which failed yesterday. The attachments were granted in proceedings begun to recover money due.

**LOST AT SEA.**

**123 Persons Sink With the State of Florida and 12 With Another Vessel.**

FATHER POINT, Que., May 7.—The steamship Titania passed in this morning, having on board twenty four of the crew of the steamship State of Florida. The latter vessel was sunk at sea by a collison with a bark. Out of one hundred and sixty-seven persons on the State of Florida only forty-four were saved, and of the bark's crew only the captain and two of the men were rescued. One hundred and twenty three souls went down with the steamer and twelve with the bark, making a total loss of one hundred and thirty-five.

Twenty other persons were in another boat and it is supposed they were picked up by some other vessel The bark's name is unknown.

**A Very Serious Wreck.**

CHICAGO, Ill., May 7.—A special from Decatur, Ill., says: A broken rail, ten miles south of this city, on the St. Louis division of the Wabash road, threw a passenger coach and two sleepers into a ditch, injuring twenty persons seriously and three fatally. It is reported that Conductor Vincent, of Michigan, in charge of one of the sleepers, was crushed and cannot live, also that Miss Emma Walker, of Vermont, will die. Five surgeons have gone to the scene. The name of the injured have not yet been learned.

**The Wissahickon Mystery.**

PHILADELPHIA, May 7.—The inquest on the body supposed to be that of Frederick Stahl, the trunk and head of which were found separate in the Wissahickon creek, was reopened to-day, but no new facts were elicited. Charles Albert Disterle is under arrest on suspicion of having murdered Stahl, but the coroner's jury would not render a decision as to who might be the murderer. Disterle was, however, committed to await the action of the district attorney.

His assets are $300,000, consisting of farms, timber lands and interests in collieries.
