Seorge Smith, After a short Spell of Choler Morbus, Admits Killing Heliz. Great excitement was occasioned in Milford, Pike county, by a rumor circulated about town that George Smith, who is in jall on a charge of murdering Frank Heitz, was poisoned by Annie Smith, the alleged wife of Hoitz. It seems that she gave Smith two oranges through the grating, and after he ate one of them the grating, and after he are one of them he began complaining of severe pains in the stomach and declares that Annie Smith had put polson in the oranges. Doctors were summoned and on investigation it

urned out to be a severe case of cholera morbus.

Smith sent for District Attorney Newman and told him he would like to enter a plea of murder in the second degree. He confessed to an interpreter that he had killed Heitz and said he had asked 'Squire Hoffman, of Matamoras, to defend him from injury from the man, and as he Hoffman, of Matamoras, to defend thin from injury from the man, and as he could get no help from that quarter he took the law in his own hands. Judge Beeley refused to accept this plea. He then requested to be brought to the court house, where, through an interpreter, he pleaded guilty of murdering Heitz. A shudder passed over the faces of judges and jury when he made the conjession. and jury when he made the confession.

The degree of murler will be determined
by Judge Seeley and associates after hearing the testimony of witnesses.

The Desta of White Thunder. News has been received at the Indian training school Carlisle from the Rosebud Agency, in Dakota, that the Sioux chief. White Thunder, had been shot there and killed on the 1st instant. His murderers are two chiefs of the same tribe, named Spotted Tail and Thunder Hawk. White Thunder was a man of great prominence among the Rosebud Sioux and aspired to the place made vacant in the tribe two years ago by the murder of old Spotted Tail by Crow Dog. Young Spotted Tail also being an aspirant for his father's place was naturally jealous of White Thunder, and it is supposed that the feeling of rivalry caused the murder. White Thunder's only child, a daughter of sixteen, is a pupil in the school and so are two of young Spotted Tail's brothers.

Twenty-one Dead Bables.

One mile this side of the little village Hammonton, on the Camden and Atlantic railroad, is a handsome house on a breezy knoll, with trees and flower beds about it It is a summer station on the railroad, and as one ascends the steps from the train he sees the sign, "Summit Grove Savitarium" On the cool veranda of the house last night as a Times reporter entered a diminutive nursemaid was attending to the wants of two infinitesimal babies. In the orchard behind the house the visitor counted twenty one little graves. The two living and the twenty one dead make the roll call of the infant inmates of the Nivison home, which was started with a grand flourish of trumpets in January last. The burials were made without permit.

> Letter from Senator cl. U. Nelson. SENATS CHAMBER, ALBANY, N. Y., April 4, 1883.

On the 27th of February, 1883, I was taken with a violent pain in the region of the kidneys, I suffered such agony that I could hardly stand up. As soon as possible I applied two Allcock's Porous Plasters, one over each kidney, and laid down. In an hour, to my surprise and delight, the pain had vanished and I was well. I wore the plasters for a day or two as a precaution, and then removed them. I have been using Altcock's Poroce PLASTERS in my family for the last ten years. and have always found them the quickest and best external remedy for colds, strains kinks and rheumatic affections. From my experience I believe they are the best plaster HENRY C. NELSON. in the world. American Art.

AND INTEND TO PROVE CERTAIN RE PRESENTATIONS FALSE AND DEFY COMPETITION. It has been circulated and reported during he last few months, to our customers, as well as others, that the quality of work constructed by us was of an interior character, which had a tendency to hart our reputation to a con-siderable extent, depriving us of quite a number of sailes, and compelling us to sell at lower prices than heretotore, thereby causing us considerable loss. The object of this we can readily understand, and we think it un-lust and a cowardly way of injuring our repu-tation, otherwise we would not compiain; but as it is a base, cowardly misrepresenta-tion, and reported by two of our alleged first-class coach makers, we intend to protect our rights, no matter at what cost. In justice to ourselves and to sustain our others, that the quality of work constructed our rights, no matter at what cost.

In justice to ourselves and to sustain our reputation as first-class buffiers of light carriage work, we will wager any amount that we can construct as fine a vehicle as any in the city, and, furthermore, that our raw material in stock is greater, and of as fine a quality as that of the parties this may interest. Also, that our stock of finished vehicles on hand comprises some that will compare with any in the city.
