Camer Test Jammany will Reopen the Unit Question Pented

The report that Tammany will try to reopen the unit question is denied by Senator Grady, who says he knows of no way to get at it.

To day it is reported Tammany toling the spoils of office the opportun make in the convention an effort to break was pregnant with mighty possibilities. the unit rule, but exactly how the fight good of men. The Republican party, to be resumed is not stated. Kelly laimed this morning that he had 100 ere had tendered nothing worthy of the additional votes to those cast yesterday for Grady's amendment. The light of ervent aspirations of the prople country rejoleing in restored unity and esterday was only a preliminary sparring nond, it tendered the renewal of see match. The real contest, so it is said, will occur to-day, whether the effort will be

successful or not. There is no doubt that last night and this morning an mmense amount of work was done by Kelly and his men. The actual results of vesterdays filibustering is claimed to be decrease in the total vote of Cleveland of it least 50 votes, and perhaps more. The opposition held that any method that can tave off a ballot on president is sure to bafisastrons to Cleveland's chances. If gives

He enjoyed a strong boom after the defeat of the New York delegation, but the vote on Grady's amendment yesterday is capable of several interpretations. The Cleve and men claim, of course, that it showed only a portion of the New York governor real strength. The friends of Bayard, Thurman and McDonald, on the other hand, say that Cleveland's actual strength

is at least 100 short of the 4:3 votes dist against the amendment. Many believe these 100 votes, or a vory arge proper on of them, can be converted to-day to a position aga ns. the unit rule.

The Second Day's Proceedings. The convention was call d to order at 11:27 o'clock, with an immense crowd in attendance.
