The Streets of Lancaster.
The city of tancaster needs to take
heed test it may bave to pay heavy dam
ages some day to those who are injured
by the fmpertect condition of its streets. Wo obserere that it is the custom of
those who dig ap the streets to lay dow port a man who sent a substitute to the sewers or pipes, to leave high hil
behind them as a monument of labors. They may bo gratifying ev
dences that work has been done on $t$ it committee and the be that the streel ent share the contractrof's astifisaction
