Fire Nearly Caused by a Hot Air Balloon—A Waterloo For the Columbia Base Ball Club—Town Notes.

A paper balloon was sent off last evening by some parties who are in the habit of so doing. A large sponge filled with alcohol and lighted is the means used for sending them into the air. The one last evening ignited when only a short distance in the air, and the sponge dropped on the carriage shed adjoining the Franklin house stables. The boards were soon in a blaze, and only by the exertions of some parties who saw the sponge fall, was a fire prevented. The sending off of these balloons should be prohibited, as serious damage might at some time result from them.

The Columbia Club Nowhere

A large crowd was present on the Kitchentown grounds yesterday afternoon to see the Lancaster club administer an awful defeat to the Columbia club. The home club played as if they were trying to give their opponents as many runs as possible. The following is the score:

INNINGS.	1	2	3	4	5	6	7	8	9	
Lancaster	2	3	0	0	2	7	2	7	2	25
Columbia	0	0	0	3	0	0	0	0	0	3

The management should provide better accomodations for the patrons of the games. The majority of the audience must stand, or if seated have their view obstructed by persons holding umbrellas on the front seats.

Miss Annie Bower, of Philadelphia, is visiting in town, the guest of Mrs. Dr. Righter.

Two German tramps were arrested last night by the railroad police, for riding on a freight train. They were before 'Squire Frank this morning, but as they told such a pitiful tale of their wanderings in search of work, and have been in the country only six months, and were returning to Philadelphia to meet their families, the 'squire released them and sent them on their way rejoicing.

John N. Devan was arrested and taken before 'Squire Young, charged with the shooting of a partridge on the farm of B. F. Heise and with trespassing on the farm of John P. Stamen. The complaints were made by the different owners of the farms. Devan gave bail for his further appearance next Saturday evening.

RESCUED FROM DEATH

The following statement of William J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better My hope, once dead, began to revive, and to day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work." Sold by H. B. Cochran, 137 North Queen street.

Twenty-four Hours to Live.

From John Kurin, Lafayette, Ind., who announces that he is now in "perfect health," we have the following: "One year ago I was, to all appearance, in the last stages of consumption. Our best physicians gave my case up. I finally got so low that our doctor said I could only live twenty-four hours. My friends then purchased a bottle of DR. WM. HALL'S BALSAM FOR THE LUNGS, which I considerably benefitted me. I continued until I took nine bottles, and I am now in perfect health. jy21-2wd&w

There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians in the United States Sold everywhere. 25 cents a bottle. mwf31-1yd M.W.S&w
