The Effect of the Earthquake to Columbia-Company C. Home Again-Base Bail tirlets-Town Notes,

Columbia was greatly excited yesterday afternoon, by which at first appeared to be the effects of an explosion. Not until evening did our citizens learn the cause of the dull, rumbling sound, and the shaking and swaying of houses. When it was found it was an earthquake they became even more excited than when the shock was felt, but as little or no damage had been done, their fears were soon allayed. Several window panes and broken looking glass were the only things broken, so far as learned. Tao shock was most soverely felt on Locust street, above Third. The river was also affected, leaving the water as though of a ground swell. The shock lasted about a will be met at the Penusylvania depot by Home Agate,

Company C. is home again, having arrived at 12:25 p. m., Saturday. Although not exactly covered with glory the boys made an enviable reputation, being called "Col. Good's Toughs," because their amount of guard and active duty and drill was performed without the slightest inconvenience to a single member. Capt. Case has regained the confidence of the bys and future good results may be looked for from this last encampment. Capt. RESCUED FROM DEATH The following statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the sumner of 1877 I was admitted to the City Hospital. While there the doctors said I havt a hole in n.y left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medtines. I was so far gone at one time a report went around that I was dead. I gave up hope out a triend told me of DR, WM. HALL'S BALSAM FOR THE LUNGS. I laughe at ny friends, thinking my case incurable, but I got a bettle to satisfy them, when to my surprise a' d gratification, I commenced to feel better My hope, once dead, began to revive, nd to lay I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. The following article was voluntarily sent to Mr. H. E. SLAYMAKER, Agent for REIGART'S OLD WINE STORE, by a prominent practicing physician of this county, who has extensively used the Brandy referred to in his regular practice. It is commended to the attention of those afflicted with

Indigestion and Dyspepsia.

BRANDY AS A MEDICINE. This now much abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the destructive discases which sweeps away their annual thousands of victims. With a purely philanthropic metive, we present to the favorable notice of invalids—especially those afflicted with that miserable disease, Dypspepsia, a specific remedy, which is nothing more or less than

BRANDY. The aged, with feeble appetite, and more or less debility, will find this simple medicine, when used properly,

A Sovereign Remedy For all their fils and aches. Be ii, however strictly understood that we prescribe and use but one article, and that is Reigart's Old Brandy,

Sold by our enterprising triend, H. E. SLAY MAKER. This brandy has stood the test for years, and has never fatled, as far as our experience extends, and we therefore give it the preference over all other Brandles—no matter with how many jaw breaking French titles they are branded. One-tourth of the money that is yearly thrown away on various impotent dyspepsia specifics, would suffice to buy all the Brandy to cure any such case or cases, in proof of the curative power of

Reigart's Old Brandy

cases of Dyspepsia we can summon num-rsof witnesses—one case in particular we will cite:
A nard working farmer had been afflicted
A nard working farmer had been afflicted A hard working farmer had been afflicted with an exhausting Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour cructations constantly—no appetite—in fact, he was obliged to restrict his diet to crackers and state bread, and as a beverage he used McGrann's Root Reer. He is a Methodist, and then, as now, preached at times, and in his discourses often declaimed earnestly againstalkinds of strong drink. When advised to try

In his case, he looked up with astonishment; but after hearing of his wonderful effects in the cases of some of his near acquaintances, he at his tenseented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, and before the second was all taken he was a sound man, with a stomach capable of digesting anything which he choose to cat. He still keeps it and uses a little occasionally; and since he has this medicine, he has been of very little pecuniary benefit to the doctor.—A Practicing Physician.

A NEW YORK FAILURE.

ANOTHER BANK CLOSES ITS DOORS.

Too Much Confidence in the Cashier Eventually Leads to a Shortage to His Ac-

ounts of \$200,000. New York, Aug. 11.—The Wall street bank closed its doors this morning, owing to irregularities on the part of its cashier, John P. Dickinson. It is a state bank When its last anual statement was issued in September 1883 the figures were : paid up capital, \$500.000; surplus, \$65,197; undivided profits, \$47,736. The vice president of the bank states that the capital stock will probably be swept away. The depositors will eventually be paid in full and it is likely that 50 per PHE YOUNG MEN'S SEVENTH WARD

cent. will be paid them this week.

It is stated that the cashier's shortage amounts to \$200,000 and that the bank has \$50,000 of bad debts. The cashier has been lending money too freely on insufficient margins, and its esti-mated that the loss therefrom will be

bout \$200,000. It is estimated that the depositors will be paid in full, and that a part of the capital stock will remain.
