

COLUMBIA NEWS.

FROM OUR REGULAR CORRESPONDENT

A Budget of Religious Items—Personal Points—A Series of Accidents—Summary of Borough Happenings.

There will be no other services than Sunday school to morrow, in the Methodist Episcopal, Second street Lutheran, and Trinity Reformed, as their pastors are absent from town.

St. John's Lutheran will probably hold evening services, but there will be none in the morning.

The Fourth street Presbyterian church will hold morning services, Rev. Brown, officiating, but none in the evening.

Rev. Meixell, pastor of the Bethel Church of God, will deliver an interesting sermon to-morrow at 10:30 a. m. on the "Inconsistencies of Modern Infidelity."

In the evening instead of a sermon being preached, Mr. J. Stanley Grimes, of Chicago, editor of *Journal of Science*, will deliver his famous lecture on the "Wonderful Nature of Intemperance." The public is invited to attend.

Rev. H. Berg, of Columbia, will officiate in the Paul's P. E. church to-morrow. The regular pastor, Rev. F. J. Clay Moran visits York.

Two Companionships.

If the weather should be favorable to-morrow there will be good attendance of Columbians at the Bath camp meeting at Landisville. The Bethel church of Columbia is not interested in this year's camp.

A ladies' mite missionary camp meeting will be held in Shirk's grove, on Sept. 6, 7 and 8, by the A. M. E. church. Miss Harriet A. Baker, of Columbia, general missionary of the Philadelphia conference, will have the meetings in charge.

Personal.

Miss Hoffer returned from her visit to Carlisle last evening.

Mrs. G. Roath and Miss Cora Bremerman, of Iowa, who is visiting her, left for Little this morning on a short visit.

Mr. A. K. Mollinger, who for the past 21 years has been a freight conductor on the P. R. R., has been promoted to baggagemaster on the Columbia accommodation. It was a deserved recognition of efficient service.

A Series of Accidents.

A farmer's horse while being driven down Second street this morning, fell and broke the shafts of the wagon to which he was attached, and injured his hind legs slightly.

A negro while attempting to "break a green" mule, was severely kicked by the animal, yesterday, at Mifflin's farm.

Daniel Gantner, while shooting at game yesterday afternoon, at the St. Charles furnace, accidentally shot Frank Welsh, who had been bathing in the canal, and who had just emerged from the water with the crabs of the gun. One shot hit him in the left ear, over the heart, and another entered the left granum. The distance however, was too great for the injuries to be fatal. They are painful but not serious.

Through Sonorous.

The Columbians who have been enjoying a visit in Europe will arrive in New York next week.

Phil Dosey, a Tow Hiller, was arrested last evening for committing an assault and battery upon his wife. He was released by "Squire" Evans this morning upon payment of costs.

Market this morning was very large, but eggs were noticeable for their scarcity.

The Columbia bicycle club have applied for admission into the league of American wheelmen.

The phenix of the Shawnee fire company, in Heise's woods and St. Peter's Catholic church to Millway, and the trips of the Columbia and Resolute clubs to Marietta and Mountville, will be accompanied by at least one thousand of our citizens.

The band serenaded several of our citizens last evening to raise a sufficient amount of money to pay this month's standing expenses.

Base Ball Briefs.

Wilmington Abandons the Eastern League for the Union Association.—*Other Notes.*

Manager Malone has completed the reorganization of the Keystone nine, of Philadelphia and opens with the Solar Taps to day, at Recreation Park. The Keystone nine are said to be led by Jolley, Blakely, p.; Gillett, c.; McGinnis, Peak and Dunning on the bases; Long, s. and Phillips on the field. The Keystone nine, the new nine are Long, who comes from Peoria with the reputation of being a hard hitter, and Dunnigan an amateur.

The manager of the Wilmington club telegraphed to day, that they will be here as they "have gone up." Tommy Burns of the club passed through town to day on his way to Harrisburg. He says the nine disbanded to go into the Union Association. That saved the players from being blacklisted. They open in Washington on Monday.

The Littlestown club is still steering around the country, securing a game wherever they can. Yesterday they were to have played in Harrisburg, but by some misunderstanding the game did not take place. Zeeher and Switzer are members of the club, and the former is now on a visit to his home in this city.

UNDER A FALLEN LIMB.

Harry Metzger meets with a serious accident in Millerville.

This morning about 10 o'clock as a number of men were engaged in cutting a large limb from a shade tree in front of the Millerville Normal school—a rope being attached to the limb and several men pulling on it to prevent it from falling towards the building—the limb suddenly fell and struck Harry Metzger, the janitor of the school, knocking him down and rendering him insensible.

It was thought for a time that he was fatally injured, but he finally regained consciousness when an examination was made of him by Dr. Reeder, it was ascertained that one or two of his ribs were broken, and he suffered other internal injuries, but it is believed he will recover. Dr. Baker, of the faculty of the normal school, was standing beside Metzger at the time and made a narrow escape from being struck by the fallen limb.

Announcements.

"The Bandit King"—in this border-drawn the Chicago News says: "Nothing like banditry has ever been seen in the United States. We do not for one moment pretend to decry the determined players playing at the Olympia; we have not been able to get into the theatre. The moment the doors are opened there is a rush as if mighty waters, and the house is full. We have, however, interviewed several, and the unanimous opinion of competent judges is that 'The Bandit King' is the masterpiece. Every one in the house is sold out, say the girls, and those who get them early are satisfied. 'The Bandit King' is the greatest draw the spectators has had under its management."
