Brandy as a Medicine.

The following article was voluntarily sent to Mr. H. E. SLAYMAKER, Agent for BEIG-ART'S OLD WINE STORE, by a prominent practicing physician of this county, who has extensively used the Brandy referred to in his regular oractice. It is commended to the attention of those afflicted with Indigestion and Dyspepsia.

BRANDY AS A MEDICINE. This now much abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the destructive diseases which sweeps way their annual thousands of victims. With a purely philanthropic motive, we present to the favorable notice of lavalids—especially those afflicted with that miserable disease, Dypspepsia, a specific remedy, which is nothing more or less than

BRANDY. The aged, with feeble apposite, and more or ess decility, will find this simple medicine when used properly,

A Sovereign Remedy For all their lils and aches. Be it, however strictly understood that we prescribe and use but one article, and that is

Reigart's Old Brandy,

MAKER. This brands has stood the test for years, and has never falled, as far as our experience extends, and we therefore give it the pre-irence over all other Braudies—no matter with how many jaw breaking French titles they are branded. One-jourth of the money that is yearly thrown away on various impotent dyspepsia specifics, would suffice to buy all the brandy to cure any such case or cases, in proof of the curative power of

Reigart's Old Brandy

In cases of Dyspepsia we can summon numbers of witnesses—one case in particular we will cite:

A hard working farmer had been afficted with an exhausting Dyspepsia for a number of years; his stomach would reject almost every sind of food: he had sour cructations constantly—no appetite—in fact, he was obliged to restrict his cite to crackers and stale bread, and as a beverage he use. McGrann's Root Beer, he is a Methodist, and then, as now, preached at times, and in his discourses often declatmed carnestly againstal kinds of strong drink. When adviced to try

Reigart's Old Brandy

in his case, he looked up with astonishment; but after hearing of his wonderful effects in the cases of some of his near acquaintances, he at last consented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, an 'before the second was all taken he was a sound man, with a stomach capable of digesting anything which he choose to eat. He still keeps it and uses a little occasionally; and since he has this medicine, he has been of very tittle pecuniary benefit to the doctor.—A Practicing Physician.
