The market continues rather quiet and will remain so until after the result of the presidential election is known. Tobacco dealers, like men of all other vocations, take a lively interest in polities ; a large majority of them appear to believe that a change of administration will help the trade, and hence we see them working like beavers to secure the election of Cleveland and Hendricks. We hear of sales of 000 cases of '83 leaf, and 100 cases of '81 at privato rates, and there are rumors of other sales, but no authentio figures are given. HUNT'S If you are a minister, and have overtaxed yourself with your pastoral duties, or a manother worn out, with care and work, or a man of business or labor, weakened by the strain of your everyday duties, or a man of letters toiling over your midnight work Hop Bitters will most surely strengthen you. we would as her have it come in free as have it come at the present rate of duty. Indeed, nothing short of a prohibitive duty of \$1.59 a pound will protect our reed leaf interest. From the Tobacco Leaf. From the Tobacco Leaf. Another week of languid business in sales of manufactured tobacco has passed, Extra inducements of any kind seem to have no influence upon the merchant to swake him from the rule now generally laid out by him, that is, buy only when you need, and in quantities required to fill immediate demands. Therefore, require-ments being limited, the price asked for goods is paid, but it is difficult to say at what figure a round lot of first-class goods can be bought for. Please bear in mind that we rumors of other sales, but no authentio figures are given. Not much of the '84 crop has yet been stripped, and we think it is all the better that this is so. The weather has been too dry to permit of taking the crop from the poles without damaging it to some extent, and as there has been as yet no call for it, the farmers have acted wisely in letting it hang. The wet weather that set in early this week, will give them an oportunity to take down and strip a portion of the crop. We repeat the ad-vice we have before given ; don't hurry ; strip carefully ; assort conscientionaly, placing all doubtful hands in the lower grades, and better prices will be secured, Prohibition upon one platform-Olothing.
