The Acquitts) of Winfield Smith Well Be-ceived is the Horosgn - Ferrent Para-graphs-Recent Town Happenings. Word was received in Columbia about this 10 a.m., that Winfield Smith had been cleared from all complicity in the death of Henry Struck, that he had been released, and would return to Columbia, on the 10:20 a. m. train. Fully a half hundred of his friends assembled at the Pennsylvania railroad depot to congretan-iste him upon his release. The verdict in his case caused no surprise; it was ear pected, for all believed him innocent and they have all along regarded his long im-prinonment as a shame. PHINFONAL. TOWN NOTES.

In all probabi ity the parade of the Columbia Democrats for this evening will have to be again postponed on account of the disagreeable weather. At present rain is still failing, but only slightly, however. Should it clear off by 2 p. m. the parade will be made ; if not it will be indefinitely postponed.

The Liner Dusters ara on their last legs. Some of its members became jealous of Co. Z, and left the Dusters. The remainine members are also jealous, but say they ing. will stick.

No more will the discordant strain of the Columbia orchestra be heard in the skating rink. It has been bounded. The members, not satisfied with receiving \$1 per man per night and permission to skate in the evening when not playing, wanted to skate during the day gratuitously. But Manager Krom would not have it that way who will positively be on hand. Marager Krom would not have it that way and when the members growled he told them to pay or leave. They left. The Columbia band has been engaged and will play every evening.

Bashi Brown's Views Do Not Represent Hebrew Petitical Scatiment. Among the political preachers who slavered over Blains in New York the other day was one Rabbi Brown, of the Temple Gates of Hope, whose speech the New Ers quoted as an evidence that the Jews are for Blaine. He assumed to rep-resent the Jows, or at least the Republi-on newspapers claimed him as such rep-resentative. Now it turns out that Rabbi Brown is a crank, and is so regarded by his own people. The Jewish rabbis have a ministerial association in New York, of which all reputable ministers are members. Mr. Brown, however, is not a member of the associa-tion having been refused ad-mission, and recently when all the Jewish clergy were called together to do honor to the memory of the venerable Rabbi Dr. Huebsch, Mr. Brown was not even honored with an invitation to be present. He is simply a crank, who hav-ing been ignored by his own people, seeks notoriety in thrusting himself before the public whenever opportunity presents. He replic whenever opportunity presents. He represents mobody but himself, and would be the last person in New York to be called to speak for the Jews of that city. He is just as great a fraud as are some of

It appears that the affair was gotten by Longneeker, who depremises, but not satisfied with this privilege managed to open a gate to an adjoining field. They were eujoying their liberty in a lively race in the field when one ran into a wire fence, opening one side of the field. His head and front legs were painfully lacorated and his hind knee has sired to make some trade for him-self. A number of prominent Repub-licans in the district were opposed to the meeting from the start, as they believed it would be a fizzle.
