several Petistons Presented - Both Branche

Pare a Resolution Continuing the Use of the Electric Light. A stated meeting of select and common counci's was held Wednesday evening. SELECT COUNCIL.

Present - Messrs Borger, Demuth, Diller, R'ddle, Urbau, Wise, Zecher and Evaus—president. The minutes of last stated meeting were read and approved.

MORE PAY WANTED. A petition from Dr. C. H. Brown, sec-retary of the board of health, was read. wherein he asks more compensation, his salary being only \$50 per annum, which he says is insufficient for the amount of labor put upon him in recording the births,

marriages, deaths, &c. PETITIONS REFERRED A petition from the citizens of the Eighth ward, asking that Filbert street between Conestoga and Poplar be graded and

street committee.

A petition signed by Edward Eberman and Wm. A. Atlee, asking that a new street be opened, to commence on North Queen street, equi distant between Clay and Hose streets and to extend eastward to the city limits, was read. The peritions ers asked for the appointment of viewers, and add that if the street be opened as proposed, Clay street as laid down on the city plan may be vacated. The same petitioners presented another petition to

vacate Ross street. President Evans asked how it came that these petitions were presented to councils when it appeared they were addressed to

the county court.

Mr. Riddle explained that they had been presented to the court, and that it was at the suggestion of the court that they were brought here for the the approval of councils. Mr. Hiddle further stated that if Clay street were opened in accordance with the city plans several brick houses would have to be torn down, and land damages of \$5,000 would have to be paid; whereas, if the street was opened in accordance with the views of the petitioners no damages would have to be paid. He moved that councils recommend the proposed change to the

After some further discussion, in which suggestions were made that the proposed change may be merely in the interest of the petitioners through whose land the street would pass, the petitions were on motion of Mr. Ucban, referred to thes rest committee.

WATER COMMITTEE REPORT The monthly report of the water com-mittee was read. It contains nothing new except that 200 or 300 feet of water main had been laid and a number of bills approved, including one in payment of \$3,486 03 due on the Worthington pump.

TREASURER'S REPORT. The monthly report of the city treasurer was read. It shows that during the past mouth the receipts were \$31,117.77; the payments \$31,076.33 and the balance in the treasury on the 1st instant \$42,173.01. FINANCE COMMITTEE REPORT.

The finance committee reported negatively on the proposition to license R. R. Stowell's skating rink at \$75 per annum; and that the city lean had been awarded to the lowest bidders Read, McGrann &

LAMP COMMITTER REPORT.

The lamp committee presented a report in which they state that to light the entire city with gasoline at \$25 per lamp, the price offered by the company will cost per annum \$14,425; to light with gas and gasoline combined, will cost \$16,731; and to light with electricity and gasoline, as at present, \$22,675. The candle power would be with gasoline 3,464,360; with gas and gasoline 3,993,880; and with electricity 22 272,400, or about six times the candle power of the others. The electric company agree if they get the contract to put in an additional boiler, and keep in reserve a new 40 light dynamo. With these additions they feel so confident that they can light the city satisfactorily, that they will agree to have deducted from their bills 75 cents per night for every light that fails to burn, and a proportionate reduction for lights burning only part of the time. The committee attach to their report the fol-

lowing resolution :
Resolved, That the contract for lighting that part of the city now lighted by elec-tric light, be awarded to the U. S. Elec-tric Light and Power company at the price named in the above report; and that the contract for lighting the market houses, station house, and all other public buildings now lighted with gas, be awarded to the Lancaster Gaslight and Fuel company at \$3 per 1,000 cubic feet; and furthermore that the same company be awarded the contract for lighting with gas as many of the lamps now lighted by gasoline as they may be able to reach at \$28 per lamp per year, and that the balance of the lamps be awarded to the Pennsylvania Globe Gaslight company at \$25 per lamp, and that the above contracts take effect December, 14, 1884, and con-

tinue in force for one year from said Mr. Diller moved the adoption of the resolution, and as Mr. McKelvy, a representative of the electric light company, was present, he moved that he be permitted

to address councils.

Mr. Demuth objected unless a representative of the gas company was present to

make reply.

After some further debate the above resolution was adopted by the following Yeas—Messrs. Borger, Diller, Riddle and Evans—president. Nays—Messrs. Urban, Wise and Zecher.

A resolution was passed authorizing the property committee to rent the old postoffice room for five years on the best terms they can get, with a proviso that if in the interim the city shall need the property the lease may be terminated. Mr. Urban asked council to take some action relative to Dr. Brown's petition for

increased pay as secretary of the board of On motion the petition was laid on the

Adjourned. COMMON COUNCIL. Common council was called to order at 7 o'clock, with the following members

Messrs. Adams, B. Frank; Adams, Joscomeny, Dinkieberg, Eaby, Eberman, Evarts, Goodell, Hershey, Huber, Kendig, Lichty, Lippold, Long, David E.; Long, John B.; Mayer, McLaughlin, Schum, Shirk, Spacta and Dr. Bolenius—president

The minutes of the last stated and special meetings were read and approved. PRESENTATION OF A PETITION.

By Mr. Adams the petition of a large number of citizens, inquiring why certain work ordered to be done in the southwestern section of the Eighth ward, among which is the placing of a fire alarm box and the setting back of a fence on St.

MEETING OF COUNCILS. Joseph street, was not done. A resolution was adopted requesting the committee named to attend to the matters complained of at once. Select council concurred.

REPORT OF THE PIRE COMMITTEE.

Mr. Cormeny presented the report of the fire committee for the month of October. They report having signed the con-tract for the erection of the engine and truck house on East King street, recom-mend that the fine of \$5 imposed on Geo. Humphreyville for driving over the city hose be refunded; box 47 has been placed at the corner of Prince and Walnut streets. The report concludes with a rec-ommendation that \$1,800 be transferred from the contingent fund to the fire de-partment general, to pay for the 2,000 feet of hose recently purchased. The recom-mendations of the committee remitting the

fine was adopted. Accompanying the report was a resolution transferring the \$1,800. The resolu-tion was adopted with a few dissenting

votes. Select council concurred. MONEY FOR THE WATER COMMITTEE. After reading the report of the water ommittee containing an itemized account of expenses incurred in placing new pumps at the water works, Mr. Beard offered a resolution that the sum of \$6,946 the guttered, was read and referred to the palance in the city treasury, from the sale of city bonds, after making first payment of \$12,000 to Worthington & Co. be transferred to the water works general ap propriation. The resolution was adopted In select council laid on the table .. -

LIGHTING THE CITY. After the reading of the resolution of the lamp committee recommending that the contract for lighting the city be awarded to the United States Electric Light company, Mr. Lichty said he was in favor of the electric light because his constituents wanted it. As the company agree to give us more boiler power he would like to know whether the company would agree to put in another engine.

Mr. Eaby said they are not now running

all the power they have.

Mr. McKelvey, a representative of the electric light company, said each of the ngines are capable of running thirty horse power more than they are now running In his opinion another engine was not Common council concurred in the action

"Bright's Disease" is regarded by many as incurable and it is well nigh so, except when opposed with Hunt's [Kidney and Liver] likely and Liver] likely and the special power in this and all other diseases of the kidneys and bladder. It is purely vogetable and is highly endorsed by physicians.

n4-lwdeod&w

of select council, with a few dissenting

Yes; you may well say "complaint;" for if there is anything makes a poor mortal complaint, it is to have his liver one of order. The liver is the great scavenger of the body. It gathers up refuse, works it into bile, and then works the bile off. It has a heavy contract; and sometimes fails. Then there is a general disturbance. That disturbance is quieted by taking Brown's Iron Bitters. Mr. W. A. Brown, of Marshalltown, Iowa, says, "Brown's fron Bitters relieved me of liver complaint after other remedies had failed."

Postmaster Samu I A. newitt, Of Monterey, Mich, delivers himself in this wise: "For colds, burns, sore throat, and rheumatism, Thomas' Editatic Oil cannot be beaten. I say keep it up to the sisuadard, and it will satisfy the people. I shall sen. \$32.2 new supply soon. For sale by H. B. Cochran, cruggist, 137 and 139 North Queen street.
