

Lancaster Intelligencer.

MONDAY EVENING NOV. 10, 1884.

Exemplary of What? Judge Patterson, of Lancaster county, has set an example for disposing of a tramp in the county prison, if it is not interfered with by some decision of the supreme court.

Our Philadelphia contemporary does not overstate the facts in the case in which it commends Judge Patterson's conduct as so exemplary. At the August term of quarter sessions court in this city William Smith, Joseph Fisher, Charles Frank, Joseph Kirchner and Fred Miller, were tried for being tramps;

At the same term of court another tramp, convicted of committing an assault and battery, with intent to commit a high crime on a little girl, twelve years old, was sentenced to a fine of \$100 costs and an imprisonment of three years in the Eastern penitentiary.

It is such exhibitions of judicial infamy and injustice that make tramps and breed contempt of law and resentment at the administration of justice, in the minds of men disposed to be lawless. The character of "tramp" is one of very recent development in our social order.

Judge Patterson once before made himself famous by a decree that was without precedent "from Westminster to California," except one made by Scroggs and another by a carpet-bag court of North Carolina.

THE Republican party has felt the cohesive influence among Democrats of the electoral fraud of 1876-77. The very circumstance that was counted to demoralize and destroy the organization has been its salvation.

the Half Breeds, who had parcelled out the postoffices under Blaine, the Republican managers who had staked their money on his election, and the liveried lackeys whose bread and butter brigade it is mustered out, have fallen foul of him and ascribe their defeat and disappointment to the Executive's frank avowal of the facts of the case.

SOME of the Republican newspapers warn Democratic organs and Democratic speakers, who protest that no fraud shall be tolerated in 1884, that such talk is unwholesome and that we are "not living in the South."

THE barbeque will come off. Neither weather nor "official figures" will postpone it.

THE Republican party dies hard, but it must die. Tax mailed hand of monopoly has been paralyzed.

LET the claimer claim; every claim must have its crown. REPUBLICAN motto: "Be sure you're wrong, then go ahead."

THE delightful style in which the New York Sun eats crow is commended to the New Era for imitation.

THE New Era has taken its stand on the rather slippery ground that "a lie well struted is as good as the truth."

IF the Republican party is given a sufficient length of rope in its present emergency, it will make away with itself.

THE day of geography in American politics has passed away. There will be no more North or South, but one common country united under honest rule.

ALL honor to Dr. Harehard, though he "didn't" know it was loaded. But the foolish things of the world hath God chosen to confound the wise.

WHO DONE IT? We killed Cock Logan. We killed Cock Logan. We killed Cock Logan.

IN a recent interview Butler expresses no surprise at the very small vote he received in New York, but points to Michigan as an exhibition of his strength.

MR. BLAINE'S BOLD GAME

TRAVELING IN STEEL NEW YORK STATE. Respecting the Purchase County Canvassers, and to Find Writing Parties on Judges—A Warning Democratic Address.

The managers of the Republican national committee, under the personal leadership of James G. Blaine, are making desperate efforts to steal the vote of New York, and by means of money and promises of official patronage at the expense of official patronage at the expense of official patronage.

A few moments afterward a dispatch sent to a trusty Republican at Glen Cove, L. I., as follows: Have all the Republican inspectors present at the meeting of the county canvassers on Tuesday night.

A similar dispatch was sent to every county in the state, and it was passed along the Blaine line that every county return is to be challenged, and plenty of canvassers are prepared to swear to errors in the count, so as to change the already certified and verified returns.

It has leaked out that Judge Noah Davis George Bliss, William M. Evans and other Republican lawyers have consulted and advised a legal contest of the vote of this state. Blank petitions and affidavits have been sent to every county in the state to lay the foundation of a contest.

Men prominent in the state of 1876 have been telegraphed to steal the New York vote. Among them are Chris Magee, the boss of Western Pennsylvania; John H. Hampton, a well known Pennsylvania politician; John C. New, of Indiana, and Pension Commissioner Dudley.

THE following address was on Sunday issued by the Democratic state committee: HEADQUARTERS DEMOCRATIC STATE COMMITTEE, HONORABLE DAVID O'NEILL, Nov. 9, 1884.—We deem it our duty to announce to the people of the state that the Republican managers have within the last forty-eight hours conceived a new scheme for throwing again into dispute the result of the county canvasses.

NO fact of history is now better known than the result of the election as ascertained, declared and certified by the election officers, and of public record throughout the state, give New York to the Cleveland electors by a decisive plurality.

THE entire reliability of our information as to this scheme there can be no question. We call upon the representatives of the party in the several counties of the state to be alert, and by every proper method resist and defeat this last desperate device.

ABOUT fifty prominent Democratic lawyers met in New York Sunday night and discussed the law relating to the county canvassers in the various counties throughout the state. The result of the discussion is that in all probability Democratic lawyers will be present at every board of canvassers on Tuesday next.

THE Republican party has felt the cohesive influence among Democrats of the electoral fraud of 1876-77. The very circumstance that was counted to demoralize and destroy the organization has been its salvation.
