SATURDAY EVENING, NOV. 22, 1884.

THE LIGHT THAT IS FELT.

A tender child of summers three,
Seeking her little bed at night,
Paused on the dark stair timidly.
"Oh, Mother! Take my hand," said she,
"And then the dark will all be light."

We older children grope our way
From dark behind to dark before;
And only when our hands we lay,
Dear Lord, in Thine, the night is day
And there is darkness nevermore.

Reach downward to the sunless days
Wherein our guides are blind as we,
And faith is small and hopes delays;
Take Thou the hands of prayer we raise,
And let us feel the light of Thee!

—*John G. Whittier, in the Christmas St. Nicholas.*

Gen. Gordon Still Holding Khartoum.

The latest messenger who has arrived in Paris says that Khartoum was illuminated on the tidings reaching there that the British expedition under Gen. Wolseley was on the way for their relief. Everybody in Khartoum reverse General Gordon and his orders were implicitly obeyed. The Mahdi has announced that he will not make any attacks upon Khartoum during the present month of Moharrem, because it would be contrary to the law of the prophet. A man who arrived Wednesday evening from Khartoum states that Gen. Gordon has in his army 2,000 Turks and 6,000 blacks, besides a large number of Arabs. He has also a plentiful supply of provisions and amunition. The Mahdi's people are deserting and fleeing to the hills, having lost faith in the False Prophet.

SUDDEN CHANGES.

Changes of temperature are apt to occasion dangerous affections; in the full blooded apoplexy is to be feared. All, both young and old, should have BRANDRETH'S PILLS ready; they are never-failing. When you have pain in the head, are dizzy, fever-sh, rheumatic, or otherwise affected, take from three to ten, according to bulk of individual. In twenty-four hours, or less time, you will be content. Constitutions are much alike. Vertigo, dizziness, and pain can come only when impurity in the blood is too much for "the life" in us to carry without a struggle. And it is this struggle that BRANDRETH'S PILLS aid, and no mistakes are made when you merely take away impurities from the blood.

PARKER'S TONIC.

Where the Fire is Out.

Magic No More a Mystery—Seen From Across the World.

"Haroun of Aleppo," said Sir Philip Derval, "had mastered every secret in nature which the nobler magic seeks to fathom. He discovered that the true art of healing is to assist Nature to throw off the disease—to summon, as it were, the whole system to eject the enemy that has fastened on a part. His processes all included the reinvigoration of the principle of life."

In this the Eastern sage merely anticipated the practice of the best physicians of to-day. What life itself is, nobody knows—nobody knows now. But we have learned something of the reasons why the mysterious tide rises and falls. Provided the great organs of the body are not irreparably destroyed, medical science can always relieve, and often save. Yet no reputable physician now adheres to the barbarous and stupid processes of depletion, such as bleeding, by which it was attempted to cure disease by reducing the patient's ability to resist it. Nowadays we do not tear down the fort to help the garrison—we strengthen it. In this intelligent and beneficent work, it is conceded that PARKER'S TONIC leads all other medicines. As an invigorant it acts immediately and powerfully upon the circulation and the organs of digestion, thus giving Nature the assistance she calls for. It follows that all ailments of the stomach, kidneys and liver are at once relieved or cured. No other preparation embodies the same qualities or produces similar results. It is delicious to use, and the best known anti intoxicant. Price, 50c. and $1 Hiscox & Co., New York. oct lmas&w
