Mr. T. W. Atkins, Girard, Ean., writes: "I never hesitate to recommend your Electric Bitters to my ensurement your Electric Bitters to my ensurement and best medicine known and are rapid sellers." Electric Bitters are the purest and best medicine known and will positively cure Edney and Liver compisints. Purity the blood and regulate of American statesmen is a study of the career of James Madison, the fourth president of the United States. It is from the past of

young and frolicsome sailor, in the effort to prove that the course of true love never did run smooth. As is usual, the heroine, Florence Hawke, fails desperately in love with the hero and her affections are balked by a stern and irreconcilable father. The manner in which these two young hearts finally surmount all obstacles to their upion makes a rather interesting story. The book is a 16 mo., and is neatly bound

For many years Harper & Brothers, of New York, have made a specialty of juvenile literature, but it is very doubtful whether in their long list of books for the youthful mind there is one better in every respect than that just issued from their entitled "Indian History for Young Folks," by Francis S. Drake. It details the complete story of the Red Man from the time of Columbus to the Modoc war, and one cannot close the pages of this book without feeling that he has gained a better appreciation of the sons of the forest, who were despoiled little by little of their vast possessions in the New World by their paie faced brethren. It is written in casy, comprehensive style, but never de scends to the childish in narration. Placed in the hands of a growing boy or girl, or indeed their elder brethren, it must add considerably to the fund of intelligence that its readers possess. It is a handsomely bound octavo, in cloth, and is most copiously illustrated. As a holiday book for the young, it has incomparable

Beautifully printed, bound and illustrated holiday books are ready this season in great variety to satisfy the demand for Christ-mas gifts. Messrs. John Baer's Sons have mas gitts. Messrs. John Baer's Sons have left a number on our table. A new and good idea is the preparation by Cassell & Co., of a catalogue of their holiday offerings, which presents samples of the elegant engravings to be found in their editions of "Romeo and Juliet," "Atala," drawings from Dickens, Dante's "Inferno," the "Magazine of Art," their "Family Magazine" and many other of their publications. The catalogue itself is a heautiful book. The catalogue itself is a beautiful book.

We also have a bound volume of their "Little Folk's Magazine," which with its fine illustrations and interesting letter press makes a work which will please amazingly the little folks who are lucky enough to find it in their Christmas stock

R. Worthington & Co., of New York, R. Worthington & Co., of New York, publish in magnificent shape, splendidly illustrated on every page with finely colored pictures, a copy of the pretty poem "Jack in the Pulpit," written by Miss Long, of Medford, Mass., and edited and added to by John G. The same publishers issue a romance by Msurace Jokar, entitled "A Modern Midas," translated from the German and a powerfully written story. "Prince Lazybones" from the same house, is a book for children made up of four tales containing beside the little story, "Phil's Faries, Florio and Florella," a Christmas fairy tale, and "Boreas Bluster's Christmas Present." The little folks will be delighted with them. All these books are to be had of John Bear's Some tales. are to be had of John Baer's Sons.

LETTER FROM SENATOR H. C. NELSON.

SENATE CHAMBER,
ALBANY, N. Y., April 6, 1:86.
On the 97th of February, 1883, I was taken with a violent pain in the region of the ktd-neys. I suffered such agony that I could hardly stand up. As soon as possible I applied two ALLO ON'S POROUS PLASTERS, one over each kidney, and laid down. In an hour, to my suprise and delight, the pain had vanished and I was well. I were the plasters for a day or two as a precaution and then remove them. I have been using Allcock's Penote Plasters in my family for the last ten years and have always found them the quickest and best external remedy for coids, strains, kinks, and rhoumatic affections. From my experi-ence I believe they are the best plaster in the world.

wholesome. Not so, however, with Mr. Gay's life of Madison. The latter's imperfections are made as striking as a picturesque pen admits, and his good works are attributed to expediency rather than soundness of intention. The author, however, gives Mr. Madison large credit for his work in the great constitutional convention of 1787, but he cannot forgive him for what he deems was Madison's fatal error in leaving the Federalista after he had originally acted with them. Mr Gay zhows an ardent sympathy with the Hamiltonian doctrines of government, and he who had the tomerity to oppose the great leader of centralization comes in for a liberal share of his condemnation. In spite of its partisan spirit the book is well written and contains information that will be of much use to the student of government.
