J. J. Barker, a former clerk in the office of the first comptroller of the treasury, Washington, appeared before the Springer committee Friday, in reference to charges he has made against the administration of First Comptroller Lawret ce's office. Mr. Springer read to the committee a letter from Mr. Barker charging that illegal fees, aggregating immense sums, had been passed by the comptroller's office in the bills of various federal court officers.

Mr. Barker then told how he had fought against these illegal fees and instanced flagrant cases. He said that United States District Attorney Stone, of the Western district of Pennsylvania, charging a per diem for sixty days for one torm of court. That term only had four cases. The comp troller said the bill was outrageous and should not be allowed, but it was allowed. Mr. Erbardt, marshal of New i York city, paid out \$3,300 for supervisors of elections. They served, all of them, five days, and some of them ten days. There was nothing to show that they ought to have been employed longer than one day, the day of election. There were other amounts for \$11,000 that were the result of the Star Route trials, Mr. Barker thought that the attorney general influenced the comptrol-ler to allow the \$11 000. Mr. Hill, of Boston, clerk of the United States circuit court, charged attendance for every day of the year except Suedays, the 4th of July and Christmas. There was no court in session all the time. Mr. Barker added that he thought Mr. Lawrence honest in

the matter. Before adjournment the committee directed the chairman to appoint a sub-committee to investigate the matters referred to by Mr. Barker in his letter and in his explanatory statement. The sub-

committee will be appointed next week.

THE COMPTROLLER'S REPLY. Judge Lawrence, the first comptroller, furnishes the following for publication with reference to the testimony of Mr. Barker before the Springer committee :
"The complaints nearly all relate to accounts of district attorneys, clerks and marchals. These are all sworn to by

those officers, then submitted to and approved by the court in the presence of the district attorney, whose duty it is to object to any false or illegal item. These accounts were all approved by the first auditor. The complaint is, therefore, against the officers, their ouths, the court, the auditor. the auditor, and last, the comptroller's office. It is more likely one man should

be mistaken than all these.

"As to expenses in the Star Route cases, they were approved by the attorney general, whose approval is conclusive. As One bottle Radical Cura, one box Catarthal Solvent and one Improved Inhaler, in one package, may now be had of all druggists for \$1.00. Ask for Sanfoad's Radical Cura.

A telegram from Cincinnati says the planing mill proprietors there, who had been in the habit of discharging many of their employes during the winter "have adopted a plan for keeping all their bands at a reduction of wages." The plan, which, it is said, will not affect the summer schedule of wages, has been accepted by most of the employes. The hollow-ware glass workers of Pitts-burg met Friday night to discuss at 5 per

cent reduction to their wages and unani mously decided to resist it. Shoenberger & Co., iron manufacturers of Pittsburg, Friday evening ordered a re-duction of 15 to 30 cent. in the wages of all their men, to go into effect at once.

One thousand hands, mostly trackmen,

have been discharged from the western division of the Pennsylvania railroad within the last week. The reduction amounts to about 10 per cent, of the work ing force. At Zug & Co.'s cable iron works, in Pittsburg, half the force has been dis-charged. The other half will resume

work on Monday. The flint glass manufacturers of the Ohio valley and the West will meet in Wheeling to day to dispose of the summer restriction question.

THE IRON BUSINESS. The Iron Trade Review of Cleveland, "from a careful compilation of the reports received," computes that "within the last four weeks 25 iron establishments have started up, giving employment to 12,175 men. In four establishments the force has been increased by 1,269 men; in sixteen establishments the working time has been reduced to an average of eight hours; in thirty-nine establishments the wages have been reduced an average of 12; per cent., affecting about 20,000 men, and twenty-seven establishments have closed down entirely, throwing out of work 13,275 mea." These figures relate only to the iron and steel

BUSINESS EMBARASSMENTS. Raymer, Seagraves & Co., baukers, of Toledo, Ohio, made an assignment Friday, to E. H. Rhoades. Their secured liabilities are reported to amount to nearly \$250,000, the unsecured to \$150,000. The private deposits it is said, did not exceed \$1,000. The creditors are mostly Eastern parties, who made the firm their agents for lending money. It is stated that "in for lending money. It is stated that "in order to make as much as possible the firm took poor securities, and were obliged to guarantee the loans to the capitalists. In this way the bank got possession of a vast amount of real estate, which to day would not bring in what it is worth. This method had been carried on for years, and the depreciation in the value of real estate has finally compelled suspension."

The Standard File company, whose works are at South Hansom, Mass., is reported to be embarrassed, the works having been attached for \$2,800. As the

The house of Stephen Young, a well todo farmer, of Strafford Corner, New Hampshire, was demolished on Thursday evening by an explosion of Atlas powder cartridges. The cartridges, which were being used in drilling a well, were carelessly placed, along with a battery, in the kitchen by George L. Goodwin, one of the men employed to do the work. About 5 o'clock George Young, a visitor, accompanied by young woman, to whom he was engaged, took the battery in his hand. An explosion followed, which demolished the house and terribly injured eight persons who were in it at the time. From 228 Bs. to 1201 I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as it by magic, and after using several bottles, I am not only as sound as a sovereign, but weigh more than I did before. To Hop Bitters I owe my life.

Dublin, June 1 '81. "Malden, M s., Feb. 1, 1839. Gentiemen—L suffered with attacks of sick headache." Neuralgia, iemale trouble, for years in the

nost terrible and exeruciating manner.

No medicine or doctor could give me cellel or care, until I used Hop Bitters.

"The first bottle
Nearly cured me."

The second made me as well and strong as when a child,

"And I have been so to this day."

My husband was an invalid for twenty years with a serious

" Kidney, liver and urinary complaint,
" Pronounced by Boston's best physicians—

"Incurable!" Seven bottles of your Bitters cured him and I know of the "Lives of eight persons" In my neighborhood that have been saved

y your bitters. And many more are using them with great "They alm Do miracles ?" -Mrs. E. D. Slack. How to GHT Sick .- Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time take all the vice nostrums advertised, and then

you will want to know how to get well, which is answered in three words-Take Hop Bit-Ar None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name." n25-1mdTu,Th&S
