I had carelestly exposed myself and sustained a very sovere and tight cold on my cheet and in my threat, I procured Allecek's Porces Plasters and applied one on the chest, wall up on the threat, and relief came readily; the soreness of my chest was removed, and my vocal organs were kept clear the entire past winter, enabling me to fulfil public engagements in different parts of this country.

No more may be said than that Allecek's Porous Plasters, if applied by affected vocalists, will greatly assist their vocal rendition in public.
