THE LANCASTER INTELLIGENCER
LANCASTER, JANUARY 8, 1885.

THE GEOLOGICAL REPORTS.
The governor says that seventy-three volumes of the state geological report have been published at an average cost of \$14,000 per volume or a million dollars altogether.

OUR ESTEEMED CONTEMPORARY THE NEW ERA
has at last come to the wise conclusion that those who mind other people's business have little of their own to look after if they persist in "advising a contemporary how to manage its affairs."

THE MEMORY OF THE HERO OF NEW ORLEANS
now lingers in Democratic sunlight.
The next House of Representatives will contain 12 Democrats, 14 Republicans, 1 Greenback-Democrat, (Weaver of Iowa), and 1 Greenback-Republican.

OTTO MULLEN, of Brooklyn, gave a curious reason for his breach of promise to marry Miss Caroline Lion to the Brooklyn jury who were trying the amount of damages the plaintiff was entitled to in consequence of his violated faith.

LET IT PASS.
If for good you've taken ill,
Let it pass;
Oh! it's kinder,
Oh! it's gentler still;

HERE AND THERE.
Many of the prominent members of the Lancaster cremation society are in receipt of copies of No. 12, Vol. 1, of The Phoenix, a very respectable looking German monthly, published in Berlin, at four marks a year.

OLD-FASHIONED SWEEP OF A NEW BROOM.
The Republican members of the new Legislature start off in a characteristic way. The reading clerk of the Senate mortifies even his party friends by trying to read the governor of the commonwealth in reading his message; and the Republican Senate does itself no credit in refusing to give the ordinary assent to the publication of the message.

SPRINGER, the Cincinnati millionaire. A year ago Mr. Springer was under Dr. Bartholow's treatment, and believed it prolonged his life.

REMEMBER, at the rental of the pews of the Plymouth church, Brooklyn, the other night, it should be remembered that the rental of pews should always come on a stormy night.

OLD BRISTON SKILES was in town the other day, gray as a rat and polite as "Chasterville." He is the king of the fox hunters still; many of his old companions who used to take the field with him are now dead.

PROPOSAL OF THE TALK ABOUT THE HISTORIC OLD BELL from Independence Hall, soon to be taken down and sent to New Orleans, by way of Lancaster, an old Virginian journeying in this city, recalls to our attention the famous bell, imported for the Episcopate community, sold to Dr. Trinity Lutheran church, then to the Washington fire company, and finally presented by J. Fred Sener, as a memorial to his father, to Grace Lutheran church, in the tower of which it now hangs.

IT SEEMS THAT ANDREW JACKSON DAVIS, the famous spiritualistic leader, harmonial philosopher and voluminous writer on kindred subjects, is said to have died from a stroke of whom he was married in May, 1855. He claims to have recently discovered that when he married her she had a former husband living from whom she had never been divorced; but some of his co-workers in the spiritualistic cause declare that he has fallen from grace and has been "psychologized" by a "massage woman" who nursed him through a late spell of sickness.

IT IS VERY ENCOURAGING to see some people denounce illegal fee-taking now who a few years ago, when the journalistic war on this subject was begun, not only shielded the offenders, but edged them on to fecklessly at grants to advance their careers with liberal suits and empty threats of prosecution.

THE POLICY HOLDERS OF THE DEFUNCT AND EXPLODED "NEW ERA" Life Insurance company, of whom there was at one time a great many in Lancaster, are now being sought for by their fellow victims in Philadelphia to stand with them in resisting the recent assessments levied upon them, to which it is not likely any Lancaster stockholder was disposed to give attention.

THE WONDER EXHIBITED BY EVERY public-spirited stranger who takes a trip through our streets is that no local historical society has ever been organized in Lancaster county. With a wealth of historical matter, running back to the time of the settlement of the territory and the entire century of our federal history; for so many years the western out-post of development; the largest inland city capital for a night of the country and for years of the state, with personal stories of great men, inviolable records, historic houses and monuments of every kind it is high time Lancaster city and county woke up to the necessity of organizing the work of collecting and preserving this material.

BREAK-NECK PRICES.
At present our prices are so very low that they would bring disaster if long persisted in; but the race is nigh over for this season and we mean to make a good finish.
