

A PASTOR'S GOOD-BYE.

THE COLUMBIA METHODIST CHURCH LOSES ITS HEAD. Complimentary Resolutions to Rev. R. W. Humphreys on the Occasion of His Departure to Philadelphia—A Letter Writer Apologizes—Borough Budget.

Regular Correspondence of INTELLIGENCER. COLUMBIA, March 18.—On Monday evening last at a meeting of the official board of the Methodist Episcopal church of Columbia, the following preamble and resolutions were adopted and presented to the pastor, R. W. Humphreys.

WHEREAS, The term of our pastor Rev. R. W. Humphreys is about to expire by limitation under the rules of our church, and the relations which have existed between us as pastor and people are about to be severed; and

WHEREAS, We recall with profound gratitude to Almighty God, the wonderful success which has attended the labor of His servant, our pastor, among this people, the large gathering of precious souls—unparalleled in the history of this church—largely made up of converts during his pastorate, beautifying our church home and making it complete in all its appointments, and the entire extinction of alcoholism as a centennial offering on Sunday, March 8th, 1885; and

WHEREAS, We remember too, the valued and noble work accomplished by the earnest and devoted wife, who, indeed, has been a helpmeet to him and a co-laborer with us in every church enterprise, that we would be remiss if we did not commend to the people the wisdom of our Conference and guiding Providence may send them; and

Resolved, That these resolutions be entered in our own minutes, and published in the Philadelphia Methodist. We pray God's blessing may rest upon him and his family in all their undertakings, and that their success in future may ever surpass their marked and brilliant record here.

Rev. Humphreys' work in Columbia has been marked and brilliant more so than any other minister who resided in Columbia. Through his efforts the church has been lifted from debt and so built up in numbers that 325 names as regular members and 70 probationers are on the rolls to-day. Rev. Humphreys leaves to-day for Philadelphia, where he will continue his ministry. His connection with the Columbia M. E. church will not be severed until conference assigns him another charge. May his future life be long, pleasant and prosperous.

The ladies who are to manage the fair of the Vigilant fire company, No. 2, of Columbia, and which will be held in the hall from April 10th to April 20th, inclusive, are as follows: President—Mrs. Samuel Filbert. Secretaries—Mrs. Gen. Welsh, Mrs. Hiram Wilson, Mrs. Susan A. Given, Mrs. S. H. Furple, Mrs. Robert Ryan, Mrs. J. H. Clepper, Mrs. Wash Weep, Mrs. Samuel Gray, Mrs. Kate Saylor, Mrs. Frank Heckler, Mrs. John Flemming, Mrs. Milton Wick, Mrs. J. R. Bold, Mrs. John Head, Mrs. J. G. Pence and Mrs. Edwin S. Stair.

With such an array of able and willing managers the fair cannot help but be a signal success. Last evening the committee at the residence of the president and their future work laid out. On Wednesday next at 8 p. m. they will meet at the residence of the ladies who are to assist at the fancy tables, cake and refreshment tables, etc.

Daily readers of the INTELLIGENCER will remember the letter sent by an indignant parent to Miss Lydia Baker, a teacher in one of the public schools, of Columbia, and which was published last evening. The parent in question, yesterday appeared before President Given of the Board of Education, and having the case fully explained, apologized for having written the letter. He was not convinced, however, that his wife, also, also referred to last evening, was a just one.

Personal. Mr. John Conrad and daughter, Miss Ella, of Philadelphia, are visiting Mrs. James Pella, of Columbia, at the residence of Mrs. Pella.

A. R. Boyd, the efficient bookkeeper at the Shawnee furnace, leaves to-day with his family for Halloworth, Pa., to accept a position as chief bookkeeper, and assistant manager in one of the Catawaga iron company's furnaces in that borough.

Yesterday N. Berntheiss was appointed telephone operator and ticket agent at the Prince-street depot, of the B. & C. R. R., at Lancaster. Mr. Berntheiss has been a freight clerk in Columbia ever since the erection of the new R. & C. depot, and was a faithful employee.

Misses Minnie Frank and Annie Sherk, of Mount Joy, who have been visiting Mrs. H. H. Heise for the past week, returned home yesterday.

C. C. Kauffman has been re-appointed notary public, his application accepted by the governor and confirmed by the Senate yesterday morning.

Borough Budget. The Columbia relief association will make their last general distribution to-morrow. The meeting of the members will be held at Mrs. S. H. Purple's at 3 p. m.

Owing to the little work on hand, Perrotte's foundry and machine shop shut down yesterday and will remain closed this week.

The revival meeting in the Bethel church will be continued this week. Interest was renewed last evening, hence the continuation. The Columbia water company has nothing to do with the charges in this borough, although they are controlled and cared for by councils. But poor care is taken of them.

The deciding game of polo for the championship of Lancaster county will be played in Lancaster to-morrow evening, between the Lancaster team and the Metropolitan, of Columbia.

The official board of the M. E. church, of Columbia, met on Monday evening, and decided to accept George H. Hart, from Colonel Samuel Schoch, subject to his conditions. At the quarterly conference next month this action will be recommended.

"CURIOSITY KILLED A CAT."

And There is Danger that Some of Our Towns-people Will Be Paralyzed. For a city of its size Lancaster probably contains as many curious people as any in the country. The least excitement on the street will draw a crowd at any time or point. If a horse falls down on the street he is immediately surrounded by a crowd, whose only desire is to see what is going on, and if they find that the animal is not seriously injured, and everything is right, they go away with a look of disgust, to await something else.

The industrious reporter is often drawn to places by the assembling of crowds, under the impression that something terrible has occurred. Upon arriving at the spot he finds a hoarseback in discussing the payment of a shine or a horse has got his leg over a shaft.

Yesterday the curious people had a picnic. A fashionable wedding was held in the Hebrew synagogue on East Orange street at 3:30, but long before that time a large crowd had assembled in front of the church, waiting the pavements and even the streets. They waited patiently for an hour or more until the entire ceremony was concluded, and only a dynamite cartridge could have driven them away.

The assembly was largely made up of females of all ages and stations. Shop girls left their customers, domestics failed to finish getting their sippers, and school children forgot all about their lessons. They were all bent upon gazing at the bridal party and cared little for the time lost or the consequence. A person who wishes to witness might have erected a stand near the church and reaped a rich harvest by charging persons to see the outside of a wedding.

This is the case with every affair of the kind in Lancaster, and if some of the persons who stand among the crowd would know how ridiculous they make themselves, they would not be so large. But so it goes in Lancaster, and those who desire to get married in church must be content with a staring, gaping crowd; the desire of the majority of whom is to see the party and criticize their dress and demeanor.

THE DENIES IT. Mrs. Amwake Represents That She Has Been Put Into a False Position. Mrs. Christopher Columbus Amwake calls attention to a false position which she has been put into by the association of her name with the account of Johnny Graub's arrest for adultery. She declares that he was not in her house on Monday night; that the officers did not say they would search her house; that they came there and made an unreasonable search; that she admitted Bea and Bushong; the former told her they had a case against her and read the warrant; Bea asked her when she saw Graub last, and she told him it was none of his business; he said he had a warrant for Graub and she told him that when they came she was in bed with her children and Graub was not there; he came to the house subsequently to tell her she was in bed with Graub, but he did not get up and get her, and upon coming to the house he was arrested.

Mrs. Amwake is entitled to the benefit of her statement, pending the ventilation of the case before the magistrate. The statement published yesterday that Alderman John Head, who testified for his appearance before Alderman Deen to answer the complaint made against him by Mrs. Amwake, was incorrect. A hearing in a property holder was held in his own recognition.

Mr. John W. Graub also called at the office this afternoon, and stated that he was not in Mrs. Amwake's house on the evening or night he was arrested, but that he had just got to the house and found that complaint had been made against her when he was arrested. He also denies that he was taken to the station house.

Arrested on Four Charges. Elmer E. Weidel, a resident of the Seventh street, last evening, under the influence of liquor, and raised a disturbance, because he was refused admittance. Weidel kicked in a panel of the front door, assaulted John Daily and threatened to kill him. Daily entered against him, before Alderman Barr, for malicious mischief, assault and battery, surety of peace and drunkenness and disorderly conduct. Weidel was arrested by Chief Haines, and in default of bail was committed for a hearing.

A Largely Attended Funeral. The funeral of Mary R. Bresh, the young lady whose sudden death was noted in the INTELLIGENCER on Monday, took place this morning from her parents' residence, No. 113 Church street, and was attended by the Sodality of St. Anthony's church and a number of the employees of Dodge's cork works. The funeral services were held at St. Anthony's Catholic church and the interment made at St. Anthony's cemetery.

"The Chimes of Normandy." This pretty opera was fairly rendered at the opera house last evening to a packed house. The opera is a difficult one for the best of companies, and therefore it may be said that the Columbia company did it well. It was in its attempt, Mr. Frank Deshon made a good Gabelle, and Mr. J. P. MacSweeney a very creditable Balthazar. The female parts were up well, and in some of the choruses the male voices were so strong that the feminine efforts closely resembled echoes. "Patience" will be given at the matinee this afternoon and also this evening.

Shadew Suit. Israel Herr, of Leacock township, through his attorney, D. P. Rosenmiller, to-day entered suit in the court of common pleas against Anna Weaver and Jonathan Weaver, forlander. The allegation is defendants circulated reports of plaintiff's character for veracity, whereby he suffers \$1,000 damages.

Cross Actions. Conrad Kiddle was complained against last night for striking William Martins with a stone. He was arrested by Officer Merringer and entered bail for a hearing before Alderman Barr. Kiddle was charged with striking the officer's office he alleged that Martins was the aggressor and he brought suit against Martins for assault and battery. The latter also entered bail for a hearing.

Rink Opening. From the West Chester Republican. Kennett Square is to have a rink opened this evening in the borough hall, under the management of C. B. Smith, of Lancaster county. A competent instructor will be in attendance.

At the Station House. One drunk and eleven lodgers were the inmates of the station house last night. The drunk was committed this morning and the lodgers were discharged.

The President's Birthday. President Cleveland will be 48 years old to-morrow. He has made no preparations for a celebration of his birthday.

Amusements. "Patience" by the McCaull Opera Company—Lancaster will have a genuine musical treat on Monday evening next, when the McCaull opera company will present "Patience" at the opera house. The merits of the organization are too well known to require special mention, and they have been playing to crowded houses in Philadelphia. The "Lodge" of that city says: "The glowing accounts they sent home induced others to follow a year or two later. John Slaughter was one of them and he took young Amos McCartney with him, paying his way out and promising to send him home if he did not like the business. A few years afterwards, McCartney, who had been quite successful in business, returned to Lancaster and married Miss Dollie Killinger, daughter of David Killinger, of this city, and took her with him to his California home. He became an active operator in stocks and bonds, and his real estate, and amassed a fortune estimated at from \$100,000 to \$200,000.

Supreme Court Division Favorably Considered. The committee of constitutional reform in the state legislature is disposed to give the joint resolution proposing an amendment to the constitution to divide the supreme court into two branches a chance, notwithstanding supreme court judges are proposed against the measure. The committee was addressed Tuesday afternoon by J. W. M. Newlin, of the bar association, who drafted the recent amendment. He pleaded for a favorable report, and read a letter from Judge Agnew in support of the project. The committee unanimously decided to report the bill affirmatively.
