GILBERT'S LOVE-SONG OF THE TOM-TIT

The most successful, and certainly the prettiest, song in the new comic opera
"The Mikado" is the love-song of the tom-til.
It has become popular, and its refrain has already become a catch-phrase. The song runs:

On a tree by a river a little tom-tit Sang" willow, titwillow, titwillow?"

And I said to him, "Dicky-kird, why do you si Singing," willow, titwillow, titwillow?"

Is it weakness of intellect, birdie?" I cried, "Or a rather tough worm in your little inside?"

With a shake of his poor little head he replied "Oh willow, titwillow, titwillow."

He slapped at his chest, as he sat on that bough Singing "willow, titwillow, titwillow!"

And a cold perspiration bespangled his brow,
Oh willow, titwillow; titwillow!

He sobbed and he sighed, and a gurgle he gave,
Then he threw himself into the billow wave,
And an echo arose from the sulcide's grave—
"Oh Willow, titwillow, titwillow!"

Now I feel as sure as I'm sure that my name Isn't willow, titwillow, titwillow, That 'twas blighted affection that made him ex

Oh willow, titwillow, titwillow!" And if you remain callous and obdurate, I shall perish as he did, and you will know why Though I probably shall not exclaim as I die, "Oh willow, titwillow, titwillow!"

From the N. Y. Evening Post, Rep.
The contrast between 1885 and 1881 is in-

structive in many ways; but in none more so that in the light which it throws upon the kind of experience which best fits man for executive office. We heard a great deal during the campaign about Mr. Cleve land's inexperience in national politics, and the trouble which his unfamiliarity with methods and men at Washington would in-evitably bring upon him. Mr. Garfield had an abundance of the very experience which Mr. Cleveland lacked. He had spent his public life in Washington, and knew its men and its ways as well as any other man of his time; yet he was unable to overcome diffi-culties much less formidable than those which confronted Mr. Cleveland a month ago, but which have been surmequited almost which confronted Mr. Cleveland a month ago, but which have been surmounted almost without effort, and without party disaster. Long experience in Washington is more prolific of entangling alliances and obligations than of almost anything else, and instead of being a qualification for the presidency is a decided qualification. Mr. Cleveland's training, on the contrary—first as a lawyer, then as sheriff, mayor and governor—was precisely what has enabled him to rise so easily to the higher requirements of this the highest executive office.

Exciting Scene in a Theatre.

An exciting incident occurred at the performance of "Michael Strogoff" by the Haverly company at the Howard Athenseum Boston, on Monday night. At the close of the first act Charles A. Hasswin, who personated Michael Strogoff, came on the stage mounted upon a horse. The animal was nervous and edged toward the front of the stage, when the drop curtain was lowered, shutting him in between the curtain and the footlights. This further excited the animal, and in his prancings he fell over the footlights into the orchestra with his rider. The whole house was immediately in an uproar, and the attaches rushed to the scene as quickly as possible. Planks were laid to the stage and an attempt made to get the animal out of his singular position. He sprang upon the gangway, but first act Charles A. Hasswin, who personated position. He sprang upon the gangway, but again fell, this time catching the railing about the footlights with his fore feet. He then by a powerful effort drew himself upon the stage unburt. No one was injured, the only damage done being the demolition of a basa drum. Quiet was restored in the audience. drum. Quiet was restored in the audience and the play proceeded.

A YER'S SARSAPARILLA.

Indigestion's Martyrs.

Haif the diseases of the human family spring from a disordered stomach, and may be prevented by invigorating and towing that abused and neglected organ with Hostetier's Stomach Bitters. Let it be borne in mind that the liver, the kidneys, the intestines, the muscles, the ligaments, the bones, the nerves, the integuments, are all renewed and nourished by the blood, and that the digestive organs are the grand alembic in which the materials of the vital fluid are prepared. When the stomach falls to provide healthful nourishment for its dependencies, they necessarily suffer, and the ultimate result, if the evil is not arrested, will be chronic and probably fatal disease somewhere. It may developed in the kidneys in the form of diabetts, in the liver as congestion, in the muscles as rheumatism, in the nerves as paralysis, in the integuments as serofula. Remember, however, that each and all of these consequences of indigestion may be prevented by the timely regular use of that sovereign antidote to dyspepsia, Hostetter's Stomach Bitters.

Take Warning. At this season of the year when so many peo-ple become subject to attacks of billousness, kidney troubles, constipation and all the list of troubles that arise from being housed up, or that are brought on by cold and exposure, it is the part of prudence to take warning from the ex perience of others and provide ourselves with the means of escape from similar troubles. So wide is the fame of Kidney-Wort, that great remedy for all kidney and liver trouble, that almost every one knows of its great virtue for such cases. It should be kept in every household ready for an emergency.

A Baptist Ministers Experience.

"I am a Baptist minister, and before I ever thought of being a elergyman I graduated in medicine, but left a lucrative practice for my present profession, forty years ago. I was for many years a sufferer from quinsy. Thomas: Eelectric Oil ented we. I was also troubled with boarseness, and Thouges' Eelectric Oil always relieved me. My wite and child had diphtheria, and Thomas: Eelectric Oil cured them, and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate cold, or cough, and if any one will take a small teaspoon and half fill it with the Oil, and then place the end of the spoon into the head, by sniffing as hard as they can, until the Oil falls over into the throat, and practice it twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarth. For deafness and earache, it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have everfeit like recommending and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suffering with a pain like rheamatism in my right limb, and nothing relieves me like Thomas Eelectric Oil." Dr. E. F. Crane, Corry, Pa.
