CHARGED WITH A SERIOUS CRIME. Dr. Joshua Potts and Mrs. Elizabeth Ruhl in

Very Hot Water.
Dr. Joshua Petts and Mrs. Elizabeth Ruhl were arrested on Monday atternoon on warrants issued by Alderman Barr, charging them with attempting to commit an abortion on a young girl. The arrest was brought on a young girl. The arrest was brought about through information given to Chief Haines that something unusual was going on at the resudence of Mrs. Ruhl, No. 540 Woodward street. The chief and Alderman Barr visited the house yesterday afternoon and made inquiries as to a sick girl there. Mrs. Ruhl said there was not a sick girl in the house. The chief searched the house and found a young girl about to become a mother, in one of the upper rooms. Dr. Potts was also found in another room helding a consultation with the mother of the young girl. The mother claimed that the girl was brought to the house from a distance to hide her shame, but denied that any attempt at abortion had been made. Chief Haines served his warrants on Dr. Potts and Mrs. Ruhl and they entered bail in the sum of \$500 each for a hearing before Alderman Barr this afternoon. At that hour the cases were continued, as the commonwealth were not ready to go on.

OKLAHOMA NOT OPEN TO SETTLEMENT.

The Administration Determined to Protect the Indian Territory From Intrusion. Capt. Crouch, the leader of the Oklahoma "boomers," has had an interview with Secretary Lamar. Capt. Couch said he represented law-abiding citizens, who believed honestly that they are entitled to settle upon the Oklahoma lands, and who want an authoritative legal decision on the question whether the lands belong to the government and are open to settlement. He complained that attlemen have ranches to herds now on the land his people desire and settle upon. He denied that the Oklahoma settlers intend to go into the country in the face of the law.

What is it you wish?" asked Mr. "I want to know," said Capt. Crouch what course the administration has deter mined to pursue with reference to Oklahom

"Well, sir," replied the secretary, "I will state to you the policy of this administration with regard to this Oklahoms country. It considers the Oklahoma territory, on which considers the Oklahoma territory, on which the persons you represent are proposing to make settlements, as within and part of the Indian territory. The administration regards is as not a part of the public domain open to entry and settlement, and acquisition of titles under the land laws of the United States. Being Indian country—that is, territory acquired and reserved for Indian occupancy—the government is pledged to the protection of it and the security of the Indians from intruders. No white persons have the right to go there and reside without a permit, and when they do go they are intruders who are acting illegally and wrongfully. The policy of the president is to execute the pledge of the government and to protect this territory from the intrusion of white persons who claim that they have a right to enter upon it, and that it was public domain subject to preemption and homestead sentlements.

"Is that the final decision?" Asked Capt.

" Is that the final decision ?" Asked Capt. Crouch.
"It is, and will be enforced," replied Mr.

Lamar.

In reply to a further question Mr. Lamar determined that said the administration was determined that the cattle men on the Oklahoma reservation should leave. They will not be permitted to graze their cattle within the limits of that territory. He repeated this declaration with

Squire Samuel Evans and the Columbia police have an idea that they know the persons who were implicated in the robbery and attempted murder of Edward M. Linville, of Salisbury, some time ago, and they are now busily engaged in working up the case. What the results will be remains to be seen Yesterday morning George Watson, a colored man of Columbia, was brought to this city by Officers Wittick and Gilbert, and lodged in jail. It is alleged that he is one of the guilty parties.

The squire arrived in this city at 5:20 last evening, but declined to be interviewed in regard to what evidence had been obtained against the suspected men. He said, however, that he had left the officers on the mountain with instructions to remain until they had arrested the man for whom they were looking.
