

WESTMINSTER PRESBYTERY.

CONTINUATION OF THE SPRING SESSION IN COLUMBIA.

Resolutions to the Memory of a Deceased Elder and Prayers for One Who is Sick. Arrangements for Installing a Pastor of the Memorial Church.

Regular Correspondence of INTELLIGENCER.

COLUMBIA, April 15.—The Tuesday afternoon session of the presbytery was opened with the usual devotional services. After the report of the temperance committee had been completed and adopted, the presbytery went into a free conversation on the subject of religion, which was very interesting. Reports from the various churches of the presbytery, with reference to their financial and spiritual condition were encouraging, and took up a great part of the afternoon session.

At the close of the morning session, the report of the Columbia church, on motion of Rev. W. C. Carnes, a committee consisting of Revs. T. M. Crawford, C. W. Stewart and Elder George Russell, was appointed to draft resolutions on the death of H. B. Essick, an elder of the Columbia church.

Rev. H. E. Niles, in his report from the York church, stated that the venerable Samuel Small, of York, was now very ill, and by request, Rev. Crawford led the presbytery in prayer in his behalf.

The committee on narrative, was ordered to take note of the narrative of the presbytery in connection with the narrative. Rev. H. E. Niles, S. A. Martin and J. P. Barbour were appointed a committee of conference with the Carlisle presbytery, with reference to the transfer of churches on the borders of the respective presbyteries, and the stated clerk was directed to transmit this action to the stated clerk of the Carlisle presbytery, by telegram.

After devotion, reading of minutes, the report on home mission work within the boundaries of the presbytery, was presented by Rev. Dr. Stewart. The churches at Wrightsville, Stewartstown, Fallstown, Memorial in Lancaster, and Monaghan in Hanover, were recommended to the board of home mission for aid. It was also recommended that a missionary be sent to labor in Lebanon and vicinity. The entire report was accepted.

A call from the Memorial church in Lancaster, for the pastoral services of Rev. T. Thompson, was read, and in order and placed in the hands of Mr. Thompson and by him accepted. The churches at that installation be on April 23, at 7:30 p. m., and Dr. Mitchell should preach the sermon and deliver the charge to the pastor; Rev. E. W. Gaylord will deliver the charge to the congregation.

The overtures from the general assembly were taken up and discussed. A committee appointed at the last meeting of the presbytery, and all the overtures on the book of discipline were approved. Two overtures on judicial commission were introduced in the negative. The overtures on reduced representation were answered in the negative, as they did not sufficiently reduce the size of the assembly.

Rev. S. A. Martin asked that the pastoral relations between himself and Christ church, Lebanon, be dissolved. This was granted by the request, and the presbytery then granted the same, and adopted a resolution expressing regret that Bro. Martin feels constrained to give up his work at Lebanon.

BENSON'S RETURN TO LEBANON.

Admitted to Bail in \$4,500.—What He Thinks of His Treatment in Lancaster. The Lebanon Times states that John Benson, the absconding Lebanon lawyer, arrived in Lebanon at 625 Tuesday evening. A number of Benson's acquaintances who had heard of his arrival called and shook hands with him. The interviews in almost every case brought Benson to tears, and his sobbing at times were quite affecting. Benson conversed freely with his friends, and in alluding to his confinement in Lebanon, said that the police of that city were put upon his track by a resident of Lebanon whom he had accidentally met at the depot about 2 o'clock yesterday morning. He was daily specially denunciatory of the illegal and inhuman treatment to which he was submitted by the Lancaster authorities. He said that from 9 o'clock a. m. to 2 p. m. he was confined in one of the cells of the prison of that city that fairly overflowed with filth, producing an almost constant nausea from the effects of which he was still suffering. During this time, notwithstanding his frequent applications, he could neither get food nor drink. In this statement he was fully confirmed by Chief Leonard who avowed in addition that the action of the Lancaster authorities all through the case was simply scandalous.

Frequently while waiting in the justice's office Benson broke into violent sobbing, and by times he would utter words of complaint about the room evoked into a state of mental excitement bordering almost upon insanity. The amount of bail demanded by the justice was \$4,500, and he would not until near 10 o'clock that a sufficient number of bondsmen to meet that sum, put in an appearance.

The cases against him will be sent to the grand jury next week, but they will scarcely be tried before the August session.

An Arminian Convert. Rev. Garabed Negararian, an Arminian from Constantinople, who was converted to Christianity some years ago, under the missionary labors of the late Rev. Dr. Schneider, of the Reformed church, who was stationed in Constantinople at the time, will lecture this evening in the basement of the First Reformed church, this city. Subject: "How I became a Protestant Convert." The returned lecturer is a man of fine presence and education. He will appear in his native costume, which is quite picturesque, and will display some fine Turkish embroidery and other trappings, with which Lancaster ladies will no doubt be much pleased. There will be no charge for admission, but a collection for his expenses will be taken.

Bad Condition of Street Car Tracks. This morning a large wagon heavily loaded with stone, owned by William Westman, of Millerville, broke an axle in attempting to cross the street car track at West King and Prince street. The cars were unable to pass either way until the wagon was removed. At this point the track is several inches higher than the street and a large number of accidents have occurred to wagons in the past few months. No effort is made by the car company or the street commissioner to make repairs.

The Terrible Mishap That Befel Martin J. Cooper at Mountville. MOUNTVILLE, April 15.—Martin J. Cooper, who resides on the road leading from Mountville to the Marietta turnpike, about one and a half miles from Mountville, was fatally injured on Tuesday evening. Mr. Cooper was employed in Musser's tobacco warehouse at Mountville, and after quitting work in the evening, started for home by the way of the railroad, as was his usual custom. He was riding on a freight train, and was sitting in the rear of the train, when it struck another train which was coming in the opposite direction. The latter struck him, and he was thrown from his seat and severely injured. He was immediately taken to the necessary medical aid, but died in a poor man with a wife and two children.

The Barr-Wiley Case. Although the Barr-Wiley case has been settled by the agreement of the Wiley estate to pay Barr \$12,000, it is some time before it is determined who is to receive the money. John K. Foster, of Pittsburg, the trustee of a judgment held against Barr attached the \$12,000 in the hands of Wiley's executors and until this attachment is dissolved the money cannot be paid out. Barr claims that he transferred his claim against the Wiley estate to his wife, in consideration of money advanced to her by her father, and that she is entitled to the money. The matter will come before our court in the shape of a motion to dissolve the attachment.

Base Ball Notes. The uniforms of the Lancaster club, which have been described in the INTELLIGENCER, arrived yesterday and were put on exhibition in Coplan's window last evening. They are very pretty. On account of their stupid bad running the Nationals were defeated at home yesterday afternoon by the Athletics. The Capital city boys outplayed their opponents everywhere.

At the Station House. Three drunks and eight girls were the inmates of the station house last night. The drunks were old offenders—Julia Reilly, Agnes Boyd and James Ryan—and they were committed to prison. The lodgers were discharged. The lamps did not light, only one gas and three gas well lights falling to burn.

Going on With the Bending Box Works.

A contract has been made with the Consumers Gas company, of Reading, of which Messrs. Baumgardner, of this city, are the chief owners, with Mr. Maloney, manager of the Pennsylvania Globe Gas Light company and an experienced constructor, to build the new gas works of Reading between now and September, by which time they are to be ready to put in operation for the delivery of gas to consumers. The site for the works will be decided upon within the next few days, and the construction of the works entered into for an eligible lot. It is probable, however, that the new establishment will be located in the vicinity of the proposed shops of the Pennsylvania Schuylkill Valley railroad company.

An Expensive Item. Commodore Norman R. Kittson's new barn on his stud farm in Whitman township, Montgomery county, to take the place of the structure destroyed by fire last fall, is under way. The structure will be 200 feet long and 85 feet wide, and have attached a row of 175 by 50 feet. The contract price for building is \$48,000.

Robert J. Evans, attorney at law, charged with obtaining \$3,000 from Henry Speidel, one of the executors of the estate of Lorenz Speidel, by false pretenses and other means, waived a hearing on Tuesday at the office of Alderman Fordney, and entered bail in the sum of \$3,500, for trial at the April term of the quarter sessions court.

The earthquake which shook up Quarryville and vicinity on Monday forenoon seems to have traveled across the Susquehanna river, and the southern part of York county was "visibly affected." In Lower Chancery the ground beneath the feet of those observed at Quarryville.

Fourteen tramps, two of the number women, applied for lodging at Wakefield hotel, Lancaster county, a few nights since, and were stayed away in different lairs. They said they were bound for the "nashin' shores."

Amusements. "Storm Bitten" Tonight.—This evening Shook & Collier's excellent company will play "Storm Bitten" in the opera house, and they should have a large audience. The company is large, and they carry a whole carload of scenery, baggage, properties, &c. Edmund Collier appears in the leading character, and he will show another "Cheap Show"—Lancaster is to have more low-price shows, and on Friday evening Mrs. Emma Davidson will give a grand open air night's engagement in popular plays at 10 and 20 cents.

Philadelphia Produce Market. Philadelphia, April 15.—Flour market, including Minnesota, closed at \$2.40; Pennsylvania, \$2.40; Western do., \$2.35; patents, \$2.50. New York Stock Market. New York, April 15.—Stock market, 1:30 p. m.—Money 2 per cent. Exchange dull. Government strong. Currency 6 1/2, bid 6 1/4; 6/8, bid 1/2; 5/8, bid 1/4; 1/2, bid 1/4. The stock market was opened weak and feverish at a decline of 1/4 to 1/2 per cent. on the receipt of more specific advices from abroad. After the first call an active buying was begun of the whole list, which resulted in a sharp advance by midday. The buying was supplemented by a brisk covering on the part of the shorts, and at 1:30 p. m. were up 1/2 per cent. The market is now firm at the best figures.
