

KICKED TO DEATH.

TWO MEN UNDER THE IRON-ROD HOOPS OF A VICIOUS HORSE.

A Lower End Farmer Killed and His Uncle Terribly Injured in Their Horse Stable.

A Precipitation of Dread Calamities in the Fife Family.

Special to the INTELLIGENCER. QUARRYVILLE, April 20.—A terrible accident occurred on Saturday evening a short distance south of Oak Hill, in Little Britain township, by which one man lost his life and another was badly hurt.

Mr. S. H. S. owns a farm in that section, which was found to be terribly frightened by the noise of the gun, which was usually a very quiet beast; but the moment Mr. Fife entered the stable the horse struck at him with his front feet, threw him down and began cutting him.

The younger man caught the horse and he kicked him back with his head, and the man went into the stall to quiet the other, which was usually a very quiet beast; but the moment Mr. Fife entered the stable the horse struck at him with his front feet, threw him down and began cutting him.

The alarm men having made some outcry, by this time other assistance arrived and both the Fifes were carried out covered with blood. The older was found to be terribly bruised and had a leg broken; the younger was insensible and so remained until his death, which occurred inside of twelve hours.

There is another incident connected with this family which makes the tragedy still more sad. Miss Ada Fife, a cousin of Samuel Jr., came from her home in Philadelphia with Rev. J. B. Shumaker, who was visiting her on a visit to her relatives in this county.

There is much sympathy and sorrow among the people of this locality, over the afflictions of the Fife family. Accident to a Carpenter. On last Friday, Daniel Eberly, a carpenter, met with a singular and painful accident at the Johnson's in Quarryville.

DEATH OF A SUICIDE.

The Fatal Ending of the Jewish Rabbi's Rash Determination.

WILKESBARRE, April 20.—The suicide Dr. Stern died on Sunday morning. From the time when he was discovered lying unconscious on his bed, until he breathed his last, he did not for a moment become aware of what was going on about him.

Further letters have been found among his papers, in one of which he says: "I die because I do not care to live, and death is a final relief from a struggle which I cannot longer sustain. When I ended my last sorrow in Wilkesbarre, I said to my enemies, 'Forgive them, O God; they know not what they do.'" Then they did not understand me; perhaps they will understand me now.
